The Company engages primarily in brokerage services with respect to Turkish securities and is a wholly owned subsidiary of Global Menkul Degerler A.S. (the "Parent").

All domestic securities transactions are cleared through a clearing broker on a fully-disclosed basis and, accordingly, the Company does not carry securities accounts for these customers or perform custodian functions relating to the securities.

The Company acts as agent for institutional customers in the purchase and sale of foreign securities. The Company executes and clears all of these foreign trades through the Parent. These trades are settled on a delivery versus payment basis. The Company maintains a k(2)(i) account for customer payments received in advance. The Company's commissions on foreign securities transactions are collected by the Parent and remitted periodically.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

Purchases and Sales of securities and related revenues and expenses are recorded on a trade date basis.

Furniture, equipment and leasehold improvements are recorded at cost (net of accumulated depreciation and amortization). Furniture and equipment are depreciated over their estimated useful lives of five to seven years using the straight-line method. Leasehold improvements are amortized over the life of the lease using the straight-line method.

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that effect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those amounts.
