Financial Statements
and
Supplementary Information

September 30, 2005

INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Stockholder and Board of Directors
Chadwick Securities, Inc.

We have audited the accompanying statement of financial condition of Chadwick Securities, Inc. (the "Company") as of September 30, 2005 and the related statements of operations, changes in stockholder's equity and cash flows for the year then ended that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America as established by the Auditing Standards Board of the American Institute of Certified Public Accountants. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Chadwick Securities, Inc. as of September 30, 2005 and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

CHADWICK SECURITIES, INC.

NOTES TO FINANCIAL STATEMENTS

September 30, 2005

Note 1 - Organization and Nature of Operations

Chadwick Securities, Inc. (the "Company") is a broker-dealer registered with the Securities and Exchange Commission ("SEC") and is a member of the National Association of Securities Dealers, Inc. ("NASD"). The Company is a wholly owned subsidiary of RAI Ventures, Inc. ("Parent"), which is a wholly-owned subsidiary of Resource America, Inc. ("RAI"), a publicly traded company (trading under the symbol REXI on the Nasdaq system) operating in the financial services, real estate and equipment finance sectors.

The Company was organized and will operate as a broker dealer for the sale of direct participation programs in limited or general partnerships. The direct participation programs may be involved in any type of business activity, including but not limited to, equipment leasing, real estate, and issuers of collateral debt obligations or other non-conventional investments. RAI's subsidiaries will serve as general partners of these partnerships. The Company has advised the NASD of its intention to expand its business operations to include the sale of securities of financial services companies, including but not limited to banks, thrifts, REITs, and insurance companies, such as trust preferred securities, subordinated debt, convertible debt and preferred stock in private placements. The NASD has concluded that the intended expansion does not constitute a material change in the Company's business operations and the Company may proceed with the expanded business operations without filing an NASD Rule 1017 application. The Company has not yet commenced operations.

Note 2 - Summary of Significant Accounting Policies

Classification

Management believes that, consistent with the financial statement presentation of other broker dealers, it is more appropriate to present its balance sheet on a non-classified basis, which does not segregate assets and liabilities into current and non-current categories.

Income Taxes

The Company is included in the consolidated federal income tax return of RAI and its subsidiaries. Generally, the consolidated current federal income tax liability is settled between the Company and RAI as if the Company had filed a separate return. The benefit for income taxes is a calculation based on the federal statutory income tax rate of 35% and the Company's pretax book loss.

Use of Estimates

Preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities as of the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

CHADWICK SECURITIES, INC.

NOTES TO FINANCIAL STATEMENTS

September 30, 2005

Note 2 - Summary of Significant Accounting Policies – (Continued)

Operating and Administrative Costs

The Company entered into an agreement with RAI establishing that RAI is responsible for contributing capital to cover legal, accounting and operating expenses, as well as certain administrative expenses for the Company.

Comprehensive Loss

Comprehensive loss includes net loss and all other changes in the equity of a business during a period from transactions and other events and circumstances from non-owner sources. The Company has no components of comprehensive loss other than net loss for the year ended September 30, 2005.

Fair Value of Financial Instruments

The following methods and assumptions were used by the Company in estimating the fair value of each class of financial instrument for which it is practicable to estimate fair value.

For cash and payables, the carrying amounts approximate fair value because of the short maturity of these instruments.

Concentration of Credit Risk

Financial instruments that potentially subject the Company to concentrations of credit risk consist principally of periodic temporary investments of cash. The Company typically deposits such cash with high quality financial institutions. At September 30, 2005, the Company had a deposit of \$41,238 in one financial institution, none of which was in excess of amounts insured by the Federal Deposit Insurance Corporation. No losses have been experienced on such investments.

Note 3 – Certain Relationships and Related Party Transactions

In the ordinary course of its business operations, the Company has ongoing relationships with several related entities (see Note 2).

CHADWICK SECURITIES, INC.

NOTES TO FINANCIAL STATEMENTS – (Continued)
September 30, 2005

Note 4 – Net Capital Requirements

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital of \$5,000 or 6 2/3% of aggregate indebtedness (at September 30, 2005) and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 (and the rule of the “applicable” exchange also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1). The following summarizes the Company’s compliance with these regulations.

	<u>2005</u>
Net capital	\$ 38,178
Excess net capital.....	\$ 33,178
Net capital ratio.....	.08 to 1

Note 5 – Regulatory Exemptions

The Company is a broker-dealer exempt from Securities and Exchange Commission Rule 15c3-3 and therefore has not included the schedules entitled “Computation for Determination of Reserve Requirements Under Rule 15c3-3” and “Information for Possession or Control Requirements Under Rule 15c3-3” in the supplementary information of this report. The Company has been designated as an exempt broker-dealer under exemption (k)(2)(i).

SUPPLEMENTARY INFORMATION

INDEPENDENT AUDITOR'S REPORT ON SUPPLEMENTARY INFORMATION REQUIRED
BY RULE 17A-5 OF THE SECURITIES AND EXCHANGE COMMISSION

To the Stockholder
Chadwick Securities, Inc.

We have audited the accompanying financial statements of Chadwick Securities, Inc. as of and for the year ended September 30, 2005 and have issued our report there on date November 11, 2005. Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in the Schedule for the Computation of Net Capital Under Rule 15c3-1 of the Securities and Exchange Commission is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 under the Securities and Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL REQUIRED BY SEC RULE
17A-5 FOR A BROKER-DEALER CLAIMING AN EXEMPTION FOR SEC RULE 15c3-3**

To the Stockholder
Chadwick Securities, Inc.

In planning and performing our audit of the financial statements and the supplemental schedule of Chadwick Securities, Inc. (the "Company") for the year ended September 30, 2005, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities Exchange Commission (the "Commission"), we have made a study of the practices and procedures followed by the Company including test of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications and comparisons.
2. Recordation of differences required by rule 17a-13.
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulations T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the Commission's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with accounting principles generally accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control or the practices and procedures referred to above, errors or fraud may occur and not be detected. In addition, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of the design and operation may deteriorate.

Our consideration of the internal control would not necessarily disclose all matter in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that errors or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities, that we consider material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at September 30, 2005, to meet the Commission's objectives.

This report is intended solely for the information and use of management, the Securities and Exchange Commission, the National Association of Securities Dealers, Inc. and other regulatory agencies that rely on Rule 17a-5(g) under the Securities and Exchange Act of 1934 in their regulation of registered brokers and dealers and is not intended to be and should not be used by anyone other than these specified parties.
