**INDEPENDENT AUDITORS' REPORT**

**BOARD OF DIRECTORS  
GURUN, INC.  
DALLAS, TEXAS**

We have audited the accompanying statement of financial condition of **GURUN, INC.** as of December 31, 2005, and the related statements of income, changes in stockholders' equity, changes in liabilities subordinated to claims of general creditors and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of **GURUN, INC.** as of December 31, 2005, and the results of their operations and their cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

## NOTES TO FINANCIAL STATEMENTS

YEAR ENDED DECEMBER 31, 2005

### **A. COMPANY:**

**GURUN, INC.**, was incorporated in Texas in January 1991 and began operations in January 1995. The Company is a member of the National Association of Securities Dealers, Inc. and operates as a broker-dealer in securities. All customers' securities, funds and accounts are processed and carried by a correspondent broker-dealer.

### **B. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:**

1. **Customers' Securities and Commodities** - Transactions are recorded on a settlement date basis with related commission income and expenses recorded on a trade date basis. Securities and commodities transactions of the Company are recorded on a trade date basis.
2. **Cash** - The Company considers all short-term investments with an original maturity of three months or less to be cash equivalents.
3. **Use of Estimates** - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from these estimates.

### **C. FAIR VALUES OF FINANCIAL INSTRUMENTS:**

The carrying amounts of assets and liabilities in the balance sheet approximate fair value.

### **D. LEASING ARRANGEMENTS:**

For the year ended December 31, 2005, rental payments on an operating lease for an office facility totaled \$8,412. At December 31, 2005, minimum annual rental commitments on the lease were \$8,412 through July 31, 2006.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL**

**STRUCTURE REQUIRED BY SEC RULE 17a-5**

**BOARD OF DIRECTORS**  
**GURUN, INC.**  
**DALLAS, TEXAS**

In planning and performing our audit of the financial statements of **GURUN, INC.**, for the year ended December 31, 2005, we considered its internal control, including control procedures for safe-guarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control.

We also made a study of the practices and procedures followed by the Company in making the periodic computations of aggregate indebtedness and net capital under rule 17a-3(a)(11) and the procedures for determining compliance with the exemptive provisions of rule 15c3-3. We did not review the practices and procedures followed by the Company in making the quarterly securities examinations, counts, verifications and comparisons, and the recordation of differences required by rule 17a-13 or in complying with the requirements for prompt payment for securities under section 8 of Regulation T of the Board of Governors of the Federal Reserve System, because the Company does not carry security accounts for customers or perform custodial functions relating to customer securities.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the Commission's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL  
STRUCTURE REQUIRED BY SEC RULE 17a-5**

Because of inherent limitations in internal control or the practices and procedures referred to above, errors or irregularities may occur and not be detected. Also, projection of any evaluation of internal control to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of the internal control would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that errors or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for their purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2005, to meet the Commission's objectives.

This report is intended solely for the use of management, the Securities and Exchange Commission, the National Association of Securities Dealers, Inc., the New York Stock Exchange and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 and should not be used for any other purpose.
