INDEPENDENT AUDITORS' REPORT

Board of Directors
J. W. Cole Financial, Inc.

We have audited the accompanying statement of financial condition of J. W. Cole Financial, Inc., as of December 31, 2005, and the related statements of income, changes in stockholder's equity, and cash flows for the year ended December 31, 2005 that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of J. W. Cole Financial, Inc., as of December 31, 2005, and the results of its operations and its cash flows for the year then ended in conformity with generally accepted accounting principles.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedule I is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

CERTIFIED PUBLIC ACCOUNTANTS

Board of Directors
J.W. Cole Financial, Inc.

In planning and performing our audit of the financial statements and supplemental schedule of J.W. Cole Financial, Inc. (the Company), for the year ended December 31, 2005, we considered its internal control structure in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by rule 17a-5(g) (1) of the Securities Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. During our audit, nothing came to our attention which indicated that, as of the examination date, the Company was not complying with the conditions of the exemption. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons
2. Recordation of differences required by rule 17a-13
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgements by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control structure and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has a responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control structure or the practices and procedures referred to above errors or irregularities may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our considerations of the internal control structure would not necessarily disclose all matters in the internal

control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the internal control structure, including procedures for safeguarding securities that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2005, to meet the SEC's objectives.

This report is intended solely for the use of the Board of Directors, management, the SEC, and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and should not be used for any other purpose.

NOTE 1 - ORGANIZATION & HISTORY

J.W. Cole Financial, Inc. (the "Company") was incorporated as a Florida Corporation on October 14, 2002. In September 30, 2003, the Company completed its arrangements; including the acquisition of certain fixed assets and clearing accounts for approximately \$40,500 and \$50,000 respectively in order to operate as a securities broker-dealer, as such is defined by the Securities and Exchange Commission, and is subject to the rules and regulations of the Commission and related supervisory agencies. The Company operates as a securities broker dealer generally in the west central Florida area.

NOTE 2 - SUMMARIES OF SIGNIFICANT ACCOUNTING POLICIES

Fiscal Year - The Company has elected a calendar year ending December 31.

The costs of replacements, renewals, and repairs which neither add materially to the value of the property nor appreciably prolong its life are charged to expense as incurred.

Revenue Recognition - The Company recognizes revenue from due diligence activities when the fees are received and from commissions as well as related expenses on securities transactions on a trade date basis as securities transactions occur.

Statement of Cash Flows - For purposes of the statement of cash flows, the Company considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

Under such election, the Company, generally, is not subject to income taxes, and its profits and losses are passed on to the shareholders of the Company. Accordingly, the Company does not record any liability for income taxes. Under such, the Company is not a tax paying entity and is not subject to income taxes, and its profits and losses are passed on to the shareholders. Actual results could differ from those estimates.

Adoption of Newly Issued Accounting Standards - Periodically the Financial Accounting Standards Board and the American Institute of Certified Public Accountants issue pronouncements that establish accounting and financial statement reporting standards. Adoption of the standards, as applicable, are not expected to have a material impact upon the financial statements of the Company.

NOTE 3 - NET CAPITAL REQUIREMENT

The note bears interest at 12% per annum and requires payment of interest only in the amount of \$205 per month until maturity. The note matures on September 5, 2006.
