Exhibit 2

This press release is an English-language translation of the original Japanese-language version. To the extent that there are discrepancies between this translation and the original version, the original version shall be definitive.

This press release is neither an offer of securities for sale, nor the solicitation of an offer to purchase securities, in the United States. Securities may not be offered or sold in the United States absent registration under the U.S. Securities Act of 1933 or an applicable exemption from such registration. Any public offering of securities in the United States would be made by means of a prospectus to be obtained from the issuer, which would contain detailed information about the company and management, as well as financial statements, pursuant to U.S. disclosure standards set forth in the Securities Act. The parties intend to rely on an exemption from registration under the Securities Act in connection with the proposed stock-for-stock exchange transaction, as a result of which it is not expected that any such U.S. prospectus will be prepared.

The proposed stock-for-stock exchange transaction involves the issuance of the securities of a Japanese company in exchange for securities of Japanese companies. The transaction is subject to the disclosure requirements of Japanese law, which are different from those of the United States. Financial information included herein or in any disclosure document relating to the transaction is based on financial statements prepared in accordance with Japanese accounting standards, which may not be comparable to the financial statements of United States companies.

It may be difficult for U.S. investors to enforce their rights and any claim they may have with respect to the proposed stock-for-stock exchange transaction that arise under the U.S. federal securities laws, since the issuer is located in a foreign country and some or all of its officers and directors may be residents of a foreign country. U.S. investors may not be able to sue a foreign company or its officers or directors in a foreign court for violations of the U.S. securities laws. It may be difficult to compel a foreign company and its affiliates to subject themselves to a U.S. court's judgment.
