INDEPENDENT AUDITOR'S REPORT

Board of Directors
Archer Alexander Securities Corporation
Overland Park, Kansas

I have audited the accompanying balance sheet of **Archer Alexander Securities Corporation** as of December 31, 2004, and the related statements of income, shareholder's equity and cash flows for the year then ended. These financial statements are the responsibility of the organization's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with generally accepted auditing standards. These standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of **Archer Alexander Securities Corporation** as of December 31, 2004, and the results of its operations and its cash flows for the year then ended in conformity with generally accepted accounting principles.

NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2004

NOTE 1: SIGNIFICANT ACCOUNTING POLICIES

Business Activity

Archer Alexander Securities Corporation (AASC) is a registered broker-dealer having all customer transactions cleared through other broker-dealers on a fully disclosed basis. AASC is a wholly-owned subsidiary of Great Plains Capital Corporation. AASC acquired the S.E.C. license of Benefit & Investment Solutions, Inc., which ceased operations in September 1998.

Securities Transactions

Customers' securities transactions and the related commission income and expenses are recorded on a settlement date basis. Had these transactions been recorded on a trade date basis, the effect on the accompanying financial statements would not have been significant.

Registration and Regulator Fees

AASC charges the cost of registration and regulatory fees to expense in the period to which those fees apply.

Furniture and Equipment

Furniture and equipment are stated at cost, less accumulated depreciation. Provisions for depreciation included in operating expenses are computed on the straight line method over the estimated useful lives of the assets. The cost of maintenance and repairs is charged to income as incurred, whereas major repairs that extend the useful lives of the furniture and equipment are capitalized.

NOTE 2: CASH ON DEPOSIT WITH CLEARING BROKER

Cash balances of \$50,000 on deposit with clearing brokers are maintained as collateral for customers' open security transactions.

***INDEPENDENT AUDITOR'S REPORT
ON INTERNAL ACCOUNTING CONTROL
REQUIRED BY SEC RULE 17a-5***

Board of Directors
Archer Alexander Securities Corporation
Overland Park, Kansas

In planning and performing my audit of the financial statements of Archer Alexander Securities Corporation for the year ended December 31, 2004, I considered its internal control structure, including procedures for safeguarding securities, in order to determine my auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by Rule 17a-5 (g)(1) of the Securities and Exchange Commission, I have made a study of the practices and procedures (including tests of compliance with such practices and procedures) followed by Archer Alexander Securities Corporation that I considered relevant to the objectives stated in Rule 17a-5(g). I also made a study of the practices and procedures followed by the Company in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and the procedures for determining compliance with the exemptive provisions of Rule 15c3-3 Section (k)(2)(ii). I did not review the practices and procedures followed by the Company in making the quarterly securities examinations, counts, verifications and comparisons, and the recordation of differences required by Rule 17a-13 or in complying with the requirements for prompt payment for securities under Section 8 of Regulation T of the Board of Governors of the Federal Reserve System, because the Company does not carry security accounts for customers or perform custodial functions relating to customer securities.

The management of the company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the Commission's above-

mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control structure or the practices and procedures referred to above, errors or irregularities may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

My consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, I noted no matters involving the internal control structure, including procedures for safeguarding securities, that I consider to be material weaknesses as defined above.

I understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on my study, I believe that the Company's practices and procedures were adequate at December 31, 2004 to meet the Commission's objectives.

This report is intended solely for the use of management, the Securities and Exchange Commission and other regulatory agencies which rely of Rule 17a-5(g) under the Securities Exchange Act of 1934 and should not be used for any other purpose.
