## INDEPENDENT AUDITOR'S REPORT

To the Members of  
OTA Limited Liability Company

We have audited the accompanying statement of financial condition of OTA Limited Liability Company (the "Company") as of December 31, 2005. This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement of financial condition. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall statement of financial condition presentation. We believe that our audit of the statement of financial condition provides a reasonable basis for our opinion.

In our opinion, the statement of financial condition referred to above presents fairly, in all material respects, the financial position of OTA Limited Liability Company as of December 31, 2005 in conformity with accounting principles generally accepted in the United States of America.

## NOTES TO STATEMENT OF FINANCIAL CONDITION December 31, 2005

- 1. ORGANIZATION:** OTA Limited Liability Company (the "Company"), a Delaware limited liability company, is a registered broker and dealer in securities under the Securities Exchange Act of 1934, and trades for its own account as a dealer on the principal United States securities exchanges. The Company also conducts customer agency business, primarily for institutional clients, whose transactions are cleared on a fully disclosed basis with a clearing broker.
- Until September 15, 2004, the Company was the sole member of Options Trading Associates LLC (the "Subsidiary"). On September 15, 2004, the Company distributed its membership interest in the Subsidiary to OTA Financial Group LP.
- The Company is a nonclearing broker-dealer and is exempt from the provisions of rule 15c3-3 as all customer accounts, as defined, are carried by the clearing broker and cleared on a fully disclosed basis.
- 2. SIGNIFICANT ACCOUNTING POLICIES:** The Company records transactions in securities and options and the related revenue, including commissions, and expenses on a trade-date basis.
- Securities and options owned or securities and options sold, not yet purchased, by the Company are valued at their prevailing market prices. All resulting unrealized gains and losses are reflected in Members' equity.
- In the course of its normal trading activities, the Company is a party to financial instruments which involve, to indeterminable degrees, market risk in excess of that presented in the statement of financial condition. These instruments include puts and calls written on stock, and obligations arising from securities sold, not yet purchased (see Note 7).
- The clearing and depository operations for the Company's securities and options transactions are provided primarily by one broker. At December 31, 2005, substantially all of the securities and options owned and the receivable from brokers reflected in the statement of financial condition are securities and options positions with and amounts due from this clearing broker. For financial reporting purposes, amounts due to broker have been offset against amounts due from broker for securities sold, not yet purchased, and other items. The securities serve as collateral for the amount due to the broker. Subject to the clearing agreement between the Company and the clearing broker, the clearing broker has the right to sell or repledge this collateral.
- Additionally, securities owned and securities sold, not yet purchased, are subject to margin requirements.
- The Company has agreed to indemnify its clearing broker for losses that the clearing broker may sustain from the customer accounts introduced by the Company.
- The Company has a one-third interest in a joint account that was formed to act as specialists and odd-lot dealers on the American Stock Exchange. The Company's share of the long and short market value, as well as due to or from broker, has been included in the respective categories in the statement of financial condition.

# OTA LIMITED LIABILITY COMPANY

## NOTES TO STATEMENT OF FINANCIAL CONDITION December 31, 2005

The Company's share of any profit or loss has been included in the Members' equity on the statement of financial condition.

This statement has been prepared in conformity with accounting principles generally accepted in the United States of America which require the use of estimates by management.

The Company maintains cash in bank deposit accounts which, at times, may exceed federally insured limits.

No provision is made in the accompanying statement of financial condition for federal or state income taxes since such liabilities are the responsibility of the individual Members.

Fixed assets are recorded at cost and are depreciated using the straight-line method over the estimated useful lives of the assets.

**3. RELATED PARTY  
TRANSACTIONS:**

Other assets include \$1,703,403 due from affiliated entities, officers and employees of the Company. Subsequent to year-end, \$208,766 of this amount was repaid.

Notes payable represent loans by employees and related entities to the Company. The notes bear interest at the clearing broker's rate and are due on demand. Accordingly, the fair value of the notes payable approximates the carrying amount.

**4. REGULATORY  
REQUIREMENTS:**

As a registered broker-dealer and member of the National Association of Securities Dealers, Inc., the Company is subject to the Uniform Net Capital Rule 15c3-1 of the Securities and Exchange Commission. The Company computes its net capital under the alternative method permitted by the rule, which requires that the minimum net capital be equal to the greater of \$250,000 or 2% of aggregate debit items, as defined. At December 31, 2005, the Company had net capital of \$45,117,996, which exceeded the requirement of \$250,000 by \$44,867,996.

**5. COMMITMENTS:**

The Company occupies office space under several noncancelable leases which expire between 2006 and 2013. The aggregate minimum rental commitments under these leases are as follows:

Year ending December 31,	
2006	\$ 724,942
2007	767,577
2008	781,789
2009	781,789
2010	781,789
Thereafter	2,019,621
	<hr/>
	\$5,857,507

# OTA LIMITED LIABILITY COMPANY

## NOTES TO STATEMENT OF FINANCIAL CONDITION December 31, 2005

---

The leases, in addition to base rentals, provide for rent escalations resulting from increased real estate taxes and other charges which are not reflected in the amounts above.

6. **EMPLOYEE BENEFIT PLANS:** The Company has an employee benefit plan under Section 401(k) of the Internal Revenue Code. Matching contributions made by the Company to the plan are based on a specified percentage of employee contributions. Additionally, the Company has a profit-sharing plan to which it may contribute an amount at its discretion.
7. **DERIVATIVE FINANCIAL INSTRUMENTS:** The Company's activities include the purchase and sale of derivative financial instruments in the form of equity options. These derivatives are used for trading purposes and for managing risks associated with the portfolio of securities. The Company's core trading positions involve risk-defined hedged strategies. Accordingly, management believes that any risk is significantly minimized through its hedging strategies. All positions are reported in the accompanying statement of financial condition at market value and any change in market value is reflected in Members' equity.
8. **SUBSEQUENT EVENTS:** Subsequent to December 31, 2005, Members effected withdrawals of \$20,250,739.

## INDEPENDENT AUDITOR'S SUPPLEMENTARY REPORT ON INTERNAL CONTROL

To the Members of  
OTA Limited Liability Company

In planning and performing our audit of the financial statements and supplemental schedule of OTA Limited Liability Company (the "Company") for the year ended December 31, 2005, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (the "SEC"), we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by rule 17a-13
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System
3. Obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers as required by rule 15c3-3

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

NEXIA INTERNATIONAL IS A WORLDWIDE NETWORK OF INDEPENDENT ACCOUNTING AND CONSULTING FIRMS

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2005 to meet the SEC's objectives.

This report is intended solely for the information and use of the board of directors, management, the SEC, the National Association of Securities Dealers, Inc. and any other regulatory agencies which rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
