REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Participants and Plan Administrator of the
GlobalSantaFe 401(k) Plan
Houston, Texas

We have audited the accompanying statement of net assets available for benefits of GlobalSantaFe 401(k) Plan as of December 31, 2003, and the related statement of changes in net assets available for benefits for the year then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit. The financial statements of the Plan as of December 31, 2002 were audited by other auditors whose report dated July 14, 2003, expressed an unqualified opinion on those statements.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of GlobalSantaFe 401(k) Plan as of December 31, 2003, and the changes in its net assets available for benefits for the year then ended, in conformity with accounting principles generally accepted in the United States.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

GLOBALSANTAFE 401(k) SAVINGS PLAN
Notes to Financial Statements
December 31, 2003

1. Description of the Plan

The following brief description of the GlobalSantaFe 401(k) Savings Plan (the "Plan"), formerly the GlobalSantaFe Savings Incentive Plan, is provided for general informational purposes only. For more complete information, participants should refer to the "Savings and Retirement" section of the GlobalSantaFe Employee Benefits Handbook, to the "GlobalSantaFe 401(k) Savings Plan" document and other documents, as amended, constituting a prospectus under the Securities Act of 1933, and to the Plan document, as amended and restated.

General

The Plan is a defined contribution plan covering all employees who are on the U. S. payrolls of the Plan sponsor, GlobalSantaFe Corporate Services Inc. ("GSFCSI"), and of each Participating Employer, as defined in the Plan. Eligible employees may begin participating in the Plan on the first calendar day of the month following the month of employment. The Plan is subject to certain provisions of the Internal Revenue Code of 1986 and the provisions of the Employee Retirement Income Security Act of 1974.

GSFCSI is a wholly-owned subsidiary of Global Marine Inc. ("Global Marine"). On November 20, 2001, Santa Fe International Corporation ("Santa Fe International") and Global Marine consummated a business combination with the merger (the "Merger") of an indirect wholly-owned subsidiary of Santa Fe International with and into Global Marine, with Global Marine surviving the Merger as a wholly-owned subsidiary of Santa Fe International. In connection with the Merger, Santa Fe International was renamed GlobalSantaFe Corporation ("GlobalSantaFe").

Effective July 1, 2002, the GlobalSantaFe Savings Incentive Plan was renamed the GlobalSantaFe 401(k) Savings Plan, and the assets of the formerly separate GlobalSantaFe Investment Savings and Profit Sharing Plan were merged with and into the Plan. This merger had no material effect on existing Plan provisions.

A separate account (the "Pension Offset Account"), included in the Plan's net assets available for benefits at December 31, 2002, is maintained for each participant in the Plan who was also a participant in the former Profit Sharing and Retirement Plan For The Employees of the Santa Fe International Corporations (the "Santa Fe Profit Sharing Plan"). The Pension Offset Account includes each participant's proportionate share of Santa Fe International's prior contributions to the Santa Fe Profit Sharing Plan and the related investment earnings thereon as of the time that this plan was discontinued. No employer or participant contributions are currently permitted to be made to this account and participants may not direct the investment of their remaining fund balances until either retirement or termination of employment (see Note 4). In the event a participant becomes eligible for retirement benefits under the GlobalSantaFe Retirement Plan for Employees (the "Pension Plan"), such benefits will be funded initially through amounts in his or her Pension Offset Account, and any excess amounts will be funded through the Pension Plan's net assets.

Contributions

Each participant may elect to defer, in any whole percent, a portion of his or her compensation for each pay period, from a minimum of one percent to a maximum of six percent, as a pretax basic contribution. Each participant may also elect to defer, in any whole percent, an additional one to 19 percent of his or her compensation for each pay period as a pretax excess contribution, provided however, that the combined total of

GLOBALSANTAFE 401(k) SAVINGS PLAN
Notes to Financial Statements

the pretax basic contribution and the pretax excess contribution cannot exceed 25 percent of compensation. The employer matches dollar for dollar each participant's pretax basic contribution. The employer does not make matching contributions on pretax excess contributions. Each participant's annual contribution shall not exceed the maximum amount allowed for deferral for U.S. federal income tax purposes, which, for 2003, was \$12,000.

