Redflex Communications signs AU\$1.4M European Secure Defence Contract

12 December 2005. The Directors are pleased to announce that Redflex Communications Pty Ltd., a wholly owned company of the Redflex Group, has been awarded a firm fixed price contract valued at AU\$1.4 million to provide a secure communication system to a NATO defence force. Redflex has been requested not to disclose the specific identity of the end customer.

Redflex is subcontracted to a European systems integration company to supply this system. This contract represents the fifth such system of Redflex's Generation III product to be used by an international defence force and Redflex's second defence system in Europe. Peter Harrison, General Manager of Redflex Communications said "The contract provides further evidence of industry acceptance of Redflex's Generation III product. The Switchplus product has been specifically designed to address the secure communications segment of the defence market space. Redflex's Generation III product will be in operation in five countries by mid 2006."

This system is scheduled for delivery in May 2006.

Switchplus[®] is the core product of Redflex Communications and is used in Air Traffic Control, high security Military Operations Centres and other Command and Control and Public Safety applications around the world. Redflex Communications, with facilities in Melbourne, Australia and the Washington, DC area of the USA, is a leading communications systems integrator for transportation, defence and public safety application worldwide.

The Redflex Group has principal offices in Australia and the USA and representatives on all continents.

New Contract – Griffin, Georgia

09 December 2005: The Directors are pleased to announce that Redflex Traffic Systems Inc., a company of the Redflex Group, has been awarded a new USA build-own-operate-maintain contract to improve public safety with a red light photo enforcement program with the City of Griffin in the State of Georgia. Griffin has a population of 23,000 and is located in the south east Atlanta metro area.

The contract is for an initial term of two years with up to nine successive two-year renewal options. Redflex will deliver fixed red-light enforcement systems for up to 10 intersections. The actual quantity of approaches delivered will be based on mutual agreement between Redflex and the City as warranted by community safety and traffic needs.

Redflex Traffic Systems Inc, based in Scottsdale Arizona, has contracts with 93 cities in 11 countries. In the USA, Redflex is the largest provider of digital red light photo enforcement services with contracts in 77 cities and towns across 15 states and has led the market in installed systems, installation rate, and market share over the past 12 months.
