SAFIR SECURITIES, INC.
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2004

Note 1 - Nature of Business

Safir Securities, Inc. (The "Company") is a New York State corporation formed in 1993, for the purpose of conducting business as a broker on the floor of the New York Stock Exchange. The Company is registered as a broker-dealer with the Securities and Exchange Commission ("SEC").

Note 2 - Summary of Significant Accounting Policies

a) *Revenue Recognition*

Securities transactions (and the recognition of related income and expenses) are recorded on a trade date basis. Commission income and related expense are recorded on a settlement date basis. There is no material difference between settlement date and trade date.

b) *Income Taxes*

The Company has elected to be treated as an "S" Corporation under the provisions of the Internal Revenue Code and New York State tax regulations. Under the provisions, the Company does not pay federal or state corporate income taxes on its taxable income. Instead, the stockholder is liable for individual income taxes on his respective share of the Company's taxable income. The Company continues to pay New York City general corporation taxes.

c) *Cash and Cash Equivalents*

The Company considers demand deposited money market funds to be cash equivalents. The Company maintains cash in bank accounts which, at times, may exceed federally insured limits or where no insurance is provided. The Company has not experienced any losses in such accounts and does not believe it is exposed to any significant credit risk on cash and cash equivalents.

d) *Equipment*

Equipment is carried at cost and is depreciated over a useful life of 5-7 years using accelerated methods.

e) *Use of Estimates*

Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, and the reported amounts of revenues and expenses.

Note 3 - Commitments

Seat Lease

The Company leases two seats on the New York Stock Exchange. The first lease expires December 31, 2005 and calls for payments of \$7,500 per month. The second lease expires December 31, 2012 and calls for payments of \$12,000 per month.

SAFIR SECURITIES, INC.
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2004

Note 3 - Commitments (continued)

Arbitration Claim

The Company is involved in an arbitration claim filed by a former employee. The employee claims he was a part owner of the Company and seeks among other things payment of the fair market value of his claimed interest in the Company, unpaid compensation, costs of the arbitration and punitive damages.

To date, the parties have exchanged discovery requests and have agreed to arbitration hearing dates, commencing April 5, 2005 (subject to the as yet to be appointed, arbitration approval of such dates).

Management is vigorously defending and intends to continue to vigorously defend against the claim and believes there exists strong meritorious defenses to the claim.

However, a modest unfavorable outcome is possible and while the exact amount of this possible loss is not known, a reasonable estimate, based on information currently available, is a range of \$1 to \$30,000.

Note 4 - Financial Instruments with Off-Balance Sheet Credit Risk

As a securities broker, the Company is engaged in buying and selling securities for a diverse group of institutional and individual investors. The Company introduces these transactions for clearance to another broker-dealer on a fully disclosed basis.

The Company's exposure to credit risk associated with non-performance of customers in fulfilling their contractual obligations pursuant to securities transactions can be directly impacted by volatile trading markets which may impair the customer's ability to satisfy their obligations to the Company and the Company's ability to liquidate the collateral at an amount equal to the original contracted amount. The agreement between the Company and its clearing broker provides that the Company is obligated to assume any exposure related to such non-performance by its customers. The Company seeks to control the aforementioned risks by requiring customers to maintain margin collateral in compliance with various regulatory requirements and the clearing broker's internal guidelines. The Company monitors its customer activity by reviewing information it receives from its clearing broker on a daily basis, and requiring customers to deposit additional collateral, or reduce positions, when necessary.

SAFIR SECURITIES, INC.
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2004

Note 5 - Net Capital Requirement

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 1500%. At December 31, 2004, the Company had net capital of \$284,993, which was \$275,252 in excess of its required net capital of \$9,741. The Company's net capital ratio was 51.26%

A copy of the Firm's statement of Financial Condition as of December 31, 2004, pursuant to SEC Rule 17a-5, is available for examination at the Firm's office and at the regional office of the SEC.
