Darwood Associates Inc.

Gentlemen:

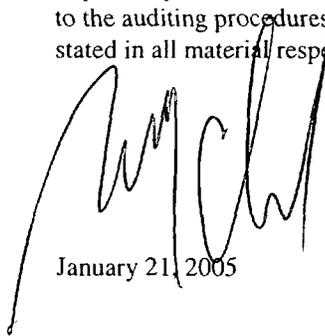

I have audited the accompanying statement of financial condition of Darwood Associates Inc. (the "Company") as of December 31, 2004 and the related statements of income (loss), changes in ownership equity, changes in liabilities subordinated to claims of general creditors, and cash flows for the year then ended that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted this audit in accordance with generally accepted auditing standards, including a review of the system of internal control and procedures for safeguarding securities. There were no material inadequacies in the internal control of the Company.

Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the financial statements referred to above, present fairly, in all material respects, the financial position of Darwood Associates Inc. as of December 31, 2004, and the results of their operations and their cash flows for the year then ended in conormity with accounting principles generally accepted in the United States.

My audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedules I, II, III, and IV is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subje3cted to the auditing procedures applied in the audit of the basic financial statements and, in my opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

The Company has a current tax liability \$1,315 consisting of \$1,315 for various state and local liabilities and a \$200 Federal liability. No deferred asset or liability exists because the only differences between the Company's book and tax income are permanent in character with the exception of a \$1,537 capital loss carryforward. Since the utilization of that carryforward is contingent upon the realization of capital gains which may or may not materialize, no deferred asset has been created.
