INDEPENDENT AUDITOR'S REPORT

Board of Directors
Dillon-Gage Securities Incorporated

We have audited the accompanying statement of financial condition of Dillon-Gage Securities Incorporated as of December 31, 2005, and the related statements of income, changes in stockholders' deficit, changes in liabilities subordinated to the claims of general creditors and cash flows for the year then ended that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Dillon-Gage Securities Incorporated as of December 31, 2005, and the results of its operations and its cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedule I is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

DILLON-GAGE SECURITIES INCORPORATED
Notes to Financial Statements

Note 1 - Nature of Business and Summary of Significant Accounting Policies

Nature of Business:

Dillon-Gage Securities Incorporated, dba Dillon-Gage Securities, Inc., (the Company) was organized in November 1981 as a Texas corporation and is a subsidiary of D-G Holding, Inc. (Parent). The Company's is a broker/dealer in securities registered with the Securities and Exchange Commission (SEC). The Company is a member of the National Association of Securities Dealers, Inc. (NASD). The Company's primary source of revenue is from insurance commissions from the sale of fixed annuity products. The Company's customers are individuals with medium to high net worth, located primarily in the state of Texas.

Significant Accounting Policies:

Basis of Accounting

The Company operates under the provisions of Paragraph (k)(2)(ii) of Rule 15c3-3 of the SEC and, accordingly, is exempt from the remaining provisions of that Rule. Essentially, the requirements of Paragraph (k)(2)(ii) provide that the Company clear all transactions on behalf of customers on a fully disclosed basis with a clearing broker/dealer, and promptly transmit all customer funds and securities to the clearing broker/dealer. The clearing broker/dealer carries all of the accounts of the customers and maintains and preserves all related books and records as are customarily kept by a clearing broker/dealer.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of the assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Marketable Securities

Marketable securities are held for investment purposes and are carried at fair value. The increase or decrease in fair value is credited or charged to operations.

Insurance Commissions

Insurance commissions are recorded when the policies are funded by the customer.

Securities Transactions

Securities transactions and the related commission revenue and expenses are recorded on a trade date basis.

DILLON-GAGE SECURITIES INCORPORATED
Notes to Financial Statements

Note 2 - Transactions with Clearing Broker/Dealer

The agreement with the clearing broker/dealer provides for clearing charges at a fixed rate multiplied by the number of tickets traded by the Company. The agreement also requires the Company to maintain a minimum of \$6,000 as a deposit in an account with the clearing broker/dealer.

Note 3 - Net Capital Requirements

The Company is subject to the SEC uniform net capital rule (Rule 15c3-1), which requires the maintenance of a minimum amount of net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Rule 15c3-1 also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. At December 31, 2005, the Company had net capital and net capital requirements of \$68,839 and \$5,000, respectively. The Company's net capital ratio was .63 to 1.

Note 4 - Marketable Securities

The Company's marketable securities have a fair value of \$10,554, cost of \$3,300 and accumulated unrealized gains of \$7,254. The unrealized gain for the year ended December 31, 2005 totaled \$7,254.

Note 5 - Income Taxes

The Company is included in the consolidated income tax return of its Parent. Income taxes are recorded using the separate company method to comply with FASB Statement 109. Any resulting provision or benefit for income taxes realized is recorded as receivable from or payable to the Parent. There were no amounts due to or from the Parent for income taxes at December 31, 2005, as the consolidated group has cumulative net operating losses.

The Company's current year income was fully offset by prior years net operating loss carryforwards, therefore there is no provision for income taxes. At December 31, 2005, the Parent has a net operating loss carryforward resulting from the operations of the Company of approximately \$149,000, which begins expiring in 2017. The net operating loss carry forward is a tax attribute of the Parent due to the filing of a consolidated income tax return. This net operating loss may not be available for use by the Company in future years if it were not a part of the consolidated income tax return. The net operating loss carryforward, net of cumulative unrealized gain on marketable securities of \$7,254, on a separate company tax basis, creates a deferred tax asset of approximately \$21,000, which is fully reserved with a valuation allowance, therefore, there is no deferred tax asset recognized in the accompanying statement of financial condition.

DILLON-GAGE SECURITIES INCORPORATED
Notes to Financial Statements

Note 6 - Subordinated Notes Payable

The Company has three subordinated notes payable due to DGI, a minority shareholder and related party, consisting of the following:

Subordinated unsecured note payable with principal due at maturity on December 31, 2008. The note accrues interest at 8% per annum payable monthly.	\$ 75,000
---	-----------

Subordinated unsecured note payable with principal due at maturity on July 1, 2009. The note accrues interest at 8% per annum payable monthly.	35,000
--	--------

Subordinated unsecured note payable with principal due at maturity on June 30, 2011. The note accrues interest at 8.5% per annum payable monthly.	<u>30,000</u>
---	---------------

\$ 140,000

Maturities of the subordinated notes payable for each of the years ending December 31 are as follows; however each note may be restricted as to repayment subject to regulatory approval:

2008	\$ 75,000
2009	35,000
2011	<u>30,000</u>

\$ 140,000

Interest expense incurred during the year on these related party subordinated notes payable totaled \$11,906.

