INDEPENDENT AUDITOR'S REPORT

To the Stockholder
NelsonReid, Inc.

We have audited the accompanying statement of financial condition of NelsonReid, Inc. as of December 31, 2004 and the related statements of income, changes in stockholder's equity, changes in liabilities subordinated to claims of general creditors, and cash flows for the year then ended that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of NelsonReid, Inc. as of December 31, 2004, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 6 to the financial statements, the Company has incurred substantial recurring losses, which raise substantial doubt about its ability to continue as a going concern. Management's plans regarding those matters also are described in Note 6. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Our audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in the Schedules I and II is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NelsonReid, Inc.
Notes to Financial Statements
December 31, 2044

Note 1 - Summary of Significant Accounting Policies

NelsonReid, Inc., formerly Interfinancial Partners, Inc., (the "Company") is a broker-dealer in securities registered with the Securities and Exchange Commission ("SEC") and is a member of the National Association of Securities Dealers ("NASD"). The Company operates under (SEC) Rule 15c3-3(k)(2)(ii), which provides that all funds and securities belonging to the Company's customers would be handled by a clearing broker-dealer. The Company is a Texas corporation and was a wholly-owned subsidiary of Interfinancial Group, Inc. During the year the Company was purchased by Allyn Garrett Holdings Inc. In the event the NASD withholds its' approval of ownership change, the prior owner (Interfinancial Group, Inc.) has agreed to buy back the Broker/Dealer from Allyn Garrett Holdings, Inc. Substantially all of the Company's business is conducted with customers located throughout the United States.

Purchases and sales of securities are recorded on a trade date basis. Commission revenue and expense are recorded on a trade date basis.

Income taxes are provided for the tax effects of transactions reported in the financial statements and consist of taxes currently due. The provision for federal income taxes may differ from the expected amount using statutory rates because certain expenses included in the determination of net income are non-deductible for tax reporting purposes.

Compensated absences have not been accrued because the amount cannot be reasonably estimated.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Note 2 - Net Capital Requirements

Pursuant to the net capital provisions of Rule 15c3-1 of the Securities Exchange Act of 1934, the Company is required to maintain a minimum net capital, as defined under such provisions. Net capital and the related net capital ratio may fluctuate on a daily basis. At December 31, 2004, the Company had net capital of approximately \$38,310 and net capital requirements of \$5,000. The Company's ratio of aggregate indebtedness to net capital was .60 to 1. The Securities and Exchange Commission permits a ratio of no greater than 15 to 1.

NelsonReid, Inc.
Notes to Financial Statements
December 31, 2004

Note 3 - Possession or Control Requirements

The Company does not have any possession or control of customer funds or securities. There were no material inadequacies in the procedures followed in adhering to the exemptive provisions of (S.E.C.) Rule 15c3-3(k)(2)(ii) by promptly transmitting all customer funds and securities to the clearing broker who carries the customer accounts.

Note 4 - Federal Income Taxes

The tax benefit from the current year's net operating loss carryforward of \$10,630 has not been reported in these financial statements because the Company believes there is at least a 50% chance that the carryforwards will expire unused. Accordingly, the tax benefit has been offset by a valuation allowance of the same amount. The following reflects the changes in the tax benefit:

	Deferred Tax Asset December 31, 2003	Current Period Changes	Deferred Tax Asset December 31, 2004
Federal	\$ 1,498,000	\$(1,496,405)	\$ 1,595
Valuation allowance	<u>(1,498,000)</u>	<u>1,496,405</u>	<u>(1,595)</u>
Amount per balance sheet	<u>\$ -0-</u>	<u>\$ -0-</u>	<u>\$ -0-</u>

During the year ended December 31, 2004 the Company was sold. Substantially all the prior deferred tax asset is unavailable to the Company due to change in ownership.

Note 5 - Commitments and Contingencies

Included in the Company's clearing agreement with its clearing broker-dealer, is an indemnification clause. This clause relates to instances where the Company's customers fail to settle security transactions. In the event this occurs, the Company will indemnify the clearing broker-dealer to the extent of the net loss on the unsettled trade. At December 31, 2004, management of the Company had not been notified by the clearing broker-dealer, nor were they otherwise aware, of any potential losses relating to this indemnification.

NelsonReid, Inc.
Notes to Financial Statements
December 31, 2004

Note 6 - Going Concern

These financial statements are presented on the basis that the Company is a going concern. Going concern contemplates the realization of assets and the satisfaction of liabilities in the normal course of business over a reasonable period of time. Continued operating losses could directly impact the Company's regulatory capital which requires a minimum net capital of \$5,000. It is management's intention to control costs and increase revenue. It is management's understanding it will continue to receive capital infusions as necessary.

Supplementary Information
Pursuant to Rule 17a-5 of the
Securities Exchange Act of 1934
As of December 31, 2004

Schedule I

NelsonReid, Inc.
Computation of Net Capital Under Rule 15c3-1
of the Securities and Exchange Commission
As of December 31, 2004

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL
CONTROL REQUIRED BY SEC RULE 17a-5**

Board of Directors
NelsonReid, Inc.

In planning and performing our audit of the financial statements and supplemental information of NelsonReid, Inc. (the "Company"), for the year ended December 31, 2004, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal control.

Also, as required by rule 17a-5(g)(1) of the Securities Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons
2. Recordation of differences required by rule 17a-13
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives.

Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that

transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with accounting principles generally accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2004, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, the National Association of Securities Dealers, Inc., and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

CF & Co., L.L.P.

Dallas, Texas
