September 29, 2005

On September 29, 2005 the Uralsviazinform Board of Directors took decision on placing of the monetary bond issue of 06 series.

Characteristics of the securities: non-convertible interest-bearing documentary bearer bonds of 06 series with obligatory centralized custody (further referred to as "Bonds").

The quantity of securities to be placed and par value of each bond: 2,000,000 (two million) bonds with par value of RUR 1,000 (one thousand).

The bonds' overall nominal value amounts to RUR 2 bn.

The bonds will be placed through a public subscription.

Maturity terms of the bond issue:

The bonds are redeemed sequentially in installments on following terms:

- on the 1456th day from the date of placement each Bond is redeemed partially in the amount of 20% of the bond issue par value,
- on the 1638th day from the date of placement each Bond is redeemed partially in the amount of 20% of the bond issue par value,
- on the 1820th day from the date of placement the each Bond is redeemed partially in the amount of 20% of the bond issue par value,
- on the 2002nd day from the date of placement the each Bond is redeemed partially in the amount of 20% of the bond issue par value,
- on the 2184th day from the date of placement the each Bond is redeemed partially in the amount of 20% of the bond issue par value.

Each part of the Bonds par value is redeemed by the Paying agent by order and at the expense of the Issuer.

If the date on which the part of the Bonds par value is to be redeemed falls on a day-off (irrespective of its being either a public day-off or a banking day-off), the pay-off of a due amount is to be executed on the first working day following the day-off. The Bondholder doesn't have a right to demand charging of interest or any other compensation for such a delay in pay-off.

Other provisions of placement determined by the Decision on placement:

The price of Bonds placement is equal to the Bonds par value – RUR 1000; from the second day of Bonds placement on, the buyer, when performing Bonds purchase and sale transaction, repays the accumulated coupon income (ACI) as well.

- $ACI = Nom * C * ((T - T_0) / 365) / 100\%$

where

ACI - accumulated coupon income, RUR.;

Nom – par value of a Bond, RUR.;

C – interest rate on the first coupon, annual interest;

T – the date of Bonds placement, on which ACI is calculated;

T₀- the date on which Bonds placement is initiated;
