Attached is an announcement made by Singapore Telecommunications Limited on the above.

Submitted by Chan Su Shan (Ms), Company Secretary on 21/05/2004 to the SGX

'yes'
OPTUS

21 May 2004

**SingTel announces takeover offer by Optus for Uecomm
Uecomm independent directors unanimously recommend
acceptance of Optus' offer**

Singapore Telecommunications Limited ("**SingTel**") today announced that SingTel Optus Pty Limited ("**Optus**") intends, through a subsidiary Optus Networks Pty Limited, to make an off-market takeover offer for all of the ordinary shares in Uecomm Limited ("**Uecomm**"). Optus is offering cash consideration of 40 cents per share ("**Offer Price**").

The transaction would involve total net consideration offered by Optus of \$226.8 million.

"We believe the offer represents excellent value to all Uecomm shareholders, and recognises the progress made by Uecomm over the past 12 months. I am pleased that Uecomm's Independent Directors have unanimously recommended that shareholders accept the Optus offer," Mr Paul O'Sullivan, the incoming Optus Chief Executive said.

Immediately prior to announcing the takeover, Optus signed an agreement with Alinta Limited ("**Alinta**") whereby it secured options¹ to acquire up to 20% of Uecomm shares outstanding at an exercise price of 32.5 cents per share payable in cash. Alinta also intends (subject to no higher offer being publicly announced or made to Alinta) to accept Optus' offer for its remaining 46% shareholding, which by virtue of the agreement between Optus and Alinta, will result in Alinta effectively receiving 32.5 cents cash per share. Additional information on the agreement with Alinta is set out in Appendix 1 to this announcement.

Peter Shore, independent chairman of Uecomm, said "Optus' offer delivers a substantial premium to Uecomm's current and recently traded share price. It is the opinion of the Independent Directors that the Optus offer represents good value for all shareholders."

"Uecomm's Independent Directors unanimously recommend that Uecomm shareholders accept the Optus Offer of 40 cents per share (in the absence of a superior proposal)."

The Offer Price of 40 cents per share represents:

- A 15.9% premium to the Uecomm closing share price on 18 May 2004 (the last full day of trading before Uecomm shares were placed in a trading halt) of 34.5 cents;
- A 22.5% premium to the 1 month volume weighted average price of Uecomm shares of 32.7 cents; and
- A 17.3% premium to the 3 month volume weighted average price of Uecomm shares of 34.1 cents.

¹ The first option allows Optus to acquire 15% of Uecomm's issued share capital less one share. The second option, which is subject to the Treasurer of the Commonwealth of Australia consenting to the acquisition of Uecomm by Optus under the terms of the *Foreign Acquisitions and Takeovers Act 1975* (Cth), allow Optus to acquire a further 5% of Uecomm's issued share capital.

For Uecomm's minority shareholders, the Offer Price of 40 cents per share is equivalent to:

- An implied enterprise value to EBITDA multiple of 12.9 times Uecomm's actual reported EBITDA for the year ended 31 December 2003²; and
- An implied enterprise value to EBITDA multiple of 8.7 times Uecomm's forecast EBITDA for the year ended 31 December 2004³.

Paul O'Sullivan, incoming Optus Chief Executive, said Uecomm is a strong growth company and is a natural complement to Optus' existing businesses.

"We recently announced our intention to drive continued growth and improvement across all lines of business and our bid to acquire Uecomm is another move in that direction.

"Uecomm's network footprint in Sydney, Melbourne, Brisbane and the Gold Coast, its provision of high bandwidth data services, its focus on ethernet technology and its emphasis on serving the corporate mid-market will strengthen Optus' offerings to corporate customers," Mr O'Sullivan said.

"Customers of both companies will benefit from the acquisition through greater focus and an improved range of services at competitive prices. Uecomm's customers are important to us and their services will not be interrupted.

"In the event we are successful in acquiring 100% of Uecomm, Optus intends to retain Uecomm as a stand-alone channel to focus on mid-sized corporates (50-500 employees).

Optus and Uecomm have entered into an implementation agreement under which the parties have agreed to cooperate to implement Optus' offer. This agreement contains "no shop" and "no talk" clauses, consistent with market practice. Additional information on the implementation agreement with Uecomm is set out in Appendix 2 to this announcement.

Optus' offer is conditional upon a 65% minimum acceptance level, and other conditions common in takeovers which are described in Appendix 3 to this announcement. If all of the conditions of the offer have been fulfilled or the offer has been declared by Optus to be free of all such conditions, Optus will also acquire from Alinta the \$80 million debt facilities outstanding to Uecomm, drawn to \$54.0 million as at 31 March 2004, and indemnify or procure a release of Alinta from its obligations under a guarantee facility. The net cash consideration offered by Optus, its breakdown and factors taken into account in arriving at the consideration are set out in Appendix 4 to this announcement.

The latest market value of Uecomm is \$228.2 million⁴. This figure includes net debt of \$52.4 million.