The amount of a participant's annual compensation that may be taken into account for purposes of determining the amount of the employer match or for any other purpose under the Plan shall not exceed an amount prescribed annually by the Internal Revenue Service ("IRS"). The prescribed amount was \$200,000 for 2003. Each participant's employee and employer accounts are fully vested and nonforfeitable at all times.

Effective July 1, 2002, eligible participants who are age 50 or older at the end of the calendar year and who have contributed the maximum amount for deferral for U.S. income tax purposes may elect to defer additional "catch-up" amounts as pretax contributions into the Plan through payroll deductions. The catch-up contribution limit for 2003 was \$2,000.

Account Valuation and Payment of Benefits

Participant account balances are valued as of the close of each business day. Participants are eligible for a distribution following termination of service, financial hardship, as defined by the Plan, or attainment of age 59 1/2. Participants or beneficiaries will receive their benefits in a single lump-sum distribution. Hardship withdrawals are limited to participant contributions and earnings thereon as of December 31, 1988, plus pretax contributions, catch-up contributions and after-tax contributions, excluding earnings thereon, made thereafter.

Investment Options

Participants may elect to have their employee and employer contributions invested in one or more of the investment options listed below. Each of the Fidelity funds listed below, with the exception of the Managed Income Portfolio, is an open-end, diversified management investment company managed by Fidelity Management & Research Company ("FMRC"). The Managed Income Portfolio is a common collective trust with investments managed by Fidelity Management Trust Company ("FMTC"). 2. Summary of Significant Accounting Policies

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP").

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits at the date of the financial statements and the changes in net assets available for benefits during the reporting period, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

The Plan's investments are stated at fair value. Shares in the funds managed by FMRC, FMTC, The Vanguard Group and Mellon Capital Management were valued based on their quoted closing net asset values per share at the dates presented. The GlobalSantaFe ordinary shares were valued at the quoted closing market price per share at the dates presented. Participant loans were valued at amortized cost, which approximated fair value. Purchases and sales of shares were recorded on a trade-date basis.

The net appreciation or depreciation presented in the statement of changes in net assets available for benefits consists of realized gains or losses on shares redeemed or sold during the year and the net change in unrealized appreciation or depreciation on shares held at year end.

Custodial and record-keeping fees charged by FMTC, the Plan's trustee, are paid by GSFCSI and are not charged to the Plan. Participant loan initiation and maintenance fees are paid by the respective participants who initiated the loans. These fees are classified as "Administrative expenses" in the Statement of Changes in Net Assets Available for Benefits. No charge was made to the Plan for GSFCSI's applicable administrative costs.

One of the investment options offered under the Plan is managed by FMTC, which is the trustee as defined by the Plan. The mutual fund investments of the Plan are managed by FMRC, an affiliate of FMTC, or Strategic Advisors, Inc., a subsidiary of FMRC. Purchases and sales of shares of funds managed by FMTC and FMRC are therefore considered exempt party-in-interest transactions by the U.S. Department of Labor.

6. Tax Status

The Plan is designed to constitute a qualified plan under section 401(a) of the Internal Revenue Code ("IRC") and is not subject to federal income taxes. The IRS issued its most recent favorable determination letter on November 27, 2002, in which the IRS stated that the GlobalSantaFe Savings Incentive Plan was in compliance with the applicable requirements of the IRC. This letter, however, did not address whether the Plan, as amended and restated, satisfies the requirements of section 401(a) of the IRC, as amended by the Economic Growth and Tax Reconciliation Act of 2001. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of the Plan's assets held for investment per the financial statements to Schedule H of Form 5500:
