### Report Of Independent Registered Public Accounting Firm

To the Board of Directors and Stockholder  
Bankers International Securities, Inc.

We have audited the accompanying statements of financial condition of Bankers International Securities, Inc. as of December 31, 2005 and 2004, and the related statements of operations, changes in stockholder's equity and cash flows for the years then ended that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with generally accepted auditing standards as established by the Auditing Standards Board (United States) and in accordance with the auditing standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Bankers International Securities, Inc. at December 31, 2005 and 2004, and the results of its operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in the schedules on pages 13 through 15 is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in our audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Gregory, Sharer & Stuart, P.A.

# Bankers International Securities, Inc.

Notes To Financial Statements

December 31, 2005 and 2004

## Note A - Operations And Summary Of Significant Accounting Policies

### *Nature Of Business*

Bankers International Securities, Inc. (the Company) is a securities broker-dealer registered with the Securities and Exchange Commission and the National Association of Securities Dealers, Inc., and is a wholly-owned subsidiary of Bankers Financial Corporation (Parent).

The Company will not hold customer funds or safekeep customer securities and its operations are limited to the private placement of securities.

### *Securities Transactions*

Securities transactions and related commission expense are recorded on a trade date basis in accordance with accounting principles generally accepted in the United States of America. Investment securities are valued at fair value, with the resulting net unrealized gains and losses reflected in earnings of the current period.

### *Income Taxes*

The Company files a consolidated income tax return with its Parent and the Parent's subsidiaries. Any tax benefit from the utilization of a net operating loss in the consolidated income tax returns is paid to the Company, utilizing the separate return method of income tax allocation.

The Company computes income taxes in accordance with Financial Accounting Standards Board issued Statement of Financial Accounting Standards (SFAS) No. 109, *Accounting for Income Taxes*. SFAS No. 109 requires the asset and liability method of accounting for income taxes. Under the asset and liability method of SFAS No. 109, deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases.

Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. Under SFAS No. 109, the effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date.

### *Use Of Estimates*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

## Note B - Certificate Of Deposit

The Company holds a certificate of deposit of \$20,000 in 2005 and 2004 with a bank which is a related party of the Company. The stated rate of interest is 3.68% and 2.18% at December 31, 2005 and 2004, respectively, with a maturity date of December 21, 2006.

## Note C - Service Fee

During the years ended December 31, 2005 and 2004, the Company received a fee of \$20,000 each year for brokerage services performed for one customer.

## Note D - Income Taxes

Income tax benefit was \$128 and \$2,470 for the years ended December 31, 2005 and 2004, respectively. Income tax benefit attributable to loss from operations consists of the following for the years ended December 31:

	Current	Deferred	Total
2005			
Federal	\$ 109	\$ -	\$ 109
State	19	-	19
	<u>\$ 128</u>	<u>\$ -</u>	<u>\$ 128</u>
2004			
Federal	\$ 2,109	\$ -	\$ 2,109
State	361	-	361
	<u>\$ 2,470</u>	<u>\$ -</u>	<u>\$ 2,470</u>

**Note E - Net Capital Requirements**

The Company is subject to the Securities and Exchange Commission's Uniform Net Capital Rule 15c3-1, which requires the maintenance of minimum net capital and requires that aggregate indebtedness, as defined by the Rule, shall not exceed 1500% of net capital as defined. In December 2002, the Company received approval from the NASD to reduce its required net capital from \$25,000 to \$5,000. The Company must maintain a minimum net capital equal to or greater than its required net capital.

The net capital amount, the excess net capital, and the percentage of aggregate indebtedness to net capital at December 31, 2005 are as follows:

Net capital	<u>\$ 18,965</u>
Excess net capital	<u>\$ 13,965</u>
Percentage of aggregate indebtedness to net capital	<u>50%</u>

**Supplementary Information**

**Bankers International Securities, Inc.**

**Computation Of Net Capital Under Rule 15c3-1 Of The Securities And Exchange Commission**

**December 31, 2005**

---

Net Capital

### **Report Of Independent Registered Public Accounting Firm On Internal Accounting Control Pursuant To SEC Rule 17a-5**

Board of Directors and Stockholder  
Bankers International Securities, Inc.

In planning and performing our audit of the financial statements and supplemental schedules of Bankers International Securities, Inc. (the Company), for the year ended December 31, 2005, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons
2. Recordation of differences required by Rule 17a-13
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with accounting principles generally accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2005 to meet the SEC's objectives.

This report is intended solely for the use of the Board of Directors, management, the SEC, the NASD, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be used by anyone other than these specified parties.
