INDEPENDENT AUDITOR'S REPORT

Board of Directors  
Energy Securities, Inc.  
East Dundee, Illinois

We have audited the accompanying statement of financial condition of ENERGY SECURITIES, INC. as of November 30, 2005, and the related statements of income, changes in stockholders' equity, and cash flows for the year then ended that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Energy Securities, Inc. as of November 30, 2005, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedule I is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Cash, end of year	<u>\$ 56,897</u>

The accompanying notes are an integral part of these financial statements.

ENERGY SECURITIES, INC.  
NOTES TO FINANCIAL STATEMENTS

1. Organization and Nature of Operations

Energy Securities, Inc. (the Company) is a broker dealer registered with the Securities and Exchange Commission (SEC) and is a member of the National Association of Securities Dealers, Inc. (NASD).

The Company provides brokerage and marketing services for limited partnerships in the oil and gas industry. These services are provided for corporations with identical ownership as the Company. Operations are located in Illinois and Kentucky.

2. Summary of Significant Accounting Policies

Basis of Accounting – The financial statements of the Company have been prepared on the accrual basis of accounting. The significant accounting policies followed are described below to enhance the usefulness of the financial statements to the user.

Accounting Estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Revenue Recognition – The Company recognizes commission income, as determined in sales agreements for each partnership, upon release of subscribed amounts from escrow.

Accounts Receivable – Receivables are valued at management's estimate of the amount that will ultimately be collected. No allowance for doubtful accounts has been provided as it is management's opinion that losses, if incurred, would not materially affect the financial statements.

Net Capital Requirements – The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC Rule 15c3-1) which requires maintenance of minimum net capital of no less than the greater of \$5,000 or 6 2/3% of aggregate indebtedness. Based upon this capital requirement, the Company is required to operate pursuant to the SEC's Customer Protection Rule and is not permitted to hold customer funds.

Basic Earnings Per Share – Basic earnings per share of common stock were computed by dividing income available to common stockholders by the weighted average number of common shares outstanding for the year. Diluted earnings per share are not presented because the Company has issued no dilutive potential common shares.

Concentration of Risk – The Company routinely maintains balances at a financial institution in excess of the \$100,000 insured by the Federal Deposit Insurance Corporation.

ENERGY SECURITIES, INC.  
NOTES TO FINANCIAL STATEMENTS

3. Related Parties

Entities owned by stockholders of the Company receive periodic payments in connection with their marketing efforts for the limited partnerships and administrative services provided to the Company. There were no professional fees earned by these entities for the year ended November 30, 2005. Included in office services is \$188,747, which is net of \$54,875 in waived expenses, for shared office and administrative expenses to a related party for the year ended November 30, 2005. The majority of all commission revenues earned by the Company are earned from related entities.

The Company had accounts payable of \$73,322 to a related party at November 30, 2005.

4. Deferred Taxes

Temporary differences giving rise to the deferred tax asset consisted of organization costs expensed for financial reporting purposes, but capitalized and amortized for tax purposes. These temporary differences terminated in 2005.

**SUPPLEMENTARY INFORMATION**

ENERGY SECURITIES, INC.  
COMPUTATION OF NET CAPITAL UNDER RULE 15c3-1  
OF THE SECURITIES AND EXCHANGE COMMISSION  
 As of November 30, 2005

Aggregate indebtedness:	
Total liabilities from statement of financial condition/aggregate indebtedness	<u>\$ 98,044</u>
Percentage of aggregate indebtedness to net capital	<u>161.45%</u>

See independent auditor's report.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL  
REQUIRED BY SEC RULE 17a-5

Board of Directors  
Energy Securities, Inc.  
East Dundee, Illinois

In planning and performing our audit of the financial statements of Energy Securities, Inc. (Company) for the year ended November 30, 2005, we considered its internal control in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company, including tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g), in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons.
2. Recordation of differences required by Rule 17a-13.
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls, and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. The objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate. Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. The Company was not in compliance with net capital requirements for the period January 3, 2005 to April 14, 2005 and proper notification of noncompliance was made to the SEC. Matters were rectified on April 14, 2005 to ensure compliance with net capital requirement going forward. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at November 30, 2005 to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, NASD, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
