BANKERSBANC CAPITAL CORPORATION
(a wholly owned subsidiary of Community Financial Services, Inc.)

Financial Statements
and Supplemental Schedule

December 31, 2005 and 2004

(with Independent Accountants' Report thereon)

Porter Keadle Moore, LLP

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

To the Stockholder
BankersBanc Capital Corporation:

We have audited the accompanying balance sheets of BankersBanc Capital Corporation (a wholly owned subsidiary of Community Financial Services, Inc.) as of December 31, 2005 and 2004, and the related statements of earnings, stockholder's equity, comprehensive income, and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of BankersBanc Capital Corporation as of December 31, 2005 and 2004, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in the Supplemental Schedule is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 of the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly presented in all material respects in relation to the basic financial statements taken as a whole.

BANKERSBANC CAPITAL CORPORATION
(a wholly owned subsidiary of Community Financial Services, Inc.)

Notes to Financial Statements

(1) **Description of Business and Summary of Significant Accounting Policies**

Business

BankersBanc Capital Corporation (the "Company") was incorporated under the laws of the State of Georgia on October 1, 2001 and capitalized on October 31, 2001. The Company is registered as a nonclearing broker/dealer under the Securities Exchange Act of 1934 and is a member of the National Association of Securities Dealers. The Company operates principally as an investment banker.

Relationship with Affiliate

The Company's operations are integrally dependent on the operations of Community Financial Services, Inc., the Company's parent, and The Bankers Bank, an affiliate by common ownership. Substantially all income of the Company results directly from these affiliates' activities.

Basis of Presentation

The accounting and reporting policies of the Company conform to accounting principles generally accepted in the United States of America ("GAAP") and to general practices within the broker/dealer industry. The preparation of financial statements in conformity with GAAP requires the Company's management to make estimates and assumptions that affect the amounts reported in the financial statements. Actual results could differ from these estimates.

Furniture and Equipment

Furniture and equipment are reported at cost less accumulated depreciation. Depreciation is computed primarily by the straight-line method over the estimated useful lives of the assets (three to seven years).

Revenue Recognition

Investment banking fees and related commission expense are recorded at closing of the securities offerings for which the Company is serving as investment banker.

Advisory fees are recorded as set forth in the engagement letter and upon the execution of a definitive agreement relating to a sale or acquisition transaction and the completion of certain activities as described in the engagement letter.

Income Taxes

Deferred tax assets and liabilities are recorded for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which the assets and liabilities are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income tax expense in the period in which the enactment date is included.

In the event the future tax consequences of differences between the financial reporting bases and the tax bases of the Company's assets and liabilities results in deferred tax assets, the Company evaluates the probability of being able to realize the future benefits indicated by such assets. A valuation allowance is provided for a portion of the deferred tax asset when it is more likely than not that some portion or all of the deferred tax asset will not be realized.

BANKERSBANC CAPITAL CORPORATION
(a wholly owned subsidiary of Community Financial Services, Inc.)

Notes to Financial Statements, continued

(2) Employee Benefit Plan

Subject to certain service requirements, substantially all employees of the Company are covered by a 401(k) defined contribution plan that is sponsored by The Bankers Bank. In accordance with the description the company matches 100 percent the first five percent of employee contributions for 2005. The company match for 2004 was 100 percent on the first three percent of employee contributions. Company contributions to the plan for the years ended December 31, 2005 and 2004 totaled approximately \$12,824 and \$5,700, respectively.

(3) Income Taxes

The components of income tax expense for the years ended December 31, 2005 and 2004 are as follows:

	<u>2005</u>	<u>2004</u>
Current	\$ 57,571	41,682
Deferred	<u>(180)</u>	<u>(1,760)</u>
Income tax expense	<u>\$ 57,391</u>	<u>43,442</u>

The Company's income tax expense does not differ significantly from the amounts computed by applying the combined federal and state income tax rates to earnings before income taxes.

The following summarizes the components of the net deferred tax asset, which is included in other assets:

	<u>2005</u>	<u>2004</u>
Deferred tax asset relating solely to deferred start-up costs	\$ 2,092	4,785
Deferred tax asset relating solely to unrealized losses on securities available for sale	2,188	-
Deferred tax liability relating solely to furniture and equipment	<u>(1,166)</u>	<u>(3,679)</u>
Net deferred tax asset	<u>\$ 3,114</u>	<u>1,106</u>

The Company is included in the consolidated income tax returns of its parent company. Pursuant to a Tax Allocation Agreement with its parent company, the Company computes the income tax effect of its operations on a stand alone basis (except that the income taxes are computed at the blended income tax rates that are expected to apply to the consolidated group), and remits to the parent company the amount, if any, of income taxes that would be currently payable as a result of its operations.

BANKERSBANC CAPITAL CORPORATION
(a wholly owned subsidiary of Community Financial Services, Inc.)

Notes to Financial Statements, continued

(4) Related Parties

The Company has a Support and Services Agreement with The Bankers Bank whereby certain of The Bankers Bank's employees provide certain human resources, accounting, internal audit and compliance services to the Company in exchange for a monthly service fee of \$3,200 and also provide systems development and information technology support services, as needed, for a fee based on the hourly rate of the employees performing such services. Total fees paid to The Bankers Bank for these services in 2005 and 2004 were approximately \$38,400 each year.

The Company also subleases from The Bankers Bank certain office space pursuant to an operating sublease agreement that expires April 30, 2006. During 2005 and 2004, the Company incurred approximately \$16,000 and \$18,000, respectively, in rent expense on this lease.

(5) Net Capital Requirements

The Company, as a registered broker/dealer in securities, is subject to the Securities and Exchange Commission Uniform Net Capital Rule ("Rule 15c3-1") which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2005, the Company had net capital, as defined, of \$1,063,423, which was \$1,038,771 in excess of its required net capital of \$24,652. The Company's ratio of aggregate indebtedness to net capital was .35 to 1.

The Company qualifies for exemption from the Customer Protection Rule (Rule 15c3-3 paragraph (k)(2)).

**SUPPLEMENTAL
SCHEDULE**

BANKERSBANC CAPITAL CORPORATION
(a wholly owned subsidiary of Community Financial Services, Inc.)

Computation of aggregate indebtedness:

Aggregate indebtedness	\$ <u>369,791</u>
Ratio of aggregate indebtedness to net capital	<u>.35 to 1</u>

Porter Keadle Moore, LLP

Independent Accountants' Report on Internal Control Procedures

To the Board of Directors and Shareholder
BankersBanc Capital Corporation:

In planning and performing our audit of the financial statements and supplemental schedule of BankersBanc Capital Corporation (the "Company"), for the year ended December 31, 2005, we considered its internal control structure, including procedures for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by Rule 17a-5(g)(1) of the Securities Exchange Act of 1934, we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications and comparisons.
2. Recordation of differences required by Rule 17a-13.
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the Securities and Exchange Commission's ("SEC") above-mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control structure or the practices and procedures referred to above, errors or irregularities may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Certified Public Accountants

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the internal control structure, including procedures for safeguarding securities that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe the Company's practices and procedures were adequate at December 31, 2005, to meet the SEC's objectives.

This report is intended solely for the use of the Board of Directors, management, the SEC and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
