**FOR IMMEDIATE RELEASE**

**TSX Symbol: CIX**

### **CI Fund Management reports net sales of \$598 million for March**

TORONTO (April 1, 2005) – CI Fund Management Inc. (“CI”) reported today that its subsidiary CI Mutual Funds Inc. had gross sales of \$1.1 billion and net sales of \$585 million for March 2005 – its third-best month ever.

CI subsidiary Assante Wealth Management had gross sales of \$112 million and net sales of \$13 million in its funds.

CI Fund Management’s total net sales for March were \$598 million.

“We are pleased with the continued momentum in our results. Our sales are benefiting from strong returns across our fund lineup, as seen in CI’s industry-leading number of five-star funds,” said Stephen A. MacPhail, Executive Vice-President, Chief Operating Officer and Chief Financial Officer.

Morningstar Canada reported in March that CI Mutual Funds continued to lead its ranking of five-star funds. CI Mutual Funds had 63 funds with the top rating at February 28, 2005, while its nearest competitor had 20. These totals include all funds with Morningstar ratings. In addition, one Assante Artisan Portfolio has a five-star rating, while the Assante Optima Strategy Pools are not rated by Morningstar.

CI’s total fee-earning assets at March 31, 2005, were \$68.8 billion, representing a slight decrease of 1.2% from a month ago and an increase of \$7.0 billion or 11.3% from one year ago.

Fee-earning assets consisted of managed assets of \$48.7 billion and administered/other assets of \$20.1 billion. Managed assets included investment fund assets at CI Mutual Funds and Assante of \$47.4 billion, labour-sponsored funds of \$188 million and structured products/closed-end funds of \$1.1 billion. Administered/other assets of \$4.7 billion included institutional assets at BPI Global Asset Management LLP, which generate fees for CI, and \$15.4 billion in assets under administration at Assante and IQON Financial Management Inc. (net of assets under management at Assante), which generate fees for those companies.

Further information about CI’s assets and sales can be found below in the tables of unaudited statistics and at [www.cifunds.com](http://www.cifunds.com) under “Financial Reports” in the Corporate section.

CI Fund Management Inc. (TSX: CIX) is an independent, Canadian-owned wealth management company. Through its principal operating subsidiaries, CI Mutual Funds Inc., Assante Corporation and Skylon Advisors Inc., CI offers a broad range of investment products and services, including an industry-leading selection of investment funds.

### **FOR IMMEDIATE RELEASE**

#### **Bank of Montreal Skylon Y.I.E.L.D. Notes™, Series 1 provide up to an 11% coupon based on a portfolio of 10 leading Canadian companies**

TORONTO (April 1, 2005) – Skylon Advisors Inc. today announced the launch of Bank of Montreal Skylon Y.I.E.L.D. Notes, Series 1, a 6.6-year note that pays a 5% coupon at the end of 2005 (which represents the equivalent of an annual rate of interest of 7.9%) and has the potential to pay an annual variable coupon of up to 11% over the remaining six years of the notes. The notes are principal protected if held to maturity.

The variable interest, if any, is linked to the price performance of a diversified basket of equally weighted securities of 10 Canadian issuers that are leaders in their respective sectors.

“Investors have the opportunity to benefit from the quality and well-recognized names in the portfolio, the potential attractive yield and the principal protection that the structure of the notes provides,” said David R. McBain, President and Chief Executive Officer of Skylon Advisors.

Annual interest on the notes, if any, will equal the simple average of the return of the 10 securities in the portfolio on the annual calculation date. When there is positive price performance on the annual calculation date of the notes by a security in the portfolio in relation to its price on the issue date of the notes, that security’s return will be deemed to be 11%. Any negative or zero return as compared to the price on the issue date by any of the securities on the annual calculation date is counted as its actual return.

If every security’s price return remains positive, each annual interest payment will be 11%. If the price of each security has not increased or the simple average is zero or negative, there will be no interest payable for that period.

