**Vestas receives another order for V90-3.0 MW wind turbines in Portugal**

The Vestas Group has been awarded a turnkey contract for the Alvelos Pinhal Wind Farm comprising 18 units of the V90-3.0 MW wind turbine. The order has been awarded by Generventos do Pinhal Interior, Energias Renováveis, Lda, a company owned by Generg, S.G.P.S., S.A., which is one of the largest renewable energy promoters in Portugal.

The project is located in the municipality of Oleiros, district of Castelo Branco. Installation and commissioning of the 54 MW wind park will take place during 2006.

*"We are very satisfied that Generg once again has chosen Vestas as supplier," says Ebbe Funk, President of Vestas Mediterranean West and adds: "The order confirms our expectations to the Portuguese market as well as strengthens our position in the market."*

The positive expectations to the Portuguese market are based on account of the Portuguese authorities' long-term plans for sustainable energy. During the spring of 2005, the target for wind energy in Portugal was increased from 3,750 MW to 4,400 MW by 2010.

The above order does not affect the Vestas Group's expectations for 2005, cf. Stock exchange announcement No. 28/2005 of 25 August 2005.

Any questions may be addressed to the President of Vestas Mediterranean West, Ebbe Funk, phone +34 93241 9800 or IR manager at Vestas Wind Systems A/S, Michael Nielsen, phone +45 9730 0000.

Yours sincerely  
**Vestas Wind Systems A/S**

Ditlev Engel
