INDEPENDENT AUDITOR'S REPORT

To the Members of
Jericho Investments, LLC

We have audited the accompanying statement of financial condition of Jericho Investments, LLC as of December 31, 2004. This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement of financial condition. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall statement of financial condition presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the statement of financial condition referred to above presents fairly, in all material respects, the financial position of Jericho Investments, LLC as of December 31, 2004, in conformity with accounting principles generally accepted in the United States of America.

NOTES TO FINANCIAL STATEMENTS

December 31, 2004

NOTE 1- ORGANIZATION AND NATURE OF BUSINESS

Jericho Investments, LLC (the "Company") is a limited liability company that is a broker-dealer registered with the Securities and Exchange Commission ("SEC") and is a member of the National Association of Securities Dealers, Inc. ("NASD"). The Company provides investment banking services for small-cap companies in need of financing on a best-efforts basis as well as managing money from firm proprietary accounts with a focus on small-cap investments.

Going Concern Consideration

The accompanying financial statements have been prepared assuming the Company will continue as a going concern. The Company has recurring losses, negative cash flows and limited revenues. The Company reported a loss of \$541,132 for the year ended December 31, 2004. These conditions raise substantial doubt about the Company's ability to continue as a going concern.

The accompanying financial statements do not include any adjustments that might result from the outcome of this uncertainty. During 2005, management of the Company intends to build the business through investment banking or pursue a sale of the business. Additionally, management plans to contribute capital as required. There can be no assurance that management's plans, as described above, will be realized. If the Company is unable to generate sufficient revenues or raise sufficient additional capital, there could be a material adverse effect on the financial position, results of operations and cash flows of the Company.

NOTE 2- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Depreciation

The cost of equipment is depreciated over the estimated useful lives of the related assets of 5 years on a straight line basis for book and on an accelerated basis for tax purposes.

Concentration of Credit Risk

The Company is engaged in various investment and brokerage activities in which counterparties primarily include broker-dealers, banks, and other financial institutions. In the event counterparties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counterparty or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counterparty.

NOTES TO FINANCIAL STATEMENTS

NOTE 2- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Company's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Securities Transactions

Customers' securities transactions are reported on a trade date basis with related commission and fee income and expenses also reported on a trade date basis.

Investment Banking Revenues

Investment banking revenues are recorded in accordance with the terms of the investment banking agreements.

Income Taxes

The Company is treated as a partnership for federal and state income tax purposes and, therefore, does not record a provision for income taxes. Accordingly, the individual members report their share of the Company's income or loss on their personal income tax returns. In addition, the Company is subject to the New York City Unincorporated Business Tax.

Comprehensive Income

The Company adopted Statement of Financial Accounting Standards No. 130, "Reporting Comprehensive Income ("SFAS No. 130"). SFAS No. 130 requires an entity to report comprehensive income and its components and increases financial reporting disclosures. This standard has no impact on the Company's financial position, cash flows or results of operations since no elements of the Company's comprehensive income exist other than the loss from operations.

NOTE 2- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Recent Accounting Pronouncements

In January 2003, the FASB issued FIN No. 46, Consolidation of Variable Interest Entities. In December 2003, the FASB issued FIN No. 46 (Revised) ("FIN 46-R") to address certain FIN 46 implementation issues. This interpretation requires that the assets, liabilities, and results of activities of a Variable Interest Entity ("VIE") be consolidated into the financial statements of the enterprise that has a controlling interest in the VIE. FIN 46R also requires additional disclosures by primary beneficiaries and other significant variable interest holders. For entities acquired or created before February 1, 2003, this interpretation is effective no later than the end of the first interim or reporting period ending after March 15, 2004, except for those VIE's that are considered to be special purpose entities, for which the effective date is no later than the end of the first interim or annual reporting period ending after December 15, 2003. For all entities that were acquired subsequent to January 31, 2003, this interpretation is effective as of the first interim or annual period ending after December 31, 2003. The adoption of FIN 46 did not have a material impact on the Company's results of operations or financial position.

In April 2003, the FASB issued SFAS No. 149, "Amendment of Statement No. 133 on Derivative Instruments and Hedging Activities." This statement amends and clarifies financial accounting and reporting for derivative instruments, including certain derivative instruments embedded in other contracts and for hedging activities under FASB Statement No. 133, "Accounting for Derivative Instruments and Hedging Activities." This Statement is effective for contracts entered into or modified after June 30, 2003, and for hedging relationships designated after June 30, 2003. Management believes that this statement did not have a material impact on the Company's results of operations or financial position.

