INDEPENDENT AUDITORS' REPORT

To the Board of Directors of
Stern Fisher Edwards Inc

We have audited the accompanying statement of financial condition of Stern Fisher Edwards Inc as of September 30, 2005. This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, such statement of financial condition presents fairly, in all material respects, the financial position of Stern Fisher Edwards Inc at September 30, 2005 in conformity with accounting principles generally accepted in the United States of America.

The accompanying notes are an integral part of this statement.

STERN FISHER EDWARDS INC

**NOTES TO THE STATEMENT OF FINANCIAL CONDITION
SEPTEMBER 30, 2005**

NOTE 1 - Organization and Nature of Business

Stern Fisher Edwards Inc (the "Company") is a broker-dealer and an investment advisor registered with the Securities and Exchange Commission. The Company primarily provides investment advisory, corporate financing and management services to its customers. The Company also engages in the sale of common stocks, bonds and mutual funds.

NOTE 2 - Significant Accounting Policies

Securities Transactions

All securities transactions are executed and cleared by National Financial Services on a fully disclosed basis. Securities transactions and related commission revenues and expenses are recorded on a settlement-date basis. The financial statement effect of recording these transactions at settlement date rather than trade date is not significant.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of this financial statement. Actual results could differ from those estimates.

Cash and Cash Equivalents

Investments with original maturities of three months or less are considered by the Company to be cash and cash equivalents.

STERN FISHER EDWARDS INC

**NOTES TO THE STATEMENT OF FINANCIAL CONDITION
SEPTEMBER 30, 2005**

NOTE 2 – Significant Accounting Policies (Continued)

Depreciation

Depreciation is provided for over the estimated useful lives of the underlying assets, which range from three to twelve years using the straight-line method.

Fair Value of Financial Instruments

Substantially all of the Company's financial instruments are carried at fair value. Commission and investment advisory fees receivables and liabilities are carried at cost, which approximates fair value.

Investment Advisory Services

Investment advisory fees represent fees received for advisement of the Company's clients, which are based upon the fair market value of the clients' investments, and are generally recorded when earned; however, certain billings are billed in advance and a related deferred income account is then established. At September 30, 2005, the Company recorded \$199,482 in deferred revenue. (See also Note 3.)

NOTE 3 – Related-Party Transactions

In 2005, the Company issued a stockholder note in the amount of \$15,000. At September 30, 2005 the balance outstanding was \$14,444, which was included in prepaid expenses and other assets in the accompanying statement of financial condition. The receivable requires monthly payments of \$352, including interest at the effective annual rate of 6%, with the final payment due in August 2009.

The Company is the general partner for an investment fund. The Clipper Ship Fund L.P. (the "Partnership"), was established in October 2001 with the objective of achieving superior investment returns, with an appropriate level of risk, by investing in and holding the stocks of a small number of carefully selected high-growth companies, chiefly in the technology sector but also in other industrial sectors. As the general partner, the Company does not have an equity interest but receives an investment management fee of 1.375% of the limited partners' capital accounts and a special profit allocation of profits (realized and unrealized) of the Partnership after exceeding a specified return. At September 30, 2005, \$15,847 was recorded in deferred revenue.

STERN FISHER EDWARDS INC

**NOTES TO THE STATEMENT OF FINANCIAL CONDITION
SEPTEMBER 30, 2005**

NOTE 4 - Profit Sharing Plan

The Company has a profit sharing plan for certain eligible employees. The Company contributions to the profit sharing plan are discretionary. Eligible employees may contribute elective deferrals. The Company has received a qualified status for the plan from the Internal Revenue Service. The Company accrued \$83,133 of contributions to the plan as of September 30, 2005.

NOTE 5 - Net Capital Requirements

As a registered broker/dealer, the Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At September 30, 2005, under the most restrictive requirement, the Company had net capital of \$98,365, which was \$48,365 in excess of its required net capital of \$50,000. The Company's ratio of aggregate indebtedness to net capital was 5.29 to 1.

NOTE 6 - Reserve Requirements

The Company is exempt from the provisions of Rule 15c3-3 (pursuant to paragraph (k)(2)(ii) of such Rule) under the Securities Exchange Act of 1934 as an introducing broker or dealer that clears all transactions with and for customers on a fully disclosed basis with a clearing broker or dealer, promptly transmits all customer funds and securities to the clearing broker or dealer, and does not otherwise hold funds or securities of customers. Operating under such exemption, the Company is not required to prepare a computation for Determination of Reserve Requirements for Brokers or Dealers under Rule 15c3-3.

STERN FISHER EDWARDS INC

NOTES TO THE STATEMENT OF FINANCIAL CONDITION
SEPTEMBER 30, 2005

NOTE 7 - Commitments and Contingencies

Off-Balance-Sheet and Concentration of Credit Risk

In the normal course of business, the Company's customer activities involve the execution and settlement of various customer securities and financial instrument transactions. These activities may expose the Company to off-balance-sheet credit risk in the event the customer is unable to fulfill its contractual obligations. Counterparties to these activities primarily include broker/dealers, banks and other financial institutions. In the event counterparties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counter-party or issuer of the instruments. It is the Company's policy to review as necessary, the credit standing of each counterparty with which it conducts business.

Leases

The Company leases its offices and equipment under various cancelable and noncancelable operating leases. Future minimum lease payments on noncancelable operating leases of one year or more are as follows:

<u>Years Ending</u> <u>September 30,</u>	
2006	\$ 136,689
2007	134,982
2008	112,967
2009	<u>241</u>
	<u>\$ 384,879</u>

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL
REQUIRED BY SEC RULE 17a-5**

To the Board of Directors of
Stern Fisher Edwards Inc:

In planning and performing our audit of the financial statement of Stern Fisher Edwards Inc (the "Company") for the year ended September 30, 2005, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing an opinion on the financial statement and not to provide assurance on internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making the quarterly securities examinations, counts, verifications and comparisons
2. Recordation of differences required by Rule 17a-13
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the

Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities, that we consider to be a material weakness as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at September 30, 2005, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, the National Association of Securities Dealers and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

A handwritten signature in cursive script that reads "Windes & McCaughey".