DILLON-GAGE SECURITIES INCORPORATED
Notes to Financial Statements

Note 7 - Related Party Transactions

The Company and two other subsidiaries of the Parent, Dillon-Gage Incorporated of Dallas (DGD) and Dillon-Gage Incorporated (DGI), are under common control and the existence of that control creates a financial position and operating results significantly different than if the companies were autonomous.

The Company reimburses DGD for expenses incurred on behalf of the Company. Amounts reimbursed to DGD for the year ended December 31, 2005 totaled approximately \$457,000, or approximately 54% of the Company's total expenses.

The Company paid management fees totaling \$66,800 to DGD for the year ended December 31, 2005.

The Company leases office facilities from DGD on a month-to-month basis. Rent paid to DGD for the year ended December 31, 2005 totaled \$18,000, which is included in occupancy and equipment cost in the accompanying statement of income.

The Company has three subordinated notes payable due to DGI totaling \$140,000 (See Note 6).

Note 8 - Off-Balance-Sheet Risk

Off-balance-sheet risk exists with respect to insurance commissions earned by the Company due to the possibility that customers may cancel policies issued within certain predetermined time limits wherein all or a portion of the commissions earned by the Company would be refundable.

As discussed in Note 1, the Company's customers' securities transactions are introduced on a fully disclosed basis with its clearing broker/dealer. The clearing broker/dealer carries all of the accounts of the customers of the Company and is responsible for execution, collection and payment of funds, and receipt and delivery of securities relative to customer transactions. Off-balance-sheet risk exists with respect to these transactions due to the possibility that customers may be unable to fulfill their contractual commitments wherein the clearing broker/dealer may charge any losses it incurs to the Company. The Company seeks to minimize this risk through procedures designed to monitor the credit worthiness of its customers and that customer transactions are executed properly by the clearing broker/dealer.

Note 9 - Concentration of Revenue

One of the Company's registered representatives generated approximately 75% of the Company's revenue for the year ended December 31, 2005.

Schedule I

DILLON-GAGE SECURITIES INCORPORATED

Computation of Net Capital and Aggregate

Indebtedness Pursuant to Rule 15c3-1

December 31, 2005

Total stockholder's deficit qualified for net capital	\$ (68,478)
Add:	
Liabilities subordinated to claims of general creditors allowable in computation of net capital	<u>140,000</u>
Total capital and allowable subordinated liabilities	<u>71,522</u>
Deductions and/or charges	
Non-allowable assets:	
Advances to employees	1,000
Prepaid expenses	<u>100</u>
Total deductions and/or charges	<u>1,100</u>
Net capital before haircuts on securities positions	70,422
Haircuts on securities:	
Marketable securities	<u>1,583</u>
Net Capital	<u>\$ 68,839</u>
Aggregate indebtedness	
Commissions payable	<u>\$ 43,581</u>
Computation of basic net capital requirement	
Minimum net capital required (greater of \$5,000 or 6 2/3% of aggregate indebtedness)	<u>\$ 5,000</u>
Net capital in excess of minimum requirement	<u>\$ 63,839</u>
Ratio of aggregate indebtedness to net capital	<u>.63 to 1</u>

Note: The above computation does not differ from the computation of net capital under Rule 15c3-1 as of December 31, 2005 as filed by Dillon-Gage Securities, Incorporated on Form X-17A-5. Accordingly, no reconciliation is deemed necessary.

**INDEPENDENT AUDITOR'S REPORT
ON INTERNAL CONTROL**

Board of Directors
Dillon-Gage Securities Incorporated

In planning and performing our audit of the financial statements and supplemental schedule of Dillon-Gage Securities Incorporated (the Company) for the year ended December 31, 2005, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal control.

Also as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications and comparisons
2. Recordation of differences required by rule 17a-13
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in accordance with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2005 to meet the SEC's objectives.

This report is intended solely for use of the Board of Directors, management, the SEC, the National Association of Securities Dealers, Inc. and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

A handwritten signature in dark ink, appearing to read "Phillip V. George, PLLC". The signature is fluid and cursive, with the initials "PVC" clearly visible at the end.

PHILLIP V. GEORGE, PLLC
