INDEPENDENT AUDITORS' REPORT

February 20, 2005, except for the supplemental schedules which is May 20, 2005

Board of Directors
Green Street Advisors, Inc.
Newport Beach, California

We have audited the accompanying balance sheets of Green Street Advisors, Inc. as of December 31, 2004 and 2003, and the related statements of income and stockholder's equity, and cash flows for the years then ended. These financial statements are the responsibility of the Company's Board of Directors. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Green Street Advisors, Inc. as of December 31, 2004 and 2003, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were made for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental information is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the examination of the basic financial statements, and in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

GREEN STREET ADVISORS, INC.
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2004 AND 2003

NOTE 1 - ORGANIZATION

Green Street Advisors, Inc. (a California corporation) was formed on January 8, 1988 as an investment advisory firm and now conducts activities as a registered broker/dealer. The Company uses the services of an unaffiliated broker/dealer to clear its customers' securities transactions. The Company is registered with and regulated by the National Association of Securities Dealers and the Securities and Exchange Commission. The Company's primary business is to provide investment research and trading services to institutional money managers located throughout the United States of America. The Company's corporate offices are located in Newport Beach, California and the stock brokerage offices are located in Dallas, Texas.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Revenue Recognition

The Company's main source of revenue is commission from stock transactions for clients that subscribe to the Company's research on publicly traded real estate securities. Other sources of revenue include the Eastdil joint venture (see note 11) and the debt advisory agreement (see note 12). As an alternative to the commission arrangement, certain clients elect to pay a set fee for a subscription to the research service and they are invoiced for a period ranging from three months to a year. A deferred revenue account has been set up to recognize this income as it is earned.

Property and Equipment

Furniture and equipment is recorded at cost. Depreciation is computed using the straight line method over the estimated useful lives which range from five to seven years.

Use of Estimates

The Company uses estimates and assumptions in preparing these financial statements in accordance with generally accepted accounting principles. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could vary from the estimates that were used.

Compensated Absence

Employees of the Company are entitled to paid vacation, and paid sick days, depending on job classification, length of service, and other factors. It is impracticable to estimate the amount of compensation for future absences, and, accordingly, no liability has been recorded in the accompanying financial statements. The Company's policy is to recognize the costs of compensated absences when actually paid to employees.

Stock

The Company has 100,000 shares authorized; 1,489 and 1,419 shares issued and outstanding in 2004 and 2003.

Bad Debts

The Company uses the allowance method of recording bad debts. This method requires an annual provision for bad debts based on past history. No allowance was deemed necessary as there have been no bad debts historically.

NOTE 3 - INCOME TAX

The Company, with the consent of its shareholders, has elected under the Internal Revenue Code to be a subchapter-S corporation. In lieu of corporation income taxes, the shareholders of an S corporation are taxed on their proportionate share of the Company's taxable income. Therefore, no provision or liability for Federal income taxes has been included in the financial statements.

The State of California recognizes subchapter-S corporations for state tax purposes. However, the state imposes a 1.5% tax on the net income or a minimum Franchise Tax of \$800, whichever is greater. The State of Texas taxes the Company on its allocable portion of income for the State. The State tax is as follows:

	California	Texas	Total
2004	\$ 46,406	186,419	\$ 232,825
2003	\$ 58,587	194,810	\$ 253,397

NOTE 4 - LEASE COMMITMENTS

The Company leases its three office facilities, one in Newport Beach, California, and two in Dallas, Texas. The second Dallas office is a back-up for the brokerage operation as part of the Company's emergency disaster preparedness plan. The minimum rental commitments of the Company due under all non-cancelable leases through the terms of the lease are as follows:

December 31,	Amount
2005	\$ 204,984
2006	182,640
2007	79,236
2008	1,344
Total	\$ 468,204

NOTE 5 - FINANCIAL INSTRUMENT RISK

The Company maintains an account with Fidelity Investments. The account contains cash and mutual fund shares. Balances are insured up to \$500,000 (with a limit of \$100,000 for cash) by the Securities Investor Protection Corporation. During the years the Company had balances in excess of the insurance limits.

The Company's account at Wells Fargo Bank is not FDIC insured. The account seeks to maintain a stable net asset value of \$ 1 per share; however, there can be no assurance that the underlying funds will meet this objective.

NOTE 6 - PENSION PLAN

The Company has a SEP pension plan covering substantially all of its eligible employees. At the Company's discretion, for all eligible employees, the employer contributes up to 25% for 2004 and 2003 (or \$40,000 maximum 2004 and 2003) of the employee's qualified salary. The funds are then transferred to each employee's individual SEP. The total of all employer contributions was \$487,736 in 2004 and \$471,064 in 2003.

