CHESTER HARRIS & CO., INC.
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2005

Note 1- Nature of Business

Chester Harris & Co., Inc. (The "Company") is a New York State Corporation formed for the purpose of conducting business as a broker-dealer in securities.

The Company operates under the provisions of Paragraph (k) (2) (ii) of Rule 15c3-3 of the Securities and Exchange Commission and, accordingly, is exempt from the remaining provisions of that rule. Essentially, the requirements of Paragraph (k) (2) (ii) provide that the Company clears all transactions on behalf of customers on a fully disclosed basis with a clearing broker/dealer, and promptly transmits all customer funds and securities to the clearing broker/dealer. The clearing broker/dealer carries all of the accounts of the customers and maintains and preserves all related books and records as are customarily kept by a clearing broker/dealer. The Company also operates pursuant to the (k) (2) (i) exemptive provisions of Rule 15c3-3.

Note 2- Summary of Significant Accounting Policies

- a) ***Revenue Recognition***
Securities transactions (and the recognition of related income and expenses) are recorded on a settlement date basis, generally the third business day following the transaction date. The difference between trade and settlement date reporting is not material.
- b) ***Marketable Securities***
Marketable securities owned by the Company are reflected at market value with the resulting unrealized gains and losses included in income.
- c) ***Cash and Cash Equivalents***
For the purpose of the statement of cash flows, the Company considers money market funds maintained with banks and brokers to be cash and cash equivalents. The Company maintains cash in bank accounts which, at times, may exceed federally insured limits or where no insurance is provided. The Company has not experienced any losses in such accounts and does not believe it is exposed to any significant credit risk on cash and cash equivalents.
- d) ***Depreciation***
Depreciation of furniture, equipment, and programming costs is provided on the straight-line method over the estimated useful lives of the assets ranging from five to ten years. Leasehold improvements are amortized over the lesser of their estimated useful lives or the remaining terms of the lease.
- e) ***Use of Estimates***
Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, and the reported amounts of revenues and expenses.

Income Taxes

The Company accounts for income taxes under SFAS No. 109, which requires an asset and liability approach to financial accounting and reporting for income taxes. Deferred income tax assets and liabilities are computed annually for differences between the financial statement and tax bases of assets and liabilities that will result in taxable or deductible amounts in the future based on enacted tax laws and rates applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established when necessary to reduce deferred tax assets to the amount expected to be realized. Income tax expense is the tax payable or refundable for the period plus or minus the change during the period in deferred tax assets and liabilities.

Note 3- Securities Owned – At Market Value

Securities owned at quoted market values, are summarized as follows:

| | |
|------------------|------------------|
| Government bonds | \$ 95,078 |
| Corporate bonds | 83,893 |
| Equities | <u>56,581</u> |
| | <u>\$235,552</u> |

Note 4- Furniture, Fixtures and Leasehold Improvements

Major classifications of fixed assets, as of September 30, 2005, are summarized as follows:

| | |
|--------------------------------|------------------|
| Furniture and equipment | \$248,122 |
| Leasehold improvements | 18,141 |
| Automobile | <u>31,924</u> |
| | 298,187 |
| Less: Accumulated depreciation | <u>(235,074)</u> |
| | <u>\$ 63,113</u> |

Note 5- Liabilities Subordinated to the Claims of General Creditors

Subordinated liabilities consist of both secured demand notes evidenced by secured demand note collateral agreements and subordinated loan agreements both of which are approved by the National Association of Securities Dealers, Inc., are as follows:

| <u>Maturity Rate</u> | <u>Interest Rate</u> | <u>Face Value</u> |
|----------------------|----------------------|-------------------|
| (a) March 31, 2009 | 5% | \$709,033 |
| March 31, 2009 | 10% | 78,529 |
| March 31, 2009 | 15% | <u>32,438</u> |
| | | <u>\$820,000</u> |

(a) Covered by secured demand note collateral agreements

To the extent that such borrowings are required for the Company's continued compliance with minimum net capital requirements, they may not be repaid.

CHESTER HARRIS & CO., INC.
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2005

Note 6- Profit Sharing Plan

The Company is a sponsor of a defined contribution profit sharing plan for its eligible employees. Contributions to the plan, if any, are determined by the employer and come out of its current accumulated profits. The employer's contribution for any fiscal year shall not exceed the maximum allowable as a deduction to the employer under the provisions of the IRS code Section 404, as amended, or replaced from time to time. The Company's liability to the plan for the fiscal year ended September 30, 2005 was \$-0-.

Note 7- Income Taxes

At September 30, 2005, the Company had a net operating loss of approximately \$420,000 for income tax purposes. This carryforward will expire from 2023 to 2025. Since it is doubtful that such carryforward will be utilized in the near term, a valuation allowance of \$105,000 has been established to offset the deferred tax asset arising from this carryforward. Therefore, no deferred tax assets have been recorded on the accompanying statement of financial condition.

Note 8- Related Party Transactions

The Company and CDH Holdings, Inc., the parent company of David Harris & Co., Inc. ("David") are owned by the same shareholders. The Company and David share office space, personnel and other administrative expenses. During the year, the Company was reimbursed \$193,000 for such expenses.