Yearly payout from the notes in 2006 through 2011 may be up to 11% and will equal the average return of the 10 securities. The annual coupon will not exceed 11% and may be zero. There is no management fee for the notes or for the underlying portfolio.

Bank of Montreal Skylon Y.I.E.L.D. Deposit Notes, Series 1 are fully eligible for registered plans. Series 1 is available through most financial advisors and is on sale until May 6, 2005. The issue price is \$100 per note, with the minimum investment being \$2,000. The principal amount of the notes will be repaid to investors at maturity. The fluctuation in the value of the portfolio will directly impact the interest, if any, payable on the notes. The complete terms of the offering are set out in an Information Statement, which can be obtained by investors from their advisors. Information about the notes is also available at [www.skyloncapital.com/yielddepositnotes](http://www.skyloncapital.com/yielddepositnotes). The above is not investment advice or an offering of the notes, and investors should consult their investment advisor before making an investment decision.

## FOR IMMEDIATE RELEASE

### **Les Billets Y.I.E.L.D.<sup>MC</sup> - Banque de Montréal Skylon, série 1, offrent un coupon à taux variable pouvant atteindre jusqu'à 11 %, basé sur un portefeuille de 10 sociétés canadiennes de premier ordre**

TORONTO (Le 1<sup>er</sup> avril 2005) – Skylon Advisors Inc. a annoncé aujourd'hui le lancement des Billets Y.I.E.L.D. - Banque de Montréal Skylon, série 1, un placement d'une durée de 6,6 années comprenant un coupon de 5 % encaissable à la fin de 2005 (qui représente donc un taux d'intérêt annuel de 7,9 %) et qui a le potentiel de payer un coupon annuel à taux variable pouvant atteindre jusqu'à 11 % pour chacune des six années suivantes. Le capital des Billets est garanti à 100 % à l'échéance.

L'intérêt variable, le cas échéant, est lié au rendement d'un panier diversifié composé à pondération égale de titres de 10 sociétés canadiennes qui sont chefs de file dans leurs secteurs respectifs.

« Les investisseurs auront l'occasion de profiter de la qualité et renommée des sociétés qui composent le portefeuille, du potentiel d'un rendement attrayant et de la protection du capital qu'offre la structure des Billets », a déclaré David R. McBain, président et chef de la direction de Skylon Advisors.

L'intérêt annuel sur les Billets, le cas échéant, sera équivalent à la moyenne simple des rendements des 10 titres du portefeuille, à la date anniversaire de l'émission. Le rendement de tout titre sous-jacent dont le cours, à la date anniversaire de l'émission des Billets, est supérieur à son prix d'achat sera réputé être de 11 %. Le rendement de tout titre sous-jacent dont le cours, à la date anniversaire de l'émission des Billets, est inférieur ou égal à son prix d'achat sera réputé être son rendement réel.

Si le rendement de chacun des titres composant le portefeuille est positif, la valeur du coupon annuel sera de 11 %. Si le rendement de chacun des titres composant le portefeuille n'affiche aucun changement ou la moyenne simple fournit une valeur nulle ou négative, aucun intérêt ne sera payable pour la période en question.

Le rendement annuel des Billets, de 2006 à 2011, pourra atteindre 11 % et sera égal au rendement moyen des 10 titres. Le taux d'intérêt du coupon annuel ne pourra donc pas être supérieur à 11 %, et il pourrait être nul. Aucun frais de gestion ne s'applique aux Billets, ni au portefeuille sous-jacent.