NOTE 7 - PROPERTY AND EQUIPMENT

Property and equipment consists of the following:

	2004	2003
Furniture and equipment	\$ 288,987	\$ 238,524
Accumulated depreciation	(162,167)	(123,821)
	\$ 126,820	\$ 114,703

NOTE 8 ACCRUED SALARY AND BONUS

The Company pays a year end bonus to its employees based in part on the Company's performance. The total year end bonus including payroll tax was \$ 2,194,762 for 2004 and \$ 2,475,869 for 2003. These amounts were paid subsequent to year end.

NOTE 10 STOCK OPTION PLAN AND RELATED PARTY NOTE RECEIVABLE

The Company has qualified and non-qualified stock option plans for senior employees under which options to purchase shares of the Company's common stock are granted at 100% of the fair value of the stock at the date of grant. Options may be exercised generally from three to five years from the grant date. Upon exercise of non-qualified stock options, the Company recognizes the difference between the grant price and the fair value at the exercise date as employee compensation. The measurement date of the compensation is the exercise date and the fair value at that point is determined by the Company through commonly utilized valuation methodologies.

The Company also has a qualified incentive stock option plan for senior employees under which options to purchase shares of the Company's common stock are granted at 100% of the fair value of the stock at the date of exercise.

On January 1, 1997, an employee exercised qualified and non-qualified stock options to purchase 75 newly-issued shares of the Company at a price of \$5,200 per share for a total price of \$390,000. The Company recognized option related salary expense of \$165,000 due to the exercise. At the same time, the Company made a loan to the employee at an annual interest rate of 7.00% in the amount of \$225,000. During 1998, this employee paid off the loan in full.

On July 1, 1998, four employees exercised non-qualified stock options to acquire 113 newly-issued shares of the Company. At the same time, the employees exercised the right to purchase 81 additional newly-issued shares of the Company under the incentive stock option. The total value of stock given was \$ 2,153,049, with the Company recognizing option related salary expense of \$224,065 due to the exercise. At the same time, the Company made loans to the employees at an annual interest rate of 8.60% totaling \$1,928,984, principal and interest to be paid quarterly over 10 years.

NOTE 10 STOCK OPTION PLAN AND RELATED PARTY NOTE RECEIVABLE (Continued)

On January 1, 1998, four employees exercised the right to purchase 31 additional newly-issued shares of the Company under the incentive stock option. The total value of stock given was \$ 273,080. At the same time, the Company made loans to the employees at annual interest rates of 7.72%-7.82% for the same amount, principal and interest to be paid quarterly over 10 years.

On January 1, 2001, three employees exercised non-qualified stock options to acquire 15 newly-issued shares of the Company. At the same time, the employees exercised the right to purchase 15 additional newly-issued shares of the Company under the incentive stock option. The total value of stock given was \$ 297,105, with the Company recognizing option related salary expense of \$141,105 due to the exercise. At the same time, the Company made loans to the employees at an annual interest rate of 6.80% totaling \$156,000, principal and interest to be paid quarterly over 10 years.

On January 1, 2002, two employees exercised non-qualified stock options to acquire 10 newly-issued shares of the Company. At the same time, the employees exercised the right to purchase 10 additional newly-issued shares of the Company under the incentive stock option. The total value of stock given was \$242,210, with the Company recognizing option related salary expense of \$102,210 due to the exercise.

On January 1, 2004, three employees exercised non-qualified stock options to acquire 35 newly-issued shares of the Company. At the same time, the employees exercised the right to purchase 36 additional newly-issued shares of the Company under the incentive stock option. The total value of stock given was \$1,068,882, with the Company recognizing option related salary expense of \$399,210 due to the exercise.

Notes receivable related to the stock options have been shown as a component of equity.

Following are principal payments planned on notes receivable for each of the next five years:

NOTE 11 EASTDIL JOINT VENTURE

The Company provides assistance in the valuation of Eastdil transactions that may involve the use of securities of public real estate companies as currency. The Company receives a percentage of the net revenues from these transactions. The revenue from this arrangement was \$730,319 in 2004 and \$2,286,218 in 2003. Additionally, Eastdil is a 5% shareholder of the Company.

NOTE 12 SUB-ADVISORY AGREEMENT

Wells Fargo acts as Collateral Manager for a limited liability company (the "CBO") holding a portfolio of certain REIT debt obligations entered into an agreement with the Company. In exchange for consulting services in regards to the REIT debt obligations, the Company will receive a percentage of the total amount received by the Collateral Manager. Under the sub-advisory agreement, the Collateral Manager will remain primarily liable for its obligations. The revenue from this agreement was \$531,275 in 2004 and \$640,772 in 2003.

