CIMENTS FRANCAIS HOLDS 40% OF SUEZ CEMENT AFTER THE TENDER OFFER

Paris, 30 December 2004 – At the end of the validity term of the Public Tender Offer for Suez Cement Company, Ciments Français (Italcementi Group) - which launched the bid with a consortium of international investors on 6 December 2004 – has received an amount of 3,733,788 shares, equal to 5.8% of Suez Cement Company's capital.

In accordance with the rules governing the Offer, Ciments Français has decided to acquire the shares brought into the bid.

Despite not holding an absolute majority of share capital (Ciments Français' shareholding has now risen from 34.1% to 39.9%), Ciments Français confirms its commitment to Suez Cement Company.

After the result of the Offer, Italcementi Group reaffirms its willingness to remain one of the leading investor on the cement market in Egypt and a strategic partner of Suez Cement Company, a role which it stepped into as far back as 2001 when the Egyptian government appointed it to set up the privatization process.
