CTEEP - Companhia de Transmissão de Energia Elétrica Paulista
Open Capital Company - CNPJ 02.998.611/0001-04

RELEVANT FACT

CTEEP – Companhia de Transmissão de Energia Elétrica Paulista, according to the Instruction CVM No. 358/2002, makes public further information about Plan “A”- retirement benefits, created according to the Law 4819/58. This plan refers to employees hired until May 13, 1974, and it is mentioned on note 22.1 to the financial statements of the Company as of december 31, 2004. The financial resources necessary to the expenses of this plan are supported by the Government of the State of São Paulo, according to the agreement signed by the State Secretariat of Finance and the Company, on December 10, 1999, valid until December 31, 2003. This procedure was implemented regularly until December 2003 by Fundação CESP, with financial resources from the State Secretariat of Finance transferred by means of the Company. In January 2004, the State Secretariat of Finance started the direct procedure of payments of the plan, without the participation of the Company and Fundação CESP.

A judicial decision of 49th Court of Labor of São Paulo was informed to the Company on July 11, 2005 (process 1339/2005-1) conceding provisory decision for ordering Fundação CESP to resume the payments of the plan connected to the Law 4.819/58, observing its specif rules, in the same way implemented until December 2003, using financial resources transferred by the Company. The 49th Court of Labor of São Paulo, on July 13, 2005, conceded a period of 60 days for the execution of such decision. There is also on the site of the Regional Court of Labor in São Paulo an abstratct of similar decision (process SDC – 20058200400002000), of June 30, 2005, determining Fundação CESP, with financial resources transferred by the Company, to pay the benefits of the plan related to the Law 4.819/58 the same way Fundação CESP used to do before; such decision has not been published yet and neither the Company has been formally informed about such decision.

In order to implement the mentioned judicial decisions, CTEEP must monthly require the necessary financial resources from the State Secretariat of Finance of São Paulo, to transfer it to the Fundação CESP that has to process the payments to the beneficiaries. The mentioned decisions refer to approximately 6,500 beneficiaries, with monthly expenses about R\$23 million that, according to CTEEP understanding, must be supported by the State of São Paulo, the same way implemented until december 2003. Consequently, CTEEP will continue to act in the mentioned judicial process demanding the responsibility of the State of São Paulo for such expenses, according the the applicable legislation.