As a good faith gesture to potential investors, certain related parties of the Company have personally invested in the CBO. All transactions involving the shareholders have been conducted on an "arms'-length" basis.

NOTE 13 SUBSEQUENT EVENTS

Subsequent to year end the Company had the following transactions:

- The Company declared a dividend in the amount of \$ 1,275,000. This amount was paid to shareholders based on their proportionate ownership of shares in the Company.
- The Company issued restricted stock to three employees on January 1, 2005. Each employee received three shares (12 shares total) which will vest on January 1, 2009, if the employee is still employed at the Company. No attributable expense will be recorded by the Company until the shares vest in 2009.

NOTE 14 BROKERAGE OPERATIONS

For many years the Company used Dain Rocher as a clearing house for their client's stock transactions. During 2003 the Company changed to Fiserv and then finally to Pershing as a clearing house for their stock transactions.

Therefore, the Company is exempt from provisions of Rule 15c3-3 (per paragraph (k)(2)(ii) of such rule) under the Securities Exchange Act of 1934 as an introducing broker or dealer transacting securities transaction on a fully disclosed basis. The Company does not maintain physical custody of securities. Because of such exemption, the Company is not required to prepare a determination of reserve requirement for brokers and dealers in securities.

INDEPENDENT AUDITORS' REPORT ON INTERNAL
ACCOUNTING CONTROL REQUIRED BY SEC RULE 17a-5

February 20, 2005

Board of Directors
Green Street Advisors, Inc.

We have examined the financial statements of Green Street Advisors, Inc. for the year ended December 31, 2004, and have issued our report thereon dated February 20, 2005. As part of our examination, we made a study and evaluation of the Company's system of internal accounting control (which did not include the procedures for safeguarding securities since the company does not handle securities) to the extent we considered necessary to evaluate the system as required by generally accepted auditing standards. The purpose of our study and evaluation, which included obtaining an understanding of the accounting system, was to determine the nature, timing, and extent of the auditing procedures necessary for expressing an opinion on the financial statements.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission, we have made a study of the practices and procedures (including tests of compliance with such practice and procedures) followed by Green Street Advisors, Inc. that we considered relevant to the objectives stated in rule 17a-5(g), (1) in making the periodic computations of aggregate indebtedness and net capital under rule 17a-3(a)(11) and the reserve required by rule 15c3-3(e); (2) in making the quarterly securities examinations, counts, verifications and comparisons, and the recordation of differences required by rule 17a-13; (3) in complying with the requirements for prompt payment for securities under section 8 of Regulation T of the Board of Governors of the Federal Reserve System; and (4) in obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers as required by rule 15c3-3.

The management of the Company is responsible for establishing and maintaining a system of internal accounting control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of control procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the Commission's above-mentioned objectives. The objectives of a system and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal accounting control procedures or the practices and procedures referred to above, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the degree of compliance with them may deteriorate.

Our study and evaluation made for the limited purpose described in the first paragraph would not necessarily disclose all material weaknesses in the system. Accordingly, we do not express an opinion on the system of internal accounting control of Green Street Advisors, Inc. taken as a whole. However, our study and evaluation disclosed no condition that we believed to be a material weakness.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2004, to meet the Commission's objectives.

This report is intended solely for the use of management and the Securities and Exchange Commission and should not be used for any other purpose.

SUPPLEMENTAL REPORT ON DETERMINATION OF
"SIPC NET OPERATING REVENUES" AND GENERAL ASSESSMENT

February 20, 2005

Board of Directors
Green Street Advisors, Inc.

We have audited the financial statements of Green Street Advisors, Inc. (the "Company") as of and for the year ended December 31, 2004 and have issued our report thereon dated February 20, 2005.

Our audit was made for the purpose of forming an opinion on the basic financial statements of the Company taken as a whole. The attached schedule of the Determination of "SIPC Net Operating Revenues" and General Assessment is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

"SIPC NET OPERATING REVENUES"

Total Revenue From FOCUS Reports	\$ 16,842,897
Less:	
Commissions Paid To Other SIPC Members	(1,769,292)
Consulting Revenue Not Related To Securities Business	<u>(1,892,977)</u>
Adjusted SIPC Net Operating Revenues	<u>\$ 13,180,628</u>
General Assessments (0.00095)	<u>\$ 12,522</u>

In 1996, the SIPC informed its members that the desired fund level had been reached. Therefore, a resolution was adopted to terminate the collection of assessments at the .00095 rate and, instead, collect a flat \$ 150 annual fee. However, since the SIPC has retained its right to reassess the appropriateness of future assessments, the Company has elected to continue to present the above calculation.
