INDEPENDENT AUDITOR'S REPORT

To Board of Directors
Goshawk Capital Corporation
Portland, Oregon

I have audited the accompanying statement of financial condition of Goshawk Capital Corporation as of December 31, 2004. This financial statement is the responsibility of the Company's management. My responsibility is to express an opinion on this financial statement based upon my audit.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the financial statement referred to above presents fairly, in all material respects, the financial position of Goshawk Capital Corporation as of December 31, 2004, in conformity with accounting principles generally accepted in the United States of America.

GOSHAWK CAPITAL CORPORATION
(An Illinois Corporation)
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2004

NOTE 1 - ORGANIZATION AND NATURE OF BUSINESS

Goshawk Capital Corporation, formerly Heartland Capital Corporation, (the Company) is an Illinois corporation. The Company is a broker-dealer registered with the Securities and Exchange Commission (SEC) and is a member of the Chicago Stock Exchange. The Company operates as a fully disclosed market maker.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Securities Transactions

Proprietary securities transactions in regular-way trades are recorded on the trade date, as if they had settled. Profit and loss arising from all securities and commodities transactions are entered into for the account and risk of the Company, and are therefore recorded on a trade date basis. Marketable securities, held by the Company, are valued at quoted market value.

Income Taxes

The Company's stockholders have elected to be taxed as an S-Corporation; therefore the Company's income flows through to its stockholders' tax returns. As a result, no federal income tax provision is made by the Company. The Company is liable, however, for the Illinois replacement tax of 1.5% of net prescribed income.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Statement of Cash Flows

For purposes of the statement of cash flows, the Company has defined cash equivalents as highly liquid investments, with original maturities of less than ninety days, that are not held for sale in the ordinary course of business.

Employees' Retirement Plans

The Company started a Profit Sharing and Money Purchase Plan effective September 2, 1998. Contributions are based upon the employees' earnings. The 2004 Company contributions were calculated as amounts that are deductible for federal tax purposes; the Company's Profit Sharing contribution was \$18,000 and the Pension contribution was \$12,000. The Retirement Plans are administered by an outside financial institution.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Note Payable

The Company's president and stockholder lent \$98,920 to the Company on December 31, 2004. This was a non interest bearing demand note that was paid on January 25, 2005.

NOTE 3 - FINANCIAL INSTRUMENTS ACCOUNTING POLICIES

Derivative financial instruments used for trading purposes, including hedges of trading instruments, are carried at quoted market value. Unrealized gains or losses on these derivative contracts are recorded on the same basis as the underlying assets or liabilities, that is, marked to market.

NOTE 4 - FINANCIAL INSTRUMENTS WITH OFF BALANCE SHEET RISK

The Company enters into various transactions involving derivatives and other off-balance sheet financial instruments. These financial instruments include futures and options. Derivative transactions are entered into for trading purposes or to hedge other positions or transactions. In addition, the Company has sold securities that it does not currently own and will therefore be obligated to purchase such securities at a future date. The Company has recorded these obligations in the financial statements at December 31, 2004, at market values and will incur a loss if the market value of the securities increases subsequent to December 31, 2004.

NOTE 5 - CONCENTRATION OF CREDIT RISK

The Company is engaged in various trading and brokerage activities in which counter parties primarily include broker-dealers, clearing firms and other financial institutions. In the event counter parties do not fulfill their obligations, the Company may be exposed to risk. *The risk of default depends on the creditworthiness of the counterparty or issuer of the instrument.* It is the Company's policy to review, as necessary, the credit standing of each counterparty.

NOTE 6- NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1). The Company is required to maintain "adjusted net capital" equivalent to \$100,000 or one eighth of aggregate indebtedness, whichever is greater, as these terms are defined. At December 31, 2004 the Company had net capital and net capital requirements of \$681,653 and \$100,000 respectively. The ratio of aggregate indebtedness to net capital was 27%. The net capital requirement may restrict the payment of dividends or the withdrawal of equity.

NOTE 7- RECONCILIATION OF AUDITED AND UNAUDITED FINANCIAL STATEMENTS

The audit of the unaudited financial statements revealed no significant discrepancies. Therefore, no adjustments to the financial statements were required.

NOTE 8- SUBSEQUENT EVENTS

As of December 31, 2004 the Company owned a membership on the Chicago Stock Exchange. Effective February 9, 2005, with the approval of the SEC, the exchange has undergone demutualization. As a result, each former member will receive 1,000 shares of CHX Holdings, Inc. and a trading permit initially costing \$6,000 per year, payable monthly. The former members will own 100% of the common stock of CHX Holdings, Inc.
