INDEPENDENT AUDITOR'S REPORT

Board of Directors
Birkelbach & Company
Jacksonville, Florida

I have audited the accompanying statements of financial position of Birkelbach & Company as of September 30, 2005 and 2004 and the related statements of operations and retained earnings and cash flows for the years then ended. These financial statements are the responsibility of the Company's Board of Directors. My responsibility is to express an opinion on the financial statements based on my audit.

I conducted my audit in accordance with generally accepted auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatements. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles and significant estimates made by management as well as evaluating the overall financial statement presentation. I believe that the audit provides a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material aspects, the financial position of Birkelbach & Company as of September 30, 2005 and 2004 and the results of its operations for the years then ended in conformity with accounting principles accepted in the United States of America.
