CONNECTED TRANSACTIONS

The directors of NWD and NWSH are pleased to announce that on 14 June 2005, (1) Hip Hing (Macau), entered into (as management contractor) a Management Contractor Agreement with ATDL (as developer) in respect of the Construction Work for the Project for a service fee of approximately HK\$27 million; and (2) according to the Management Contractor Agreement, Hip Hing (Macau) entered into (as management contractor) a Sub-contractor Construction Agreement with Vibro (Macau) (as sub-contractor) in respect of the Piling Work of the Project for a value of approximately MOP87.8 million (approximately HK\$83.4 million).

As at the date of this announcement, 40% of the equity interest in ATDL is held by Cheung Hung while the remaining 60% of the equity interests in ATDL are held by Independent Third Parties. Each of CTF Group and the Cheng Family hold 48.75% equity interests in Cheung Hung. The remaining 2.5% of the equity interest in Cheung Hung is held by an Independent Third Party. CTF is the controlling shareholder of NWD while NWD is the holding company of NWSH. As such, ATDL is a connected person of each of NWD and NWSH. Hip Hing (Macau) is an indirect wholly owned subsidiary of NWSH which in turn is an indirect non-wholly owned subsidiary of NWD. Thus, the Management Contractor Agreement constitutes a connected transaction for both NWD and NWSH under the Listing Rules. Vibro (Macau) is an indirect non-wholly owned subsidiary of NWSH which in turn is also an indirect non-wholly owned subsidiary of NWD. According to the arrangements of the Management Contractor Agreement, ATDL will make payments to Hip Hing (Macau) and Hip Hing (Macau) will make payments to Vibro (Macau) under the terms of the Sub-contractor Construction Agreement; and Vibro (Hong Kong) will issue a performance guarantee to ATDL. As such, the Sub-contractor Construction Agreement constitutes a connected transaction for both NWD and NWSH under the Listing Rules.

Since the percentage ratios involved are less than 2.5% for both NWD and NWSH, the transactions fall within Rule 14A.32 of the Listing Rules and are subject only to reporting and announcement requirements as set out thereunder.

Particulars of the Management Contractor Agreement, the Sub-contractor Construction Agreement and certain other relevant information are given in this announcement in accordance with the Listing Rules requirements.

Vibro (Macau) as sub-contractor

- Scope of the services to be provided by Vibro (Macau) : including managing, constructing, contracting, coordinating and supervising the Piling Work.

- Payment : the consideration is payable by ATDL to Hip Hing (Macau) in stages according to the progress of the Piling Work. Then Hip Hing (Macau) will pay Vibro (Macau) according to the arrangements in the Management Contractor Agreement and the Sub-contractor Construction Agreement.
- Condition : there is no condition precedent to this agreement.
- Completion : Piling Work is expected to be completed by September 2006.

C. REASONS FOR THE CONNECTED TRANSACTIONS

The Project involves the development and construction of a 55-storey super deluxe residential, hotel and entertainment complex building with apartments, amenities and a shopping area called “Arc de Triomphe, Macau” located at Novos Aterros do Porto Exterior (新口岸外港填海區), Macau.

Hip Hing (Macau) has been carrying on business as a building contractor for various key construction projects. It has a good track record, is equipped with valuable experience and has a strong commitment to quality. Both the NWD Board and the NWSH Board believe that being the management contractor for the Project is a business opportunity beneficial to Hip Hing (Macau). Hip Hing (Macau)’s expertise in contracting, managing, coordinating and construction fulfils ATDL’s high requirements for the qualifications and experience of the management contractor for the Project.

The service fees payable pursuant to the Management Contractor Agreement are based on the current estimated cost of the Construction Work. Thus Hip Hing (Macau) will not bear the risks associated with volatility of material and labour costs. Hip Hing (Macau) will be reimbursed by ATDL under the Management Contractor Agreement for costs and disbursements incurred in the Project. As such, Hip Hing (Macau) will not bear the financial risk for the management and construction of the Project.

Vibro (Macau), through a competitive tender process, was appointed as the sub-contractor to carry out the Piling Work. Vibro (Macau) has been carrying on business as a piling work contractor for various key projects and has a good track record and

extensive experience. Both the NWD Board and the NWSH Board believe that this is a business opportunity beneficial to Vibro (Macau). Vibro (Macau)'s expertise in piling work fulfils ATDL's requirement and emphasis on the qualifications and experience of a contractor for the Piling Work of the Project.

Each of the NWD Board and the NWSH Board (including their respective independent non-executive directors) consider that the Management Contractor Agreement and the Sub-contractor Construction Agreement have been entered into on normal commercial terms that are no less favourable than terms available from independent third parties and that are fair and reasonable and in the interests of both the NWD Group and the NWSH Group and their respective shareholders as a whole.

D. INFORMATION REGARDING NWD GROUP AND NWSH GROUP

The NWD Group is principally engaged in property development, property investments, hotel and infrastructure investments, services, telecommunications and technology business, primarily in Hong Kong and the PRC. NWD is the controlling shareholder of the NWSH Group.

The NWSH Group's principal businesses include: (i) investment in and/or operation of facilities, contracting and transport; and (ii) development, investment, operation and/or management of power plants, water treatment and waste management plants, roads as well as container terminals.
