**PEYTO ENERGY TRUST ANNOUNCES ADDITIONAL  
2004 UNITED STATES TAX INFORMATION**

CALGARY, ALBERTA - Peyto Energy Trust ("Peyto") announces additional guidance regarding the 2004 tax treatment of unitholders in the United States.

For the 2004 taxation year, Peyto has made the election to be treated as a corporation for United States ("U.S.") income tax purposes. In addition, Peyto's trust units should be treated as equity under U.S. tax laws. As a corporation, we believe we will also be considered a Qualified Foreign Corporation ("QFC") for U.S. income tax purposes. The taxable portion of the trust distributions for U.S. income tax purposes is determined based upon Peyto's current and accumulated earnings & profits ("E&P") as determined in accordance with U.S. income tax law.

Subject to advice from your legal and tax advisors, we recommend that you reference this press release as support for your treatment of the 2004 distributions from Peyto.

With respect to cash distributions paid in 2004 to United States unitholders, 85.049% percent would be reported as qualified dividends and 14.951% percent would be reported as non-taxable return of capital.

We encourage you to actively visit Peyto's website located at [www.peyto.com](http://www.peyto.com). For further information, please contact Donald T. Gray, President and Chief Executive Officer of Peyto at (403) 261-6077.
