Report of Independent Registered Public Accounting Firm

To the Participants and Trustees of The Legg Mason Profit Sharing and 401(k) Plan and Trust

In our opinion, the accompanying statements of net assets available for benefits and the related statement of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of the Legg Mason Profit Sharing and 401(k) Plan and Trust (the "Plan") at December 31, 2003 and 2002, and the changes in net assets available for benefits for the year ended December 31, 2003 in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with the standards of the Public Company Accounting Oversight Board (United States) and auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

The Legg Mason Profit Sharing and 401(k) Plan and Trust

Notes to Financial Statements

December 31, 2003 and 2002

1. Description of Plan

The following description of the Legg Mason Profit Sharing and 401(k) Plan and Trust (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan which covers substantially all employees of Legg Mason Wood Walker, Incorporated, ("LMWW"), and affiliated participating companies (the "Company") and is subject to the provisions of the Employee Retirement Income Security Act ("ERISA"). An employee becomes eligible to participate in the Plan on their date of hire. A participant shares in employer contributions and forfeitures by completing 1,000 hours of service, as defined by the Plan, in a Plan year and being employed on the last day of the Plan year.

Contributions

Contributions by employees are voluntary and may be composed of all or any of the following:

- A. A rollover of accumulated deductible employee contributions as contemplated by Section 408(d)(3) of the Internal Revenue Code.
- B. A voluntary compensation deferral whereby the participant may elect to defer, in the form of Company contributions to the Plan on the participant's behalf, compensation that would otherwise have been paid to the participant during the Plan year. This compensation deferral, if elected, cannot be less than 1% nor more than 25% of the compensation that would otherwise have been paid to the participant during the Plan year. The maximum contribution percentage was increased to 50% on January 1, 2004.

The Company will contribute a matching contribution to all eligible employees equal to 50% of the employee's contribution up to 6% of such employee's annual earnings up to a maximum of \$2,500 per employee annually. The maximum contribution of \$2,500 was increased to \$3,000 in March 2004. Additionally, the Company may make discretionary profit sharing contributions to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of (a) the Company's contributions, (b) Plan earnings/losses, and (c) forfeitures of terminated participants' non-vested accounts. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

The Legg Mason Profit Sharing and 401(k) Plan and Trust

Notes to Financial Statements

December 31, 2003 and 2002

Vesting

Participants are immediately vested in voluntary contributions, rollover contributions, and income earned thereon. Participants will immediately vest in the Company's matching contribution only if they are eligible to receive one. Vesting in the Company's discretionary profit sharing contributions are based on years of continuous service as presented in the following chart:

Years of Service	Percentage Vested
less than 2	0%
2	25%
3	50%
4	75%
5	100%

A participant's account becomes 100% vested in the profit sharing contribution, regardless of years of service, at age 65 or in the event of permanent disability or death.

Payment of Benefits

Upon an employee's withdrawal from the Plan or a break in service of more than five years, any non-vested portion of a participant's account is forfeited and is reallocated to participants' accounts in the same proportion as the Company's contribution to the Plan attributable to the Plan year in which the forfeitures occurred.

Participants are entitled to a benefit equal to the vested portion of their account which will be distributed in the form of a lump sum payment unless the participant elects another option as provided by the Plan.

Loans to Participants

Participants are eligible to obtain loans from the Plan. Participants can borrow up to 50% of their vested account balance, but not more than \$50,000 less the highest outstanding loan balance during the preceding twelve months. Loan repayment periods range from one to thirty years. The loans accrue interest at a rate commensurate with prevailing rates as determined by the Plan. As of December 31, 2003 and 2002, interest rates on these loans ranged from 5.0% to 10.5%. The Company has the authority to deny plan loans to any director or executive officer to the extent necessary to conform to the Sarbanes Oxley Act of 2002. The Company has the right to discontinue the policy of extending loans to participants, however, it may not affect the terms or provisions of any loans outstanding at that time.

Administrative Expenses

The Company pays all of the administration and operations expenses of the Plan.

The Legg Mason Profit Sharing and 401(k) Plan and Trust

Notes to Financial Statements

December 31, 2003 and 2002

Fund Transfers

During 2003, two funds were eliminated from the Plan: Scudder Technology Class A and the Legg Mason Europe Institutional Fund. All balances in these two funds were automatically moved to the following funds unless directed otherwise by the participants:

Transfer Date	Transfer From	Transfer To
June 17	Scudder Technology Class A	NorthTrack PSE Tech 100 Index Fund
May 16	Legg Mason Europe Institutional Fund	Legg Mason International Equity Institutional Fund

As a result of these transactions, \$2,871,202 was directed by the Company into the two new funds listed above.

2. Significant Accounting Policies

A. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

B. Investments Valuation and Income Recognition

Plan investments are stated at fair value. Shares of registered investment companies are reported at their stated net asset value per share and shares of common stock are valued at quoted market prices. Unit values of the common stock fund are based on the quoted market price of common stock held by the fund, along with cash equivalents. Participant loans are valued at cost plus accrued interest, which approximates fair value. Purchases and sales of securities are reflected on a trade date basis.

Dividend income is recorded on the ex-dividend date. Dividends earned from mutual fund investments and the Legg Mason Common Stock Fund are reinvested into additional shares of those funds. Dividends earned from Legg Mason stock are reallocated to other funds based on current investment elections. Interest income is accrued as earned.