Les Billets Y.I.E.L.D. - Banque de Montréal Skylon, série 1, sont 100 % admissibles aux régimes enregistrés. La série 1 est disponible par l'entremise de la plupart des conseillers financiers et sera en vente jusqu'au 6 mai 2005. Le prix d'émission est de 100 \$ par Billet et le placement minimum s'élève à 2 000 \$. À l'échéance des Billets, l'émetteur procédera à la remise

# ***Communiqué***

---

du capital aux investisseurs. La fluctuation de la valeur du portefeuille aura un impact direct sur les intérêts payables sur les Billets, le cas échéant. Les investisseurs peuvent se procurer le document d'information auprès de leur conseiller financier afin de connaître l'intégralité des modalités de l'offre. Des renseignements au sujet des Billets se trouvent aussi sur le site [www.skyloncapital.com/yielddepositnotesf](http://www.skyloncapital.com/yielddepositnotesf). L'information qui précède n'est pas un conseil en placement ni une offre se rapportant aux Billets. Les investisseurs devraient donc consulter leur conseiller en placement avant de prendre toute décision de placement.

Skylon Advisors Inc. est une firme de services financiers destinée à fournir aux Canadiens une sélection innovatrice d'options de placement d'excellente qualité, y compris des produits structurés et les fonds d'investissement de travailleurs du Groupe VentureLink. Skylon est une filiale en propriété exclusive de CI Fund Management Inc. (TSX : CIX), une société de gestion de placements indépendante sous contrôle canadien, qui gère un actif rapportant des commissions de 69,9 milliards de dollars le 28 février 2005.

« Billets Y.I.E.L.D. » et « Yield and Income Enhanced Linked Deposit Notes » (Billets de dépôt à revenu et rendement améliorés) sont des marques déposées de BMO Nesbitt Burns Corporation Limited, utilisées aux termes d'une licence.

## ***News Release***

FOR IMMEDIATE RELEASE

TSX Symbol: CIX

### **CI announces new name for its lineup of tax-efficient funds**

TORONTO (April 29, 2005) – CI Mutual Funds Inc. (“CI”) announced today that it is changing the name of CI Sector Fund Limited to CI Corporate Class Limited, effective May 2, 2005. All of the share classes within CI Corporate Class Limited will carry the designation “Corporate Class” instead of “Sector Fund.”

CI Corporate Class is a mutual fund corporation with 44 share classes and approximately \$5.3 billion in assets at March 31, 2005. The corporate structure is known for fostering tax-efficient investing, including the ability to switch between classes without triggering a taxable event. Such techniques are not available with traditional mutual fund trusts.

“The CI Corporate Class name is a better fit with the structure of the funds and the powerful tax-efficient strategies they offer investors,” said Peter W. Anderson, CI President and Chief Executive Officer.

Under the change, the 44 fund classes within the corporate structure will be called “corporate class.” For example, CI Global Value Sector Fund is being renamed CI Global Value Corporate Class.

CI was the first company to establish this corporate structure for mutual funds when it introduced CI Sector Fund Limited in 1987. Today, the 44 corporate class funds represent most of CI’s key mutual fund portfolios, including Canadian, U.S. and global equities, as well as a number of income funds such as Signature High Income Fund. Most recently, in March 2005, CI introduced a corporate class version of its popular Signature Income & Growth Fund, an income-oriented balanced fund that pays a monthly distribution targeted to represent a 7% annual yield.

CI Corporate Class is tax efficient for investors in non-registered portfolios because the corporate structure allows investors to switch between classes without triggering capital gains (or losses). The taxable event occurs only when the investor redeems from the overall corporate class structure. As a result, investors within CI Corporate Class can defer taxes, boosting the long-term growth of their portfolios. Through the corporate structure, CI also has successfully minimized annual taxable distributions in these funds. In the case of income classes, distributions are retained, effectively converting highly taxed interest income into capital gains, which attracts a much lower rate of tax. More information can be found at [www.cifunds.com/corporateclass](http://www.cifunds.com/corporateclass).

CI is a wholly owned subsidiary of CI Fund Management Inc. (TSX: CIX), an independent, Canadian-owned wealth management firm with approximately \$68.8 billion in fee-earning assets as of March 31, 2005. Through its principal operating subsidiaries, CI Mutual Funds Inc., Assante Corporation and Skylon Advisors Inc., CI Fund Management offers a broad range of investment management products and services, including an industry-leading selection of investment funds. CI is on the Web at [www.cifunds.com](http://www.cifunds.com).