Note 9- Commitments and Contingencies

Lease Commitment

The Company leases its premises under a lease expiring June 30, 2008. Future approximate minimum annual rental expense for the fiscal years ended September 30, 2005 are:

| | |
|------|----------------------|
| 2006 | \$113,848 |
| 2007 | \$113,848 |
| 2008 | \$ 85,386 (9 months) |

The lease contains rent escalation provisions based on increased real estate taxes and other operating expenses. Utilities are included in the minimum rental expense.

Legal Proceeding

During the fiscal year, a suit was filed against the Company by a customer, alleging damages arising out of the placement of a life insurance policy. The litigation is at its very early stage and therefore a range of possible loss cannot be

determined. Management has indicated its plans to vigorously contest this suit and believes that the loss, if any, resulting from the suit will not have a material impact on the Company's financial position, results of operations, or cash flows in future years.

Note 10- Financial Instruments with Off-Balance Sheet Credit Risk

As a securities broker/dealer, the Company is engaged in buying and selling securities for a diverse group of institutional and individual investors. The Company's transactions are collateralized and are executed with and on behalf of banks, brokers and dealers and other financial institutions. The Company introduces these transactions for clearance to another broker/dealer on a fully disclosed basis.

The Company may be exposed to a risk of loss not reflected on the accompanying statement of financial condition for securities sold, but not yet purchased, should the value of such securities rise. The Company's exposure to credit risk associated with non-performance of customers in fulfilling their contractual obligations pursuant to securities transactions can be directly impacted by volatile trading markets which may impair customers' ability to satisfy their obligations to the Company and the Company's ability to liquidate the collateral at an amount equal to the original contracted amount.

The agreement between the Company and its clearing broker provides that the Company is obligated to assume any exposure related to such non-performance by its customers. The Company seeks to control the aforementioned risks by requiring customers to maintain margin collateral in compliance with various regulatory requirements and the clearing brokers internal guidelines.

The Company monitors its customer activity by reviewing information it receives from its clearing broker on a daily basis, and requiring customers to deposit additional collateral, or reduce positions when necessary.

Note 11- Net Capital Requirements

The capital ratio of the Company, as independently computed by our auditors, was 9.32%, versus an allowable maximum of 1500%, under the rules of the Securities and Exchange Commission. The Company's net capital requirement under SEC Rule 15c3-1 was \$250,000. The net capital as computed was \$994,939, leaving capital in excess of requirements in the amount of \$744,939.

A copy of the Company's Statement of Financial Condition as of September 30, 2005, pursuant to SEC Rule 17a-5, is available for examination at the Company's office and at the regional office of the Securities and Exchange Commission and the office of the National Association of Securities Dealers, Inc.

INDEPENDENT AUDITORS' REPORT

To the Officers and Directors of
Chester Harris & Co., Inc.
222 Mamaroneck Avenue
White Plains, NY 10605

Gentlemen:

We have audited the accompanying statement of financial condition of Chester Harris & Co., Inc. as of September 30, 2005. This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement of financial condition. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall statement of financial condition presentation. We believe that our audit of the statement of financial condition provides a reasonable basis for our opinion.

In our opinion, the statement of financial condition referred to above presents fairly, in all material respects, the financial position of Chester Harris & Co., Inc. as of September 30, 2005, in conformity with accounting principles generally accepted in the United States of America.

To the Officers and Directors of
Chester Harris & Co., Inc.
222 Mamaroneck Avenue
White Plains, NY 10605

Gentlemen:

In planning and performing our audit of the financial statements of Chester Harris & Co., Inc. for the year ended September 30, 2005, we considered its internal control structure, including procedures for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by Rule 17a-5 (g) (1) and (2) of the Securities and Exchange Commission, we have made a study of the practices and procedures (including tests of compliance with such practices and procedures) followed by Chester Harris & Co., Inc. that we considered relevant to the objectives stated in Rule 17a-5 (g), (1) in making periodic computations of aggregate indebtedness and net capital under Rule 17a-3 (a) (II); (2) in complying with the exemptive provisions of Rule 15c3-3. We did not review the practices and procedures followed by the Company (1) in making the quarterly securities examinations, counts, verifications and comparisons, and the recordation of differences required by Rule 17a-13; (2) in complying with the requirements for prompt payment for securities under Section 8 of Regulation T of the Board of Governors of the Federal Reserve System; and (3) in obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers as required by Rule 15c3-3, because the Company does not carry security accounts for customers or perform custodial functions relating to customer securities.

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the Commission's above mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. Rule 17a-5 (g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control structure or the practices and procedures referred to above, errors or irregularities may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the internal control structure, including procedures for determining compliance with the exemption provisions of Rule 15c3-3, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at September 30, 2005 to meet the Commission's objectives.

This report recognizes that it is not practicable in an organization the size of Chester Harris & Co., Inc., to achieve all the divisions of duties and cross checks generally included in a system of internal accounting control and that alternatively greater reliance must be placed on surveillance by management.

Further, that no material differences existed between our computations or your net capital, or determination of the reserve requirements and your corresponding focus report part II A filing, except as noted in schedule 2.

This report is intended solely for the use of management, the Securities and Exchange Commission, and other regulatory agencies which rely on Rule 17a-5 (g) under the Securities Exchange Act of 1934 and should not be used for any other purpose.

Respectfully submitted,
