Independent Auditor's Report

I have audited the accompanying statement of financial position of Mike Discount Securities, Inc. (a Texas corporation), as of December 31, 2004, and the related statements of operations, shareholders' equity and cash flows for the year then ended that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. My responsibility is to express an opinion on these financial statements based on my examination.

I conducted the audit in accordance with generally accepted auditing standards. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the statements mentioned above present fairly, in all material respects, the financial position of Mike Discount Securities, Inc. at December 31, 2004, and results of its operations and cash flows for the year ended December 31, 2004 in conformity with generally accepted accounting principles applied on a consistent basis during the period.

My audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained on computation of net capital, reconciliation of net capital to Focus Report and independent auditor's report on internal accounting control is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in my opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

SIGNIFICANT ACCOUNTING POLICIES

Mike Discount Securities, Inc. formally Mike and Diana Securities, Inc. began operations as a securities broker/dealer in February of 1997. It is a closely-held corporation with four stockholders. No stockholder has a majority holding. Its president, Mr. Mike Jiou, is a stockholder and participates in the day-to-day operation. The Company's headquarter and business offices are located in Plano, Texas. Security transactions with the various exchanges for its clients are conducted through the clearing house brokers of Penson Financial Services, Inc. of Dallas, Texas.

The Company maintains its accounts on the accrual method of accounting in accordance with generally accepted accounting principles. The accounting policies followed by the Company and the methods of applying these policies, which materially affect the determination of financial position, results of operations, and cash flows are summarized below.

1. CASH AND CASH EQUIVALENTS

For the purposes of the statement of cash flows, the Company considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

2. PROPERTY, EQUIPMENT AND DEPRECIATION

The Company depreciates its fixed assets, which consists primarily of office furniture and computer equipment, using the Modified Accelerated Recovery System based on an expected life of five or seven years. Amounts are stated at cost less accumulated depreciation. The depreciation expense for the current year is \$2,937.00.

Estimated useful lives of fixed assets are as follows:

Independent Auditor's Report on Internal
Accounting Control Required by SEC Rule 17a-5

Directors
Mike Discount Securities Inc.

I have examined the financial statements of Mike Discount Securities, Inc. for the year ended December 31, 2004 and have issued my report thereon dated February 4, 2005. As part of my examination, I made a study and evaluation of the Company's system of internal accounting control to the extent I considered necessary to evaluate the system as required by generally accepted auditing standards. The purpose of my study and evaluation, which included obtaining an understanding of the accounting system, was to determine the nature, timing, and extent of the auditing procedures necessary for expressing an opinion on the financial statements.

Also, as required by Rule 17a-5 (g) (1) of the Securities and Exchange Commission, I have made a study of the practices and procedures followed by Mike Discount Securities, Inc. that I considered relevant to the objectives stated in aggregate indebtedness and net capital under Rule 17a-3(a) (11) and the procedures for determining compliance with the exemptive provisions of Rule 15c3-3 (k) (2) (ii). Mike Discount Securities, Inc. was in compliance with the conditions of the exemption, and no facts came to my attention indicating that such conditions had not been complied with during the period.

I also made a study of the practices and procedures followed by the Company in making the periodic computations of aggregate indebtedness and net capital under Rule 15c3-3. I did not review the practices and procedures followed by the Company (1) in making the quarterly securities examinations, counts, verifications, and comparisons, and the recordation of differences required by Rule 17a-13 or (2) in complying with the requirements for prompt payment for securities of Section 8 of Regulation T of the Board of Governors of the Federal Reserve System, because the Company does not carry security accounts for customers or perform custodial functions relating to customer securities.

The management to the Company is responsible for establishing and maintaining a system of internal accounting control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of control procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the

Commission's above-mentioned objectives. The objectives of a system and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with general accepted accounting principles. Rule 17a-5 (g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal accounting control procedures or the practices and procedures referred to above, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the degree of compliance with them may deteriorate.

Our study and evaluation made for the limited purpose described in the first paragraph would not necessarily disclose all material weaknesses in the system. Accordingly, I do not express an opinion on the system of internal accounting control of Mike Discount Securities Inc. taken as a whole. However, my study and evaluation disclosed no condition that we believed to be a material weakness.

I understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities and Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on my study, I believe that the Company's practices and procedures were adequate at December 31, 2004, to meet the Commission's objectives.

This report is intended solely for the use of management, the Securities and Exchange Commission and the designated examining authority (NASD) and should not be used for any other purpose.
