1. NOTES ON SIGNIFICANT BUSINESS ACTIVITIES

NYPPE, LLC (f.k.a. New York Private Placement Network, LLC) (the "Company") was organized in Delaware and is registered with the Securities and Exchange Commission and the National Association of Securities Dealers as a broker/dealer as of December 1999. The Company is a wholly-owned subsidiary of NYPPE Holdings, LLC ("Holdings").

The Company was organized primarily to originate, place and act as an agent for private equity and bond securities; and provide advisory services in connection with mergers, consolidations, acquisitions, secondary private placements or other similar transactions.

In the normal course of its business, the Company enters into financial transactions where the risk of potential loss due to changes in market (market risk) or failure of the other party to the transaction to perform (credit risk) exceeds the amounts recorded for the transaction. The Company's policy is to continuously monitor its exposure to market and counterparty risk.

2. SIGNIFICANT ACCOUNTING POLICIES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of income and expenses during the reporting period. Actual results could differ from those estimates.

The Company records securities transactions and related revenues and expenses on a trade date basis. Security transactions and financing with the clearing broker are classified as operating activities on the statement of cash flows since this is the Company's principal business.

Depreciation is provided for on accelerated methods over the estimated useful lives of the related property.

The Company maintains its books and records on an accrual basis in accordance with accounting principles generally accepted in the United States of America.
