INDEPENDENT AUDITOR'S REPORT

The Board of Directors,
HKS & Company, Inc.

I have audited the accompanying balance sheet of HKS & Company, Inc. as of December 31, 2004, and the related statements of income, retained earnings, and cash flows for the year then ended. These financial statements are the responsibility of HKS & Company, Inc.'s management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with generally accepted auditing standards. Those standards require that I plan and perform the audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe my audit provides a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of HKS & Company, Inc. as of December 31, 2004, and the results of its operations and its cash flows for the year then ended are in conformity with generally accepted accounting principles.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL

The Board of Directors,
HKS & Company, Inc.

In planning and performing my audit of the financial statements and supplemental schedule of HKS & Company, Inc. ("HKS") as of and for the year ended December 31, 2004, I considered its internal control, including control activities for safeguarding securities, in order to determine my auditing procedures for the purpose of expressing my opinion on the financial statements and not to provide assurance on internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that I considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-5(g)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because "HKS" does not carry securities accounts for customers or perform custodial functions relating to customer securities, I did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons
2. Recordation of differences required by Rule 17a-13
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of "HKS" is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives.

Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which "HKS" has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with auditing standards generally

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL (CONTINUED)

accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

My consideration of internal control would not necessarily disclose all matters in internal control that might be material weakness under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities that we consider to be material weaknesses as defined above.

I understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on my study, we believe that HKS's practices and procedures were adequate at December 31, 2004 to meet the SEC's objectives.

This report recognizes that it is not practicable in an organization the size of "HKS", to achieve all the divisions of duties and cross-checks generally included in a system of internal control, and that, alternatively, greater reliance must be placed on surveillance by management.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
