Press Information

**Vienna International Airport:
Outstanding traffic results for the first half of 2005.
Over 7 million passengers handled for the first time.**

Vienna International Airport handled 7,270,874 passengers during the first six months of 2005, which represents an increase of 7.3%. This growth was supported by good development in the low-cost segment, which now generates nearly 13% of total volume, as well as a 41.3% rise in travel to the Near East and Middle East and a plus of 10% in traffic to Eastern Europe.

Maximum take-off weight (MTOW) rose 7%, flight movements increased 4.9% and cargo volume grew 7.9% during the reporting period.

Solid development in all traffic segments during June.

The number of passengers increased 9.1% to 1,494,015 in June. Flight movements rose 4.5% and maximum take-off weight (MTOW) recorded a plus of 5.1%. Cargo turnover was 8.2% higher. Long-haul traffic showed different development in the scheduled and charter segments. Positive results were reported in travel to the USA (+17.4%) and Far East (+12.6%). The Near East and Middle East again ranked first with an increase of 31.9%.
