Financial Statements

and

Auditor's Report

December 31, 2005

Report of Independent Public Accountant

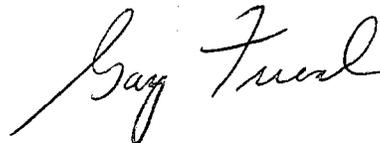

To the Board of Directors and Stockholders of  
Highlander Capital Group, Inc.

I have audited the accompanying statement of financial condition of Highlander Capital Group, Inc. (a New Jersey corporation and 50% subsidiary of ABSCO Ltd. Corp.) as of December 31, 2005 and the related statements of operations, changes in stockholders' equity and cash flows for the year then ended that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements and the schedules referred to below are the responsibility of the Company's management. My responsibility is to express an opinion on these financial statements and schedules based on my audit.

I conducted my audit in accordance with auditing standards generally accepted in the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Highlander Capital Group, Inc. as of December 31, 2005 and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States.

My audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedules I and II is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in my opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

# HIGHLANDER CAPITAL GROUP, INC.

Notes to Financial Statements

December 31, 2005

## 1. Organization and Significant Accounting Principles

### Organization

Highlander Capital Group, Inc, (the "Company"), formerly FIA Capital Group, Inc., is a registered broker-dealer under the Securities Exchange Act of 1934. The Company is 50% owned by ABSCO Ltd. Corp. ("ABSCO"), 37 1/2% owned by its president both directly and through an LLC and 12 1/2% owned by another unrelated individual. The Company is a securities broker-dealer and is a member of the National Association of Securities Dealers, Inc. ("NASD") and the Securities Investor Protection Corporation ("SIPC"). The Company does not carry customer accounts and accordingly is exempt from the Securities and Exchange Commission's Rule 15c-3-3 (the customer protection rule) pursuant to provision K(2)(ii) of such rule.

### Nature of Operations

The Company has offices in Parsippany, New Jersey. The two primary sources of income are proprietary trading on the Company's behalf, and commissions earned from retail trading. Management believes that the Company does not have any concentrations of individual securities or reliance on individual retail customers where a loss in value or business would have a material impact on the financial condition of the Company.

### Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the US, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

### Securities Owned

Securities owned and securities sold but not yet purchased, are stated at market value and are recorded on a trade date basis. Unrealized gains and losses are included in trading income.

### Commissions

Commission revenues and expenses are recorded when earned on a trade date basis.

## HIGHLANDER CAPITAL GROUP, INC.

Notes to Financial Statements - Continued

December 31, 2005

### 1. Organization and Significant Accounting Principles - Continued

#### Depreciation

Depreciation of furniture and equipment is provided based on the estimated 5-7 year useful lives of the assets using the MACRS method.

### 2. Income Taxes

The Company has \$50,000 of federal and \$ 1,377,000 of state net operating losses available to reduce future state income taxes.

The Company accounts for income taxes under Statement of Financial Accounting Standards No. 109, "Accounting for Income Taxes".

### 3. Clearance Agreement

The Company has a clearance agreement (the "Agreement") with the Pershing LLC a Subsidiary of The Bank of New York ("Pershing") dated January 28, 1991. Pershing is a member of various stock exchanges and is subject to the rules and regulations of such organizations as well as those of the Securities and Exchange Commission. Under the terms of the Agreement, Pershing clears the brokerage transactions of the Company's customers on a fully disclosed basis. The Agreement states that the Company will assume customer obligations should a customer of the Company default.

Receivable from the clearing broker includes amounts due on proprietary unsettled cash and margin transactions and commissions earned.

### 4. Net Capital Requirement

The Company is subject to the Securities and Exchange Commission's Uniform Net Capital Rule 15c3-1. This rule requires that net capital, as defined, shall be the greater of \$ 100,000 or 6 2/3% of aggregate indebtedness, as defined. As of December 31, 2005, the Company's ratio of aggregate indebtedness to net capital was 15.31 % and its net capital was \$ 332,130, which is \$ 232,130 in excess of its minimum net capital requirement of \$ 100,000.

## HIGHLANDER CAPITAL GROUP, INC.

Notes to Financial Statements - Continued

December 31, 2005

### 5. Retirement Plan

The Company maintains a qualified 401K employee savings and retirement plan covering all employees aged 21 with one year and 1,000 hours of service. Participants may elect to defer 2-15% of their annual compensation and the company matches 50% of elective deferrals up to 6% of eligible compensation. For the year ended December 31, 2005 the Company's retirement plan expense totaled \$ 18,372.

### 6. Related Party Transactions

The Company reimburses ABSCO for certain operating expenses paid by ABSCO on its behalf. Including rent, approximately \$ 81,555 was paid to ABSCO during 2005.

### 7. Commitments

The Company currently leases office space from ABSCO under a month-to-month lease at \$ 6,700 per month. The Aggregate amount payable by the Company under the operating lease is \$ 80,400 for 2005.

### 8. Off-Balance Sheet Risk and Concentration of Credit Risk

As an introducing broker, the Company enters into various debt and equity transactions. The execution of these transactions may result in off-balance sheet risk or concentration of credit risk. Pursuant to its agreement with Pershing, the Company is liable for amounts uncollected from customers introduced by the Company.

The Company records securities transactions on a trade date basis and also executes, settles and finances certain equity transactions as principal, which exposes it to off-balance sheet risk of loss on unsettled securities transactions in the event counter parties are unable to fulfill contractual obligations.

The Company may also be exposed to a risk of loss not reflected on the accompanying statements of financial condition of securities sold, but not yet purchased, should the value of such securities increase.

Note to Supplementary Schedules

December 31, 2005

There are no material differences between the amounts reported in Schedules I and II and the corresponding amounts reported in the Company's unaudited December 31, 2005 Form X-17a-5 Part IIA amended filing on February 13, 2006.

To the Board of Directors and Stockholders of  
Highlander Capital Group, Inc.

In planning and performing my audit of the financial statements of Highlander Capital Group, Inc. (the "Company") for the year ended December 31, 2005, I considered its internal control, including control activities for safeguarding securities, in order to determine my auditing procedures for the purpose of expressing my opinion on the financial statements and not to provide assurance on internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission, I have made a study of the practices and procedures (including tests of compliance with such practices and procedures) followed by the Company that I considered relevant to the objectives stated in Rule 17a-5(g), in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. I did not review the practices and procedures followed by the Company, (1) in making the quarterly securities examinations, counts, verifications and comparisons, and the recordation of differences required by Rule 17a-13; (2) in complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System; and (3) in obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers as required by Rule 15c3-3, because the Company does not carry security accounts for customers or perform custodial functions relating to customer securities.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

My consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, I noted no matters involving the internal control, including control activities for safeguarding securities that I consider to be material weaknesses as defined above.

I understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on my consideration of the internal control, I believe that the Company's practices and procedures were adequate at December 31, 2005, to meet the Commission's objectives.

This report is intended solely for the use of management, the Securities and Exchange Commission, the National Association of Securities Dealers, Inc. and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and should not be used for any other purpose.

A handwritten signature in cursive script, reading "Gary Friend". The signature is written in dark ink and is positioned to the right of the main body of text.