² Based on actual 2003 EBITDA of \$20.2 million sourced from Uecomm 2003 full year results presentation, 521.3 million shares outstanding (includes 509.5 million issued shares, 10.3 million options and 1.5 million performance rights) and net debt of \$52.4 million (being the debt outstanding of \$54.0 million, accrued interest to 19 May 2004 of \$1.7 million and cash at bank of \$3.3 million as at 31 March 2004).

³ Based on forecast 2004 EBITDA of approx. \$30 million sourced from Uecomm 2003 full year results presentation, 521.3 million shares outstanding (includes 509.5 million issued shares, 10.3 million options and 1.5 million performance rights) and net debt of \$52.4 million (being the debt outstanding of \$54.0 million, accrued interest to 19 May 2004 of \$1.7 million and cash at bank of \$3.3 million as at 31 March 2004).

⁴ \$0.345 per share at close of 18 May 2004.

Optus will fund the proposed takeover of Uecomm from free cash flows.

Detailed information in relation to Optus' offer will be set out in its bidder's statement which will be lodged with ASIC and provided to relevant stock exchanges. Uecomm shareholders should receive a combined bidder's and target's statement in around five weeks.

Payment will be despatched 7 business days after the later of the date of acceptance and the bid becoming unconditional.

Background on Uecomm

Uecomm is a leading provider of fibre broadband data services to government, large corporations and other carriers and telecommunications service providers. Uecomm's network is among the most advanced fibre optic networks in the world. The widespread CBD and greater metropolitan reach makes the data network one of the most extensive in Australia. Products offered by Uecomm range from ATM, MetroFibre, MetroWave (DWDM) and its flagship Ethernet product. Products are delivered at speeds of up to multiple gigabits per second. Uecomm was established in 1997 and listed on the Australian Stock Exchange (ASX: UEC) in September 2000. For further information visit the Company's web site www.uecomm.com.au.

Appendix 1 Agreement with Alinta

Optus today entered into an agreement with Uecomm's major shareholder, Alinta. Alinta holds approximately 66% of all of the Uecomm shares on issue. Under the agreement:

- Alinta has granted Optus options to acquire up to 20% of Uecomm shares on issue. Each option has an exercise price of 32.5 cents a share, and can be exercised by Optus at any time after its offer is unconditional (other than the 65% minimum acceptance condition).
- If the 65% minimum acceptance condition is satisfied and the offer is unconditional, Optus will acquire the debt facility provided by Alinta to Uecomm (and drawn to \$54 million as at 31 March 2004) for \$45.9 million plus accrued but unpaid interest and any further amounts drawn down at the time of the acquisition of the debt facility.
- If the 65% minimum acceptance condition is satisfied and the offer is unconditional, Optus will indemnify Alinta from any obligation or claim in relation to the guarantee facility provided by Australia and New Zealand Banking Group Limited to Uecomm (under which Alinta guarantees the performance of Uecomm's obligations) until such time Optus procures for Alinta a release of its obligations under the facility.
- If the 65% minimum acceptance condition is satisfied and the offer is unconditional, Alinta must pay to Optus a rebate that has the effect of reducing the price Alinta receives for each of its shares to 32.5 cents (unless that amount is increased by Optus but not to more than the offer price).
- Alinta must pay a break fee to Optus if Optus does not secure 65% of Uecomm by the end of the offer period or if Alinta is in material breach of the agreement. The break fee is \$2.25 million.
- Alinta undertakes not to solicit any competing proposals for Uecomm and to notify Optus if it is approached by any person in respect of a competing proposal for Uecomm. These restrictions apply for up to 4 months unless the agreement is terminated sooner.

Appendix 2 Implementation Agreement with Uecomm

Optus today entered into an agreement with Uecomm under which:

- Optus agrees to make offers under a takeover bid at A\$0.40 for each Uecomm share.
- Uecomm agrees to endeavour to ensure that the conditions to the bid are satisfied.
- Optus will bid at fair value for all options in Uecomm if Optus acquires more than 90% of all Uecomm shares under the bid.
- Optus and Uecomm will prepare the formal takeover bid and response. Uecomm will use its best endeavours to ensure that its target statement includes:
 - an unanimous recommendation by the Independent Directors to Uecomm shareholders to accept the offer in respect of all of their Uecomm shares subject to no superior proposal being announced; and
 - a statement by each Independent Director that that director intends to accept the offer in respect of all Uecomm shares held by that director or any associate of that director subject to no superior proposal being announced.
- Uecomm must take certain action to facilitate the assignment to Optus of the Alinta debt facility outstanding to Uecomm.
- Uecomm represents to Optus that it is not in discussions, and will not hold discussions, with any other party in relation to any proposal to acquire more than 20% of Uecomm, or to take an assignment of the Alinta Uecomm debt ('Competing Proposal'). Uecomm also promises not to seek or facilitate any enquiries about any Competing Proposal, or to allow any third party to conduct due diligence on Uecomm. These restrictions are subject to a drop dead date of two months after the start of Optus' bid. Some of the restrictions are also subject to a fiduciary duty carve out.

