INDEPENDENT AUDITORS' REPORT

The Member
Jefferies Partners Opportunity Fund IV, LLC:

We have audited the accompanying statement of financial condition of Jefferies Partners Opportunity Fund IV, LLC (the "Fund") as of December 31, 2004, and the related statements of earnings, changes in member's equity, and cash flows for the year then ended that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Fund's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Jefferies Partners Opportunity Fund IV, LLC as of December 31, 2004, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information included in the schedule is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

JEFFERIES PARTNERS OPPORTUNITY FUND IV, LLC

Notes to Financial Statements

December 31, 2004

(1) Summary of Significant Accounting Policies

Jefferies Partners Opportunity Fund IV, LLC (the "Fund") is a Delaware limited liability company. Jefferies & Company, Inc. ("Jefferies") provided the initial capital funding on January 19, 2001. The investment objective of the Fund is to generate returns for its members by making, holding, and disposing of a diverse portfolio of primarily below investment grade debt and equity investments. The Fund was established to offer members the opportunity to participate in the trading, investment, and brokerage activities of the High Yield Department of Jefferies. The Fund will employ a trading and investment strategy substantially similar to that historically employed by Jefferies' High Yield Department. The Fund intends to acquire, actively manage, and trade a diverse portfolio of primarily non-investment grade investments consisting of the following three asset groups: High Yield Debt, Special Situation Investments, and, to a lesser extent, Bank Loans. The Fund has appointed Jefferies to serve as manager to the Fund (the "Manager"). The Fund will participate in the trading and investment activities of the High Yield Department on an equivalent basis with Jefferies. To permit such participation, the Fund has been registered as a broker-dealer under the Securities Exchange Act of 1934 and with the National Association of Securities Dealers.

The Fund, in connection with its activities as a broker-dealer, does not hold funds or securities for customers. Accordingly, the computation for determination of reserve requirements pursuant to Rule 15c3-3 has been omitted.

Securities Transactions

Transactions in securities are recorded on a trade-date basis.

Securities owned are valued at market, and unrealized gains or losses are reflected in revenues from principal transactions.

Fair Value of Financial Instruments

The Fund's financial instruments, which consist of cash, are carried at fair value.

Federal and State Income Taxes

Under current federal and applicable state limited liability company laws and regulations, limited liability companies are treated as partnerships for tax reporting purposes and accordingly are not subject to income taxes. Therefore, no provision for income taxes has been made in the Fund's financial statements. For tax purposes, income or losses are included in the tax return of the member.

Use of Estimates

Management of the Fund has made estimates and assumptions relating to the reporting of assets and liabilities. Actual results could differ from those estimates.

JEFFERIES PARTNERS OPPORTUNITY FUND IV, LLC

Notes to Financial Statements

December 31, 2004

(2) Related Party Transactions

Cash is held on deposit at Jefferies.

Due to affiliate is payable to Jefferies, primarily as reimbursement for general and administrative expenses.

Included in capital is an investment in the Fund by Jefferies of \$400,000.

(3) Net Capital Requirement

The Fund is subject to the Securities and Exchange Commission ("SEC") Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital. The Company has elected to use the alternative method permitted by Rule 15c3-1, which requires that the Company maintain minimum net capital, as defined, equal to the greater of \$250,000 or 2% of aggregate debit balances arising from customer transactions, as defined.

At December 31, 2004, the Fund had net capital of \$399,205, which was \$149,205 in excess of required net capital.

Schedule 1

JEFFERIES PARTNERS OPPORTUNITY FUND IV, LLC

Computation of Net Capital under Rule 15c3-1(a)(1)(ii)
of the Securities and Exchange Commission
Using the Alternative Net Capital Requirement

December 31, 2004

Net capital:		
Total member's equity	\$	399,205
Total adjustments to net capital		<u>—</u>
Net capital		399,205
Less net capital requirement		<u>250,000</u>
Net capital in excess of requirement	\$	<u><u>149,205</u></u>

Note: The computation of net capital under Rule 15c3-1(a)(1)(ii) as of December 31, 2004, as computed by Jefferies Partners Opportunity Fund IV, LLC in its Form X-17a-5, Part II, filed with NASD Regulation, Inc. on January 26, 2005, does not differ from the above computation, which is based upon the audited financial statements.

See accompanying independent auditors' report.

REPORT ON INTERNAL CONTROL

The Member
Jefferies Partners Opportunity Fund IV, LLC:

In planning and performing our audit of the financial statements and supplemental schedule of Jefferies Partners Opportunity Fund IV, LLC (the Fund) for the year ended December 31, 2004, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Fund including tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate debits and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Fund does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Fund in any of the following: 1) making quarterly securities examinations, counts, verifications, and comparisons; 2) recordation of differences required by rule 17a-13; and 3) complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Fund is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Fund has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Fund's practices and procedures were adequate at December 31, 2004, to meet the SEC's objectives.

This report is intended solely for the information and use of the member, management, the SEC, NASD Regulation, Inc., and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
