- (c) Notes are typically offered and sold to investors or dealers at par (without paying any sales commissions or deducting any discounts). Depending on market conditions, however, the issuer may from time to time pay the dealers sales commissions or sell notes less a discount from the purchase price. Since it is impracticable for the issuer to estimate whether any such commissions will be paid or discounts deducted over the life of the commercial paper program, for purposes of this Form D it has assumed that all notes will be sold at par.
