**INDEPENDENT AUDITOR'S REPORT**

Board of Directors  
Anchor Bay Securities, LLC

We have audited the accompanying statement of financial condition of Anchor Bay Securities, LLC as of December 31, 2005, and the related statements of operations, changes in members' equity, and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Anchor Bay Securities, LLC at December 31, 2005, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The Supplemental Schedule, Computation of Net Capital, is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

# ANCHOR BAY SECURITIES, LLC

## Notes to Financial Statements

### 1. THE COMPANY AND ITS SIGNIFICANT ACCOUNTING POLICIES

*The Company.* Anchor Bay Securities, LLC (the "Company") is a registered broker-dealer licensed by the United States Securities and Exchange Commission ("SEC") and is a member of the National Association of Securities Dealers. The Company provides limited business services involving mutual funds and/or variable annuities only.

*Accounting Estimates.* The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results may differ from those estimates.

*Furniture and equipment.* Furniture and equipment are stated at cost less accumulated depreciation. Depreciation is provided on the straight-line method over the estimated useful lives of the assets (7 years). During 2005 the furniture and equipment became fully depreciated.

*Income Taxes.* Income taxes, if any, are the liability of the individual members except for a minimum California tax of \$800.

### 2. NET CAPITAL REQUIREMENTS

Under Rule 15c3-1 of the Securities Exchange Act of 1934, the Company is required to maintain a minimum net capital (as defined) and a ratio of aggregate indebtedness to net capital (as defined) not exceeding 15 to 1.

The Company's ratio at December 31, 2005 was 0.02 to 1. The basic concept of the Rule is liquidity, its object being to require a broker-dealer in securities to have at all times sufficient liquid assets to cover its current indebtedness. At December 31, 2005, the Company's net capital of \$7,499 was \$2,499 in excess of the amount required by the SEC.

### 3. RESERVE REQUIREMENT FOR BROKERS AND DEALERS IN SECURITIES

The Company is exempt from provisions of Rule 15c3-3 (per paragraph (k)(1) of such Rule) under the Securities Exchange Act of 1934 as a broker or dealer providing limited business services involving mutual funds and/or variable annuities only. The Company does not maintain physical custody of customer funds or securities. Because of such exemption the Company is not required to prepare a determination of reserve requirement for brokers and dealers in securities.

### 4. RELATED PARTY TRANSACTIONS

During the year ended December 31, 2005, Anchor Bay Capital Management, LLC (a related party) contributed to the Company the use of facilities and other services valued at \$350.

# ANCHOR BAY SECURITIES, LLC

## Supplemental Schedule Computation of Net Capital Pursuant to Rule 15c3-1

December 31, 2005

Total members' equity	\$7,656
Less non-allowable assets	<u>      -</u>
Net capital before charges on security positions	7,656
Less charges on security positions	<u>  (157)</u>
Net capital	<u>\$7,499</u>
Total aggregate indebtedness	<u>\$  186</u>
Ratio of aggregate indebtedness to net capital	<u>  0.02</u>
Minimum net capital required	<u>\$ 5,000</u>

*Note: There are no differences between the net capital reported above and the net capital reported on Form FOCUS X-17A-5 Part IIA at December 31, 2005.*

**INDEPENDENT AUDITOR'S REPORT**  
**ON INTERNAL CONTROL STRUCTURE**

Board of Directors  
Anchor Bay Securities, LLC:

In planning and performing our audit of the financial statements of Anchor Bay Securities, LLC (the "Company") for the year ended December 31, 2005, we considered its internal control structure, including procedures for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission, we have made a study of the practices and procedures (including tests of compliance with such practices and procedures) followed by the Company that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and in complying with the conditions of exemption from Rule 15c3-3. We did not review the practices and procedures followed by the Company in making the quarterly securities examinations, counts, verifications, and comparisons, and the recordation of differences required by Rule 17a-13 or in complying with the requirements for prompt payment of securities under section 8 of Regulation T of the Board of Governors of the Federal Reserve System, because the Company does not carry security accounts for customers or perform custodial functions relating to customer securities.

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the Commission's above-mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control structure or the practices and procedures referred to above, errors or irregularities may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the internal control structure, including procedures for safeguarding securities, that we consider to be a material weakness as defined above.

We understand that the practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2005, to meet the Commission's objectives. In addition, the Company was in compliance with the exemptive provisions of Rule 15c3-3 at December 31, 2005, and, further, no facts came to our attention indicating that the Company was not in compliance with such conditions during the year ended December 31, 2005.

This report is intended solely for the use of management and the Securities and Exchange Commission and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 and should not be used for any other purpose.
