Report of Independent Auditors

To the Board of Directors and Stockholder of
Evergreen Distributor, Inc.

In our opinion, the accompanying statement of financial condition and the related statements of operations, of changes in stockholder's equity and of cash flows present fairly, in all material respects, the financial position of Evergreen Distributor, Inc., (a wholly owned subsidiary of The BISYS Group, Inc.) (the "Company") at September 30, 2005, and the results of its operations, changes in its stockholder's equity and its cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit of these statements in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The Company is a member of a group of affiliated companies and, as disclosed in the financial statements, has extensive transactions and relationships with its affiliates. Because of these relationships, it is possible that the terms of these transactions are not the same as those that would result from transactions among unrelated parties.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules on pages 8 and 9 are presented for purposes of additional analysis and are not a required part of the basic financial statements, but are supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Notes to Financial Statements
September 30, 2005

1. Organization

Evergreen Distributor, Inc. (the "Company"), a Delaware corporation, is a wholly owned subsidiary of The BISYS Group, Inc. ("BISYS"). The Company is registered with the Securities and Exchange Commission ("SEC") as a broker-dealer and is a member of the National Association of Securities Dealers, Inc. ("NASD").

The Company currently does not provide any distribution or underwriting services for any fund. Effective November 21, 2005, the Company withdrew its registration with the NASD as a broker-dealer.

2. Summary of Significant Accounting Policies

Cash and Cash Equivalents

The Company considers all short-term investments with an original maturity of three months or less to be cash equivalents. The Company maintains cash deposits in banks which, from time to time, exceed the amount of deposit insurance available. Management periodically assesses the financial condition of the institutions and believes that any potential credit loss is minimal.

Revenue Recognition

Interest income is earned on a short-term investment in a money market account at Wachovia Bank.

Intangibles Tax

The intangibles tax represents a net worth based tax paid by by dealers in intangibles in the state of Ohio.

Income Taxes

BISYS and its affiliates file a consolidated Federal income tax return that includes the Company. BISYS apportions Federal income tax expense or benefit among all the affiliates based on their taxable income or loss, using corporate statutory rates, adjusted for the effect of any temporary differences of the Company. There are no state income taxes payable by the Company.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those amounts.

3. Related Party Transactions

During the fiscal year ended September 30, 2005, BISYS provided various services to the Company, such as use of office facilities, equipment, personnel and other administrative services. BISYS charges the Company an administrative service fee for these services designed to cover the costs of providing such services. The administrative service fees would not necessarily be the same if an unrelated party provided these services to the Company.

4. Net Capital Requirement

As a broker-dealer registered to engage in the sale of redeemable shares of registered investment companies and certain other share accounts, the Company is subject to the SEC's Uniform Net Capital Rule 15c3-1 (the "Rule"), which requires the maintenance of minimum net capital, as defined, and requires that the ratio of aggregate indebtedness to net capital, as defined, shall not exceed 15 to 1. At September 30, 2005, the Company had net capital under the Rule of \$791,706, which was \$766,706 in excess of its minimum required net capital of \$25,000. The Company's ratio of aggregate indebtedness to net capital at September 30, 2005 was 0.07 to 1.

5. Regulatory Compliance

The Company claims exemption under the exemptive provisions of Rule 15c3-3 under subparagraph (k) (1) – all customer transactions are limited to the sale and redemption of redeemable securities of registered investment companies and the Company does not handle customer funds.

Information Relating to Possession or Control Requirements Under
Securities and Exchange Commission Rule 15c3-3
September 30, 2005**

The Company claims exemption under the exemptive provisions of Rule 15c3-3 under subparagraph (k)(1)—all customer transactions are limited to the sale and redemption of redeemable securities of registered investment companies and the Company does not handle customer funds.

**Report of Independent Auditors on Internal Control
Pursuant to Securities and Exchange Commission Rule 17a-5**

To the Board of Directors and Stockholder of
Evergreen Distributor, Inc.

In planning and performing our audit of the financial statements and supplemental schedules of Evergreen Distributor, Inc. (a wholly owned subsidiary of The BISYS Group, Inc.) (the "Company") for the year ended September 30, 2005, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control.

Also, as required by Rule 17a-5(g)(1) under the Securities and Exchange Commission (the "SEC"), we have made a study of the practices and procedures followed by the Company, including tests of compliance with such practices and procedures, that we considered relevant to the objectives stated in Rule 17a-5(g) in the following:

1. Making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11); and
2. Determining compliance with the exemptive provisions of Rule 15c3-3.

Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making the quarterly securities examinations, counts, verifications, and comparisons, and the recordation of differences required by Rule 17a-13;
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System; and
3. Obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers as required by Rule 15c3-3.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of control and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the

preparation of financial statements in accordance with accounting principles generally accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, errors or fraud may occur and not be detected. Also, projection of any evaluation of internal control to future periods is subject to the risk that controls may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of one or more of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including procedures for safeguarding securities, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at September 30, 2005 to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, the National Association of Securities Dealers, Inc., and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