In May 2003, the FASB issued SFAS No. 150, "Accounting for Certain Financial Instruments with Characteristics of Both Liabilities and Equity." SFAS No. 150 clarifies the accounting for certain financial instruments with characteristics of both liabilities and equity and requires that those instruments be classified as liabilities in statements of financial position. Previously, many of those financial instruments were classified as equity. SFAS No. 150 is effective for financial instruments entered into or modified after May 31, 2003, and otherwise is effective at the beginning of the first interim period beginning after June 15, 2003. The adoption of the provisions of SFAS No. 150 did not have a material effect on the Company's financial position.

NOTE 3- SECURITIES OWNED

Marketable securities owned consist of trading and investment securities at market values, as follows:

	<u>Owned</u>
Corporate stocks	196,425
Convertible preferred stock	58,677
	<u>\$ 255,102</u>

NOTE 4- SECURITIES OWNED, NOT READILY MARKETABLE

Securities not readily marketable include investment securities (a) for which there is no market on a securities exchange or no independent publicly quoted market, (b) that cannot be publicly offered or sold unless registration has been effected under the Securities Act of 1933, or (c) that cannot be offered or sold because of other arrangements, restrictions, or conditions applicable to the securities or to the Company.

At December 31, 2004, these securities at estimated fair values consist of the following:

	<u>Owned</u>
Bonds	\$ 100,000
Warrants	12,692
	<u>\$ 112,692</u>

NOTE 5- RELATED PARTIES

On December 1, 2003, the Company entered into an expense sharing agreement (the "agreement") with an affiliate. The agreement states that the Company will share a portion of certain office expenses with its affiliate. Total fees incurred for the year ended December 31, 2004 was approximately \$2,400.

NOTE 6- NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 and equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. At December 31, 2004, the Company had net capital of \$249,487, which was \$149,487 in excess of its' required net capital of \$100,000. The Company's net capital ratio was 0.065 to 1.

JERICO INVESTMENTS, LLC

NOTES TO FINANCIAL STATEMENTS

December 31, 2004

NOTE 7- EXEMPTION FROM RULE 15c3-3

The Company is exempt from the Securities and Exchange Commission Rule 15c3-3 and, therefore, is not required to maintain a "Special Reserve Bank Account for the Exclusive Benefit of Customers".

NOTE 8- OFF BALANCE SHEET RISK

Pursuant to a clearance agreement, the Company introduces all of its securities transactions to its sole clearing broker on a fully disclosed basis. Therefore, all of the customers' money balances and long and short security positions are carried on the books of the clearing broker. Under certain conditions as defined in the clearance agreement, the Company has agreed to indemnify the clearing broker for losses, if any, which the clearing broker may sustain from carrying securities transactions introduced by the Company. In accordance with industry practice and regulatory requirements, the Company and the clearing broker monitor collateral on the securities transactions introduced by the Company.

NOTE 9- GUARANTEES

FASB Interpretation No. 45 (FIN 45), Guarantor's Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness of Others, requires the Company to disclose information about its obligations under certain guarantee arrangements. FIN 45 defines guarantees as contracts and indemnification agreements that contingently require a guarantor to make payments to the guaranteed party based on changes in an underlying (such as an interest or foreign exchange rate, security or commodity price, an index or the occurrence or non occurrence of a specified event) related to an asset, liability or equity security of a guaranteed party. FIN 45 also defines guarantees as contracts that contingently require the guarantor to make payments to the guaranteed party based on another entity's failure to perform under an agreement as well as indirect guarantees of the indebtedness of others.

Indemnifications

In the normal course of its business, the Company indemnifies and guarantees certain service providers, such as clearing and custody agents, trustees and administrators, against specified potential losses in connection with their acting as an agent of, or providing services to, the Company or its affiliates. The maximum potential amount of future payments that the Company could be required to make under the indemnifications cannot be estimated. However, the Company believes that it is unlikely it will have to make material payments under these arrangements and has not recorded any contingent liability in the financial statements for these indemnifications.

JERICO INVESTMENTS, LLC

NOTES TO FINANCIAL STATEMENTS

December 31, 2004

NOTE 9- GUARANTEES (continued)

The Company provides representations and warranties to counterparties in connection with a variety of commercial transactions and occasionally indemnifies them against potential losses caused by the breach of those representations and warranties. The Company may also provide standard indemnifications to some counterparties to protect them in the event additional taxes are owed or payments are withheld, due either to a change in or adverse application of certain tax laws. These indemnifications generally are standard contractual terms and are entered into in the normal course of business. The maximum potential amount of future payments that the Company could be required to make under these indemnifications cannot be estimated. However, the Company believes that it is unlikely it will have to make material payments under these arrangements and has not recorded any contingent liability in the consolidated financial statements for these indemnifications.
