RUSSIAN KID GOLD PROPERTY TO MIRABEL**

Rouyn-Noranda, Quebec, **GLOBEX MINING ENTERPRISES INC.** (GMX: Toronto Stock Exchange) is pleased to announce that it has signed a Letter of Intent with **Mirabel Resources Inc.** (RMB: TSX-V) whereby Mirabel can acquire 100% interest in Globex's Russian Kid Gold Mine property in Dasserat Township, Quebec.

Terms of the agreement are as follows:

- (1) Upon signature of the Letter of Intent, a non refundable cash payment of CDN \$10,000.
- (2) Upon signature of the final Option to Purchase agreement which must be signed on or before May 29, 2005, a cash payment of CDN \$240,000 and the issuance of 500,000 Mirabel shares to Globex.
- (3) Within 12 months of the signature of the final option to purchase agreement or upon the pouring of the first ounce of gold from the property, a further cash payment of CDN \$250,000 and the issuance of 500,000 Mirabel shares to Globex.

Net Metal Royalty is defined as the designated percentage of metal and is not subject to any costs or charges whatsoever.

The Russian Kid Gold Mine property is a drill defined gold zone that has been accessed and sampled underground via a 2700 foot ramp and 3 levels. A non NI 43-101 conformable historical resource of 1,124,532 tons grading 0.247 oz/ton Au was calculated in 1984 by Asselin, Benoit, Boucher, Ducharme, Lapointe, Inc. (ABBDEL-TECSULT).

Globex is particularly happy to have reached an agreement with Mirabel Resources Inc. who have exclusive use of a patented technology called thermal fragmentation which should be especially cost effective in mining narrow high grade quartz vein systems such as those at the Russian Kid property.