which has or is reasonably likely to have a material adverse effect on the business, financial or trading position or condition, or the assets, liabilities, profitability or prospects of Uecomm since 31 December 2003 other than changes, events or conditions publicly announced or publicly disclosed by Uecomm prior to the date of the announcement of the bid.

in consequence of or otherwise relating to the bid (other than a determination by ASIC or the Takeovers Panel in exercise of the powers and discretions conferred by the *Corporations Act 2001* (Cth) or if the regulatory action results from action or inaction of Optus or its associates relating to the bid) which:

- (iv) restrains or prohibits or otherwise materially adversely impacts upon the making of the bid or the completion of any transaction contemplated by the bidder's statement (including the acquisition of Uecomm shares) or which threatens to do so; or
- (v) seeks to require or approve the divestiture of any assets of any company within Uecomm group or the Optus group.

Each of the conditions in each paragraph and sub-paragraph above is a separate and independent condition.

The condition in paragraph 1(a) is a condition precedent to any contract resulting from the acceptance of the offer coming into effect. The other conditions are conditions subsequent and do not prevent a contract resulting from acceptance of the offer from coming into effect but any breach or non-fulfilment of them entitles Optus to rescind any contracts resulting from acceptance of the offer.

Media Release

Optus announces recommended cash offer for Uecomm

Optus announced today an off-market cash bid for all of the ordinary shares in Uecomm. Optus is offering 40 cents cash per share to shareholders.

The transaction would involve total net consideration offered by Optus of \$226.8 million.

Optus has signed an agreement with Alinta under which it has options to acquire up to 20 per cent of Uecomm from Alinta at 32.5 cents per share. Alinta also intends (subject to no higher offer being publicly announced or made to Alinta) to accept Optus' offer for its remaining 46 per cent shareholding.

Peter Shore, Independent Chairman of Uecomm said the Optus offer delivers a substantial premium to Uecomm's current and recently traded share price.

"It is the opinion of the Independent Directors that the Optus offer represents good value for all shareholders. Uecomm's Independent Directors unanimously recommend that Uecomm shareholders accept the Optus offer of 40 cents per share (in the absence of a superior offer)."

Paul O'Sullivan, incoming Optus Chief Executive, said Uecomm is a strong growth company and is a natural complement to Optus' existing businesses.

"We recently announced our intention to drive continued growth and improvement across all lines of business and our bid to acquire Uecomm is another move in that direction.

"Uecomm's network footprint in Sydney, Melbourne, Brisbane and the Gold Coast, its provision of high bandwidth data services, its focus on ethernet technology and its emphasis on serving the corporate mid-market will strengthen Optus' offerings to corporate customers," Mr O'Sullivan said.

"Customers of both companies will benefit from the acquisition through greater focus and an improved range of services at competitive prices. Uecomm's customers are important to us and their services will not be interrupted.

"In the event we are successful in acquiring 100 per cent of Uecomm, we intend to retain Uecomm as a stand-alone channel to focus on mid-sized corporates with 50 to 500 employees.

"We believe the offer represents excellent value to all Uecomm shareholders. And I am pleased that Uecomm's Independent Directors have unanimously recommended that shareholders accept the Optus offer," Mr O'Sullivan said.

Media Release

For Uecomm's minority shareholders, the Offer Price of 40 cents per share is equivalent to:

- An implied enterprise value to EBITDA multiple of 12.9 times Uecomm's actual reported EBITDA for the year ended 31 December 2003¹; and
- An implied enterprise value to EBITDA multiple of 8.7 times Uecomm's forecast EBITDA for the year ended 31 December 2004².

The bid is subject to a number of conditions including Foreign Investment Review Board approval and the ACCC having no objection.

If all of the conditions of the offer have been fulfilled, Optus will also acquire from Alinta the debt facilities outstanding to Uecomm, drawn to \$54 million as at 31 March 2004 at a 15 per cent discount to face value.

Detailed information on Optus' offer will be set out in its bidder's statement which will be lodged with ASIC and the Australian and Singaporean stock exchanges.

Uecomm shareholders should receive a combined bidder's and target's statement within five weeks. The offer will remain open for one month.

Optus will fund the bid from free cash flow.

¹ Based on actual 2003 EBITDA of \$20.2 million sourced from Uecomm 2003 full year results presentation, 521.3 million shares outstanding (includes 509.5 million issued shares, 10.3 million options and 1.5 million performance rights) and net debt of \$52.4 million (being the debt outstanding of \$54.0 million, accrued interest to 19 May 2004 of \$1.7 million and cash at bank of \$3.3 million as at 31 March 2004).

² Based on forecast 2004 EBITDA of approx. \$30 million sourced from Uecomm 2003 full year results presentation, 521.3 million shares outstanding (includes 509.5 million issued shares, 10.3 million options and 1.5 million performance rights) and net debt of \$52.4 million (being the debt outstanding of \$54.0 million, accrued interest to 19 May 2004 of \$1.7 million and cash at bank of \$3.3 million as at 31 March 2004).
