The company is eligible for various tax credits with respect to qualifying International Financial Center activities. These credits were accounted for as a reduction of the related costs to which they pertain.

Foreign currency translation

These financial statements have been prepared in U.S. dollars. Revenues and expenses denominated in a foreign currency are translated at the average rates prevailing during the year. Monetary assets and liabilities denominated in a foreign currency are translated at the rates in effect at the balance sheet date. Gains and losses on foreign exchange are included in the statement of earnings.

Management estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Chartered Accountants' Supplementary Report on
Computation of Net Capital**

**To the Board of Directors of
Pictet Overseas Inc.**

In connection with Rule 17a-5(a) of the Securities Exchange Act of 1934, we have performed the following procedure with respect to Form X-17a-5, Part II of the Financial and Operational Combined Uniform Single Report ("Focus Report") of **Pictet Overseas Inc.** (the "company") as at December 31, 2005:

As required under Rule 17a-5(d)(4) of the Securities Exchange Act of 1934, we compared the computation of net capital under Rule 15c 3-1, included as a schedule with the audited financial statements, and the corresponding unaudited most recent Part IIA filing of Form X-17a-5 of the Focus Report dated January 25, 2006 and found them to be materially in agreement.

As a result of applying the above procedure, we did not identify any amounts that were materially different between the Focus Report and the audited financial statements of the company as at December 31, 2005 and the schedule of computation of net capital as at December 31, 2005. However, the above procedure does not constitute an audit and accordingly we do not express an opinion on the Focus Report referred to above as at December 31, 2005.

Our procedures were conducted solely to assist you in complying with Rule 17a-5(d)(4), and our report is not to be used for any other purpose.

Supplementary Report on
Internal Accounting Control
December 31, 2005

February 17, 2006

**Chartered Accountants' Supplementary Report on
Internal Accounting Control**

**To the Board of Directors of
Pictet Overseas Inc.**

As part of our audit of the financial statements of **Pictet Overseas Inc.** as at December 31, 2005 and for the year then ended on which we reported under date of February 17, 2006, we considered the company's system of internal controls to the extent we considered necessary to determine the nature, timing and extent of the auditing procedures necessary for expressing an opinion on the financial statements. Our work was more limited than would be necessary to express an opinion on the company's system of internal controls taken as a whole.

Because of inherent limitations in any system of internal controls, errors or irregularities may nevertheless occur and not be detected by the system. Also, projection of any evaluation of a system to future periods is subject to the risk that controls may become inadequate because of changes in conditions or that the degree of compliance with controls may deteriorate.

As our work was performed for the limited purpose described in the first paragraph above, it would not necessarily identify material weaknesses in the system of internal controls. Accordingly, we do not express an opinion on the company's system of internal controls taken as a whole. However, our work disclosed no condition that we believe to be a material weakness. For the purposes of this report, material weakness is a condition in the system of internal controls which could result in more than a relatively low risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period in the normal course of operations.

This report is solely for the use of the Board of Directors of Pictet Overseas Inc. and the National Association of Securities Dealers, Inc. and is not to be used by any other party.
