INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
and Shareholders of
Valdés & Moreno, Inc.

We have audited the accompanying statement of financial condition of **Valdés & Moreno, Inc.** as of December 31, 2004, and the related statements of income, changes in stockholder's equity, and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with U.S. generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of **Valdés & Moreno, Inc.** as of December 31, 2004, and the results of its operations and its cash flows for the year then ended, in conformity with U.S. generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the basic financial statements, taken as a whole. The information contained in Schedules I, II, and III is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplemental information required by Rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the examination of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

The accompanying notes are an integral part of these financial statements.

VALDÉS & MORENO, INC.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2004

NOTE 1 SIGNIFICANT ACCOUNTING POLICIES

A. *Nature of the Business*

The Company was incorporated on July 13, 1994 and started business on May 2, 1995. The Company operates as a fully disclosed broker/dealer in Kansas City, Missouri. All customer cash balances and securities are carried by a clearing broker.

B. *Management Estimates*

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at December 31, 2004 and revenues and expenses during the year then ended. The actual outcome of the estimates could differ from the estimates made in the preparation of the financial statements.

C. *Statement of Cash Flows*

Cash and Cash Equivalents - For purposes of the statement of cash flows, the Company considers all highly liquid debt instruments purchased with an original maturity of three months or less to be cash equivalents. For the year ended December 31, 2004, the Company did not have any cash equivalents.

Cash Paid - Interest and Taxes - The amounts of cash paid for interest and taxes for the year ended December 31, 2004 are as follows:

Interest	\$	173
Income taxes	\$	---

D. *Depreciable Assets*

Depreciable assets are recorded at cost and depreciated over the estimated useful lives of the respective assets.

Maintenance and repairs are charged to operations when incurred. Betterments and renewals are capitalized. Depreciation expense for the year ended December 31, 2004 was \$2,074.

E. *Comprehensive Income Reporting*

The Company accounts for comprehensive income in accordance with Statement of Financial Accounting Standards No. 130 "Reporting Comprehensive Income", which requires comprehensive income and its components to be reported when a company has items of other comprehensive income. Comprehensive income includes net income plus other comprehensive income (i.e., certain revenues, expenses, gains and losses reported as separate components of stockholder's equity rather than in net income).

See independent auditor's report

VALDÉS & MORENO, INC.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2004

NOTE 1 SIGNIFICANT ACCOUNTING POLICIES – continued

F. *Deferred Income Taxes*

Deferred income taxes of approximately \$9,000 would normally be provided on the unrealized loss on the investments (see note 5). Since it is unknown when and how much, if any, capital gains will be available to be offset by the capital loss, a valuation allowance has been recognized to offset any deferred taxes related to the unrealized loss on the investments. Accordingly, these financial statements do not include any benefit assigned to the unrealized loss for the year-ended December 31, 2004.

NOTE 2 NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commissions Uniform Net Capital Rule (Rule 15c3-1) which requires the maintenance of minimum net capital or a ratio of aggregate indebtedness to net capital, both as defined, of less than 15 to 1. At December 31, 2004, the Company had aggregate indebtedness of \$20,865 and net capital of \$147,844 which resulted in a ratio of .14 to 1 and a ratio requirement of less than its minimum requirement of \$100,000. Therefore, at December 31, 2004, based on its minimum requirement, the Company had excess net capital of \$47,844.

NOTE 3 RELATED PARTIES

The controlling Shareholder of the Company also owns 52% of the voting stock of Valdés Capital Management, Inc., an investment advisory firm. Valdés Capital Management, Inc. provides investment advice to the Company that is used by the Company in formulating investment recommendations for its customers. The Company paid Valdés Capital Management, Inc., advisory fees totaling \$ 12,000 in 2004.

NOTE 4 CAPITAL STOCK

The Company is capitalized with the following issues of stock:

Common stock, class A; \$1 par value,
1,000 shares issued and outstanding

Common stock, class B; \$.01 par value,
100,000 shares issued and outstanding

Preferred stock; \$100 par value,
1,060 shares issued and outstanding

During 2000, the Board of Directors deemed it desirable and in the best interest of the Company to amend its articles of incorporation to provide for an increase in the number of authorized shares of Class B Common stock from 100 shares to 100,000 shares, and the authorization of 5,000 shares of Preferred stock, with a par value of \$100 per share. In addition, the Class B Common stock was split 100 shares for each share previously held and the par value was decreased to \$.01 per share.

See independent auditor's report

VALDÉS & MORENO, INC.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2004

NOTE 5 INVESTMENTS

At December 31, 2004, the Company held 1,000 shares common stock in The NASDAQ Stock Market, Inc., for which it paid \$13.00 per share and 4,300 warrants to purchase 17,200 shares of common stock in NASDAQ for which it paid \$59,300 or approximately \$13.79 per warrant. Each warrant was exercisable into one share of common stock in four different tranches at prices ranging from \$15.00 to \$18.00 per share, over four years beginning June 30, 2002. On June 27, 2004 the first of the four tranches expired creating a realized loss of \$14,825. On June 30, 2004 the second tranche expired for another realized loss of \$14,825. The remaining tranches expire in June 2005, and 2006.

In accordance with Statement of Financial Accounting Standards No. 115, Accounting for Certain Investments in Debt and Equity Securities (FAS 115), marketable securities are recorded at fair market value if they have a readily determinable fair value. The corresponding unrealized gain or loss in the fair market value in relation to cost is accounted for as a separate item in the stockholders' equity section of the balance sheet. Realized gains or losses on disposition and declines in value judged to be other than temporary will be included in income in the period the applicable loss occurs.

NOTE 6 LEASE COMMITMENTS

The Company presently leases office space on a month to month basis at \$ 800 per month.

See independent auditor's report

INDEPENDENT AUDITOR'S REPORT ON INTERNAL ACCOUNTING CONTROL REQUIRED BY SEC RULE 17a-5

To the Board of Directors
and Shareholders of
Valdés & Moreno, Inc.

In planning and performing our audit of the financial statements of **Valdés & Moreno, Inc.** for the year ended December 31, 2004, we considered its internal control structure, including procedures for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by rule 17a-5(g)(1) of the Securities Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examination, counts, verifications, and comparisons.
2. Recordation of differences required by rule 17a-13.
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining a system of internal accounting control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control policies and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control structure or the practices and procedures referred to above, errors or irregularities may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the internal control structure, including procedures for safeguarding securities that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2004 to meet the SEC's objectives.

This report is intended solely for the use of management, the Securities and Exchange Commission, and other regulatory agencies, which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and should not be used for any other purpose.
