EXHIBIT A

It is anticipated the Sales Commissions connected with the issuance and distribution of the securities in this offering will be \$750,000.00. However, these sales commissions will be paid over an extended period of time after the construction of the real estate development for which the securities have been offered. Said Sales Commissions are connected with the issuance and distribution of the securities in this offering. However, they will be paid from the original owner's profits arising out of the real estate development. Therefore, because the sales commissions will not be paid directly from the funds raised in this offering, but will be paid in another fashion, this explanation has been provided.
