INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
William E. Hopkins & Associates, Inc.

We have audited the accompanying balance sheet of William E. Hopkins & Associates, Inc. as of December 31, 2004, and the related statements of income, cash flows, and changes in stockholder's equity for the year then ended that you are filing pursuant to Regulation 1.16 under the Commodity Exchange Act (CEAct). These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with U.S. generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of William E. Hopkins & Associates, Inc. at December 31, 2004, and the results of its operations and its cash flows for the year then ended in conformity with U.S. generally accepted accounting principles.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules listed in the accompanying table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements, but are supplementary information required by regulations under the CEAct. These schedules are the responsibility of the Company's management. Such schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

WILLIAM E. HOPKINS & ASSOCIATES, INC.
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2004

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

TRADE ACCOUNTS RECEIVABLE - Trade accounts receivable are stated at the amount management expects to collect from balances outstanding at year-end. Based on management's assessment of the credit history with its broker-dealer and other customers having outstanding balances and current relationships with them, it has concluded that realization losses on balances outstanding at year-end will be immaterial.

INCOME TAXES - Income taxes are provided using an asset and liability approach. The difference between the financial statement and tax bases of assets and liabilities is determined annually. Deferred income tax assets and liabilities are computed for those differences that have future tax consequences using the currently enacted tax laws and rates that apply to the periods in which they are expected to affect taxable income. Deferred tax assets are recognized for the expected future tax benefit attributable to certain accrued expenses that are not deductible until paid and to net operating loss carryovers. Valuation allowances are established, if necessary, to reduce the deferred tax asset to the amount that will more likely than not be realized. Income tax expense is the current tax payable or refundable for the period plus or minus the net change in the deferred tax assets and liabilities.

CASH FLOWS - For purposes of reporting cash flows, cash consists of cash on deposit. Highly liquid investments with a maturity of three months or less when purchased are considered cash equivalents. There were no cash equivalents during the year ended December 31, 2004.

ESTIMATES - The preparation of financial statements in conformity with generally accepted accounting principles and prevailing industry practices requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2 - DESCRIPTION OF BUSINESS

The Company was chartered in January 1998. In January 1999, the Company received \$16,100 upon issuance of 1,610,000 shares of common stock.

The Company operates in the securities industry as an introducing broker, predominantly in the West Tennessee area.

NOTE 3 - INCOME TAXES

The net deferred taxes in the accompanying balance sheet includes the following amounts of deferred tax assets and liabilities.

	<u>\$ 21,523</u>	<u>\$ 35,591</u>

NOTE 4 - CAPITAL STOCK

The Company is authorized to issue two million (2,000,000) shares with a par value of \$.01 per share, with all voting rights to be known as Class A stock, and one million (1,000,000) shares with a par value of \$.01 per share with no voting rights to be known as Class B stock. As of December 31, 2004, 1,610,000 shares of the Class A stock have been issued and remain outstanding, and no shares of the Class B stock have been issued.

NOTE 5 - CONCENTRATIONS OF CREDIT RISK

The Company has an agreement with a broker-dealer whereby all of certain types of securities transactions must be cleared through that broker-dealer. Other securities transactions (primarily mutual fund transactions) are excluded from this agreement. In the event counterparties with whom the Company transacts business do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counterparty or issuer of the instrument. The Company does not anticipate nonperformance by clients or counterparties in the preceding situations. If either a customer or a counterparty fails to perform, the Company may be required to discharge the obligation of the nonperforming party and, in such circumstances, the Company may sustain a loss. It is the Company's policy to review, as necessary, the credit standing of each counterparty with which it conducts business.

NOTE 6 - RELATED PARTY TRANSACTIONS

All of the outstanding common stock of the Company is owned by WEH Investments, LLC (WEH). The Company has entered into a management services agreement with WEH whereby WEH agreed to make direct payment to vendors and creditors of the Company for the following types of expenses: meals, entertainment, travel, office expenses, postage and shipping, telephone, and rent. As consideration for these management services, the Company is liable for a monthly fee of \$5,000. The total payments for the year ended December 31, 2004 under this agreement was \$41,350. The remaining \$18,650 of payments required under the agreement were waived by WEH.

During the year ended December 31, 2004, the Company paid commissions to members of WEH in the amount of \$96,196. In addition, approximately \$8,400 of commissions payable to these individuals were included in accrued expenses as of December 31, 2004.

The Company paid officer salaries in the combined amount of \$105,839 to two employees who are also members of WEH.

NOTE 7 - NET CAPITAL REQUIREMENTS

The Company is subject to the minimum capital requirements of several regulatory organizations. Under the most restrictive of these rules, the Company is required to maintain "adjusted net capital" in the amount of \$5,000.

REPORT ON INTERNAL CONTROL REQUIRED BY CTFC REGULATION 1.16

To the Board of Directors
William E. Hopkins & Associates, Inc.

In planning and performing our audit of the financial statements of William E. Hopkins & Associates, Inc. (the Company) for the year ended December 31, 2004 (on which we issued our report dated February 2, 2005), we considered its internal control, including control activities for safeguarding firm assets, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the Company's internal control.

Also, as required by Regulation 1.16 under the Commodity Exchange Act (CEAct), we have made a study of the practices and procedures (including tests of compliance with such practices and procedures) followed by the Company that we considered relevant to the objectives stated in Regulation 1.16 in making the periodic computations of minimum financial requirements pursuant to Regulation 1.17.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures, and to assess whether those practices and procedures can be expected to achieve the Commodity Futures Trading Commission's (CTFC's) above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized acquisition, use, or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with generally accepted accounting principles. Regulation 1.16(d)(2) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control or the practices and procedures referred to above, errors or fraud may occur and not be detected. Also, projections of any evaluation to them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of the Company's internal control would not necessarily disclose all matters in the Company's internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that errors or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the Company's internal control and its operation, including controls for safeguarding firm assets, that we consider to be a material weakness as defined above.

We understand that the practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the CFTC to be adequate for its purposes in accordance with the CEAct and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2004, to meet the Commission's objectives.

This report is intended solely for the information and use of the board of directors, management, the CFTC, and other regulatory agencies that rely on Regulation 1.16 under the CEAct in their regulation of introducing brokers and should not be used for any other purpose.
