## SPC ARDMONA SHAREHOLDERS OVERWHELMINGLY SUPPORT CCA ACQUISITION PROPOSAL

**Sydney, 3 February 2005:** Coca-Cola Amatil (CCA) advises that today SPC Ardmona Ltd (SPC Ardmona) shareholders have voted to support the proposed acquisition of SPC Ardmona by CCA.

SPC Ardmona have advised that they will apply to the Supreme Court of Victoria for approval of the scheme of arrangement between SPC Ardmona and its shareholders, with the Court hearing scheduled for Friday, 11 February 2005.

Mr. Terry Davis, Managing Director of CCA, said: "We welcome the overwhelming support the proposal received from SPC Ardmona shareholders. In my discussions with many of the grower shareholders in SPCA, it was clear that they share our enthusiasm for the growth opportunity this acquisition will create. CCA has already been able to capitalize on the growing trend by Australian consumers to increasingly look to balance their day with products that refresh and with those that also cater for their health and wellbeing. The increasingly busy lifestyle of consumers is leading them to seek out more innovative options in both ready-to-eat food and beverages. This has been particularly evident in our beverage business with the very strong growth recorded in 2004 for Mt. Franklin bottled water, diet Coke, Powerade and more recently fresh juice.

"The acquisition of SPC Ardmona provides an opportunity to accelerate the product and package innovation capability of SPCA for its leading brands of Goulburn Valley, SPC and Ardmona in both the ready to eat packaged fruit and beverage sector" Mr. Davis said.

In addition to the SPC Ardmona shareholder approval, CCA has received formal confirmation from the ACCC, the FIRB and the ASX that they have no objection to the proposed acquisition.

CCA will release its 2004 full year results on Thursday 10 February.

Yours faithfully

D A Wylie  
Secretary
