We have audited the accompanying balance sheet of Marquette De Bary Co., Inc. as at September 30, 2005, and the related statements of income, cash flows, changes in stockholders' equity and changes in liabilities subordinated to claims of general creditors for the year then ended that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL
REQUIRED BY SEC RULE 17 a-5 FOR A BROKER-DEALER
CLAIMING AN EXEMPTION FROM SEC RULE 15C3-3

Board of Directors
Marquette De Bary Co., Inc.
1270 Avenue of the Americas
New York, NY 10020

In planning and performing our audit of the financial statements of Marquette De Bary Co., Inc. for the year ended September 30, 2005, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the company, including tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11) for determining compliance with the exemptive provisions of Rule 15c3-3. Because the company does not carry securities accounts for customers or perform custodian functions relating to customer securities, we did not review the practices and procedures followed by the company in making quarterly securities examinations.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of an internal control and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

MORRIS I. GROSSMAN, CPA HENRY S. VIELIN, CPA JACK L. BOCK, CPA

1496 Morris Avenue, Union, New Jersey 07083

Tel: (908) 687-7740 E-Mail: MIGCPA@MIGROSSMAN.COM Fax: (908) 686-6043

Because of inherent limitations in internal control or the practices and procedures referred to above, errors or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the internal control, including control activities for safeguarding securities, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at September 30, 2005, to meet the SEC's objectives.

This report is intended solely for the use of management, the Securities and exchange Commission, and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in the regulation of registered brokers and dealers, and should not be used for any other purpose.
