INDEPENDENT AUDITORS' REPORT

The Board of Directors
Averil Capital Markets Group, Inc.
Los Angeles, California

We have audited the accompanying statement of financial condition of Averil Capital Markets Group, Inc. as of December 31, 2005, and the related statements of income (loss), changes in stockholder's equity, and cash flows for the year then ended that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Averil Capital Markets Group, Inc. as of December 31, 2005, and the results of its operations and its cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained on Pages 9 thru 12 is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 of the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

AVERIL CAPITAL MARKETS GROUP, INC.
NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2005

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Business

The Company is a registered broker-dealer incorporated under the laws of the State of California maintaining its only office in Los Angeles, California, and is subject to a minimum net capital requirement of \$5,000 under SEC Rule 15c3-1. The Company operates pursuant to the (k)(2)(i) exemptive provision of SEC Rule 15c3-3 and does not hold customer funds or securities. The Company's revenue has consisted of consulting fees and transaction fees earned in connection with its advisory activities.

Averil Capital Markets Group, Inc. is a boutique corporate advisory practice offering specialized financial advisory services to a broad roster of clients ranging from small, emerging growth to middle market companies. In particular, the Company specializes in mergers and acquisitions and capital-raising transactions. Under the primary direction of Ms. Maranon, the Company offers advisory services across various transactional situations including acquisitions, divestitures, private placements and recapitalizations. The Company also provides specialized consulting services in connection with transactional events requiring substantial specialized advice such as launching an initial public offering, formulating a capitalization strategy for a new company, or developing an international mergers and acquisitions program.

Method of Accounting

The Company maintains its books and records on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Property and Equipment

Property and equipment are stated at cost. Depreciation of property and equipment is provided over their estimated useful lives which ranges from five to fifteen years using the straight-line method.

Cash Equivalents

For purposes of the statement of cash flows, the Company considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

(1) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

SIPC

The SIPC assessments have been determined fairly in accordance with applicable instructions and were remitted timely.

Income Taxes

Income tax expense includes federal and state taxes currently payable and deferred income taxes. Deferred taxes result from timing differences between reporting for financial statements purposes and tax purposes primarily consisting of accelerated depreciation for tax and straight-line for books and the use of accrual method for book and cash basis for tax return purposes as well as the tax benefit of net operating loss carryforwards.

(2) COMMITMENTS

The Company has entered into a lease agreement for its office facilities which expires in January 2008. Minimum future rental payments under this non-cancellable lease for each year of the next five years and thereafter are as follows:

<u>Year Ended December 31,</u>	<u>Amount</u>
2006	\$ 117,371
2007	120,896
2008	<u>10,099</u>
Total	\$ <u>248,366</u>

The Company also has entered into an operating lease related to certain office equipment. The lease expires in April 2007. Minimum future rental payments under this non-cancellable operating lease for each of the years through the expiration of the lease are as follows:

<u>Year Ended December 31,</u>	<u>Amount</u>
2006	\$ 27,792
2007	<u>9,264</u>
Total	\$ <u>37,056</u>

(3) PROVISION FOR INCOME TAXES

The provision for income taxes consists of the following components:

	<u>Current</u>	<u>Deferred</u>	<u>Total</u>
Federal	\$ -	\$ (180,000)	\$(180,000)
California	800	(52,000)	(51,200)
Total	\$ 800	\$ (232,000)	\$(231,200)

Deferred taxes are accounted for under Financial Accounting Standard No. 109 (FAS 109) which uses an asset and liability approach in recognizing timing differences. This approach requires the recognition of deferred tax assets and liabilities for the expected future tax consequences of such differences. Deferred taxes result primarily from the use of accelerated depreciation for tax purposes and straight-line for financial reporting purposes and the use of the accrual method for financial reporting whereas the cash method is used for tax purposes as well as the tax benefits of net operating loss carryforwards.

The Company has available at December 31, 2005, approximately \$550,000 of loss carryforwards that may be applied against future taxable income through 2025.

(4) BAD DEBT EXPENSE

Early in 2005, the Company participated in a transaction which generated fee revenue of \$1,513,065. The Company recorded the revenue and corresponding accounts receivable. Subsequent to the finalization of this transaction, the ability of the customer to remit the funds due became increasing questionable resulting in the eventual write-off of the receivable which has been recorded as "Bad Debt Expense" in the accompanying Statement of Income (Loss).

(5) NET CAPITAL

The Company is subject to a \$5,000 minimum capital requirement under SEC Rule 15c3-1, which requires that the ratio of aggregate indebtedness to net capital shall not exceed 15 to 1. Net capital and the related net capital ratio fluctuate on a daily basis; however, as of December 31, 2005, the net capital was \$44,300 which exceeded the required minimum capital by \$39,300. The aggregate indebtedness to net capital ratio was not applicable because there was no aggregate indebtedness at that date.

RECONCILIATION OF NET CAPITAL

DECEMBER 31, 2005

Net capital as reported in unaudited Focus Report Part IIA		\$ 17,184
Adjustments related to:		
Reduction in deferred taxes payable	\$ 23,000	
Reduction in income taxes payable	4,520	
Adjust other payables	<u>(404)</u>	
Total adjustments		<u>27,116</u>
Net capital as reported in audited financial statements		\$ <u>44,300</u>

The computation of net capital as reported in the unaudited Part IIA filing differs from the audited net capital for the reasons noted above. The differences, while material, resulted in an increase in net capital and the Company is in compliance with its net capital requirements.

REPORT ON INTERNAL CONTROL STRUCTURE

The Board of Directors
Averil Capital Markets Group, Inc.
Los Angeles, California

In planning and performing our audit of the financial statements of Averil Capital Markets Group, Inc. for the year ended December 31, 2005, we have considered its internal control structure in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures by the Company, including tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons
2. Recordation of differences required by Rule 17a-13
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

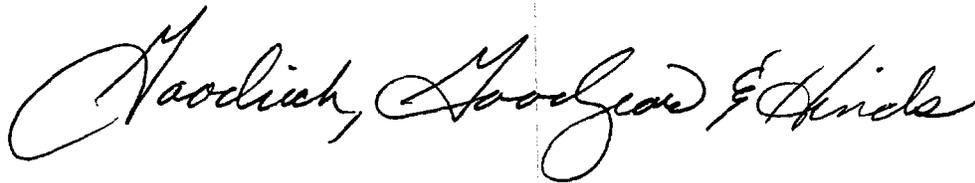

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in accordance with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control structure or the practices and procedures referred to above, errors or irregularities may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the internal control structure, including procedures for safeguarding securities, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives, in all material respects, indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2005, to meet the SEC's objectives.

This report is intended solely for the use of the Board of Directors, management, the Securities and Exchange Commission, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934, and should not be used for any other purpose.
