For release at 9.00am on 2 November 2005

Vedior is pleased to announce it has acquired an 80% interest in Delta Pharma, Inc. and Delta Solutions, Inc. ("Delta" or "the Company"). Delta Pharma, Inc. provides life sciences recruitment solutions to assist the clinical trials/certification process within the pharmaceutical and biotechnology industries while Delta Solutions, Inc. provides specialist IT staffing and consultancy services principally aimed at the life sciences market.

Zach Miles, Vedior's Chief Executive said, *"I am very pleased to add this highly qualified and fast growing niche to Vedior's portfolio. Delta fits neatly into the diverse spectrum of professional/executive and traditional recruitment services we offer in the US particularly complementing our existing Clinical One and Locum Medical Group healthcare brands. We look forward to assisting Delta with its national development plans and enabling them to leverage value from being part of the Group."*

Established in 1996, the Company achieved unaudited annual sales to 31 October 2005 of \$18.0 million (€14.2 million). Headquartered in Chicago, Delta supports clinical trials throughout the US providing clients with the ability to streamline clinical trials through expertise within key practice concentrations including clinical research, data management, clinical support & clinical development.

In addition, Delta's Clinical Solutions Group provides offsite monitoring, medical writing and data management.

Delta's existing management team will continue to develop the Company. The outstanding 20% interest will remain with management of the Company with Vedior having the right to acquire these shares in due course.