The Plan presents, in the statement of changes in net assets available for plan benefits, the net appreciation in the fair value of its investments, which consists of realized gains and losses, and the change in the unrealized appreciation or depreciation of those investments during the Plan year.

C. Contribution

Employee contributions are recorded in the period during which the Company makes payroll deductions from the Plan participants' earnings. Company contributions are made annually and recorded in the period to which it relates.

D. Payment of Benefits

Benefits are recorded when paid.

The Legg Mason Profit Sharing and 401(k) Plan and Trust
Notes to Financial Statements
December 31, 2003 and 2002

E. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of additions to and deduction from Plan assets during the reporting period. Actual results could differ from those estimates.

F. Risks and Uncertainties

The Plan provides for investment options in mutual funds. Investment securities held by mutual funds are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

G. Investment Options

Upon enrollment in the Plan, a participant may direct his/her account balance into any of the investment options listed on the schedule of assets (held at end of year).

Participants may change their investment options and transfer amounts between funds daily.

3. Employer Contribution

The Company approved discretionary contributions for 2003 and 2002 of \$19,387,105 and \$17,249,262, respectively. The Company made matching contributions aggregating \$6,361,902 in 2003 and \$6,127,060 in 2002. These Company contributions were transferred to the Plan subsequent to December 31 of each year, and accordingly, are included in contributions receivable in the financial statements.

4. Investments

The following presents investments that represent five percent or more of the Plan's net assets.

	December 31, 2003	December 31, 2002
Legg Mason Special Investment Trust, Institutional Class, 2,273,426 and 2,233,981 shares, respectively	\$ 113,353,036	\$ 73,229,897
Legg Mason Cash Reserve Trust, 40,196,540 and 35,222,455 shares, respectively	40,196,540	35,222,455
Legg Mason Value Trust, Institutional Class, 3,235,132 and 3,156,993 shares, respectively	203,425,090	136,918,786
Legg Mason Opportunity Trust, Institutional Class, 4,172,004 and 3,453,560 shares, respectively	57,365,058	28,353,727
Templeton World, Class 1, 1,480,707 and 1,470,001 shares, respectively	-	18,948,313

The Legg Mason Profit Sharing and 401(k) Plan and Trust
Notes to Financial Statements
December 31, 2003 and 2002

During 2003, the Plan's investments at fair value (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

Mutual funds	\$154,109,891
Common stock investments	15,860,233
	<u>\$ 169,970,124</u>

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts.

6. Income Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated March 5, 2004, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

7. Forfeitures

Terminating members of the Plan are paid the current value of the vested balance in their plan account as soon as administratively feasible. Unvested amounts are forfeited and reallocated to continuing participants in the year in which they are forfeited. For the year ended December 31, 2003, forfeitures were \$615,683. Forfeitures are allocated in subsequent years based on the respective profit sharing allocations.

8. Other Matters

The Plan invests in shares of Legg Mason, Inc. common stock which qualifies as a party-in-interest transaction, through two plan alternatives, one of which is a unitized fund consisting primarily of shares of the common stock of Legg Mason, Inc. The other consists of common stock transferred in from an old plan. Sales of \$1,381,257 of Legg Mason, Inc. common stock were made during 2003. There were no purchases of Legg Mason, Inc. common stock. The market value of Legg Mason, Inc. common stock at December 31, 2003 was \$11,541,811.

Cash balances maintained by the Plan and the Legg Mason, Inc. common stock directly owned by the Plan are held by LMWW in interest bearing investment accounts. The shares of common stock held by the unitized Legg Mason Common Stock Fund are held by a third party custodian.

The Legg Mason Profit Sharing and 401(k) Plan and Trust
Notes to Financial Statements
December 31, 2003 and 2002

Sales of 9,775,462 and purchases of 10,407,941 of the Legg Mason Common Stock Plan units were made during 2003. The market value of the Legg Mason Stock Plan at December 2003 was \$27,546,270.

LMWW serves as distributor for the Legg Mason Funds held by the Plan. Additionally, certain affiliated participating and non-participating companies act as manager or investment advisor for the Legg Mason Funds. The Legg Mason Funds in the Plan qualify as a party-in-interest.

9. Subsequent Events

Effective January 1, 2004, the plans assets of Legg Mason Real Estate Services ("LMRES"), a wholly owned subsidiary of the Company, merged into the Plan. Assets of \$3,267,824 were transferred into the Plan on January 17, 2004. The Company will continue to operate its real estate investment group, therefore, those employees retained became eligible to participate in the Plan on January 1, 2004.

On February 17, 2004, the Company elected to close the AIM Global Growth Fund and merge with the Templeton World Fund. Participants were given the option of moving their investments into other Plan investments. On February 18, 2004, \$797,280 was moved by the Company into the Templeton World Fund on behalf of those participants who did not elect an alternative Plan investment.

On February 17, 2004, the Company elected to replace the Alliance Premier Growth Fund and MFS Research Fund with the American Growth Fund of America and Davis Opportunity Fund, respectively. On February 17, 2004, \$2,121,485 and \$4,528,917 was moved by the Company into the American Growth Fund of America and Davis Opportunity Fund, respectively, on behalf of those participants who did not elect an alternative Plan investment.
