SOLOWEY & COMPANY

ANNUAL REPORT

DECEMBER 31, 2004

Arthur N. Framke
Certified Public Accountant
P.O. Box 85
Miami, FL 33156

February 12, 2005

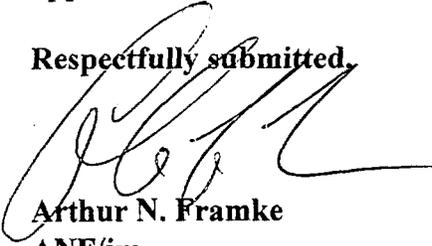

Mr. Barry Solowey
Managing Partner
SOLOWEY & COMPANY
P.O. BOX 566060
Miami, FL 33256-6060

I have examined the Balance Sheet of Solowey and Company as of December 31, 2004 and the related statements of income changes in ownership equity and computations of net capital for the period ended December 31, 2004. The foregoing statements are presented in a form consistent with the information filed by the company contained in Form X-17A5 Focus Report filed with the Securities and Exchange Commission for the year ended December 31, 2004.

My examination was made in accordance with generally accepted auditing standards and, accordingly, included a review of the accounting system, the internal accounting control, the procedures for safeguarding securities (see Independent Auditors Report on Internal Accounting Control required by SEC Rule 17A5) and such tests thereof, for the period then ended, and such other auditing procedures as I considered necessary in such circumstances.

In my opinion, the Financial Statements as prepared in a form consistent with Form X-17A5, present fairly the financial position of Solowey and Company as of December 31, 2004 in conformity with generally accepted accounting principles applied on a consistent basis.

Respectfully submitted,

Arthur N. Framke
ANF/jm

BARRY AND SHERRY SOLOWEY
D/B/A SOLOWEY AND COMPANY
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2004

1. The enclosed Financial Statements have been prepared in a form consistent with the information filed by the Company contained in Form X-17A-5 Focus Report for the year ended December 31, 2004.

2. In the course of my examination I found that the capital as reported by the firm on their Focus IIA for the year ended December 31, 2004 was understated by \$552 from my audited capital of \$1,068,099 as computed in the attached financial statements. This was caused by miscellaneous year end adjustments.

The computation of net capital has been understated by \$3,264 compared to my audited schedule included in these Financial Statements. This was caused by year end adjustments.

3. The firm does not carry any customer accounts so it's status under SEC Rule 15C 3-3 is that it is exempt under Section K2A.

4. On the course of my examination I found no material inadequacies existed in the firms financial records as presented.

5. The firm has no subordinated loans as of December 31, 2004 nor has it ever had any, therefore, a statement of changes in liabilities subordinated to general creditors is not necessary.

6. Solowey and Company clears all its customer transactions on a fully disclosed basis through Fiserv Securities who carry all of the firms customer accounts. Firm trades are self cleared through National Securities Clearing Corp.

7. All securities, money funds and cash balances of Solowey and Company own trading accounts are carried by various other member firms and banks, for the account of Solowey and Company.

8. The Company operates under registration granted by the Securities and Exchange Commission, file number 8-36005

9. The commissions receivable at 12/31/04 were collected in January, 2005.

10. No provisions for federal income tax has been made in these statements as the Company is a partnership.

11. Fixed assets consist of office furniture and equipment and are carried at cost. They are depreciated at a five and seven year life under Macr's Regulation.

**INDEPENDENT AUDITOR'S REPORT OF INTERNAL
ACCOUNTING CONTROL REQUIRED BY SEC RULE 17a-5**

To Partners
of Solowey and Company

I have examined the financial statements of Solowey & Company for the period ended December 31, 2004 and have issued our report thereon dated February 12, 2005. As part of our examination, I made a study and evaluation of the Company's system of internal accounting control (which includes the procedures for safeguarding securities) to the extent we considered necessary to evaluate the system as required by generally accepted auditing standards. The purpose of our study and evaluation, which included obtaining an understanding of the accounting system, was to determine the nature, timing, and extent of the auditing procedures necessary for expressing an opinion on the financial statements.

We also made a study of the practices and procedures followed by the Company in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and the procedures for determining compliance with the exemptive provisions of Rule 15c3-3. We did not review the practices and procedures followed by the Company in making the quarterly securities examinations, counts, verifications, and comparisons, and the recordation of differences required by Rule 17a-13 or in complying with the requirements for prompt payment for securities under Section 8 or Regulation T of the Board of Governors of the Federal Reserve System, because the Company does not carry security accounts for the customers or perform custodial functions relating to customer securities.

The management of the Company is responsible for establishing and maintaining a system of internal accounting control and the practices and procedures referred to in the preceding paragraph.

In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of control procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the commission's above-mentioned objectives. The objectives of a system and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal accounting control procedures or the practices and procedures referred to above, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the degree of compliance with them may deteriorate.

Our study and evaluation made for the limited purpose described in the first paragraph would not necessarily disclose all material weakness in the system. Accordingly, we do not express an opinion on the system of internal accounting control of Soloway & Company taken as a whole. However, our study and evaluation disclosed no condition that we believe to be a material weakness.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the commission to be adequate for its purposes in accordance with Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2004 to meet the Commission's objectives.

This report is intended solely for the use of management's and the Securities and Exchange commission and should not be used for any other purpose.
